I Introduction

The Assessment Data Export Application (ADEA) was created to provide district and school personnel access to enrolled students' assessment scores. The application can return results for individual students in the form of an assessment result transcript. The application can also return results for all students enrolled in a school or district based on the assessment date or based on enrollment from the most recent ISEE submission.

Circumstances or situations which warrant the use of this application may include:

1. Newly arrived student transferring from an Idaho School District or Charter School
2. Data Analysis - how many students took the assessment, number counts by grade level, sort/filter by demographic group like male/female
3. Data file to import into student information system or learning management system
4. Recover data or access to test results no longer available (e.g. IELA)
5. Provide information for all currently enrolled students, regardless of where they originally tested
6. Provide access to all assessment results in a given year in one location

II Access to ADEA

Access to ADEA has been assigned to the following roles in the ISEE Application Admin Tool:

Superintendents
Superintendent Delegate
School Principals

Any new staff assigned to these roles will inherit access to ADEA.

Access has also been assigned to the users with the following roles assigned in the ISEE Application Admin Tool as of July 31, 2016

IDLP School Counselors
AYP Test Coordinators

Any new staff assigned to these roles on or after August 1, 2016 must be manually assigned ADEA access in the ISEE Application Admin Tool.

For information about accessing ADEA, contact your district Technology Coordinator or see the following:
http://www.sde.idaho.gov/tech-services/isee/training/general/Administration-Tool-Application.pdf

III Using ADEA

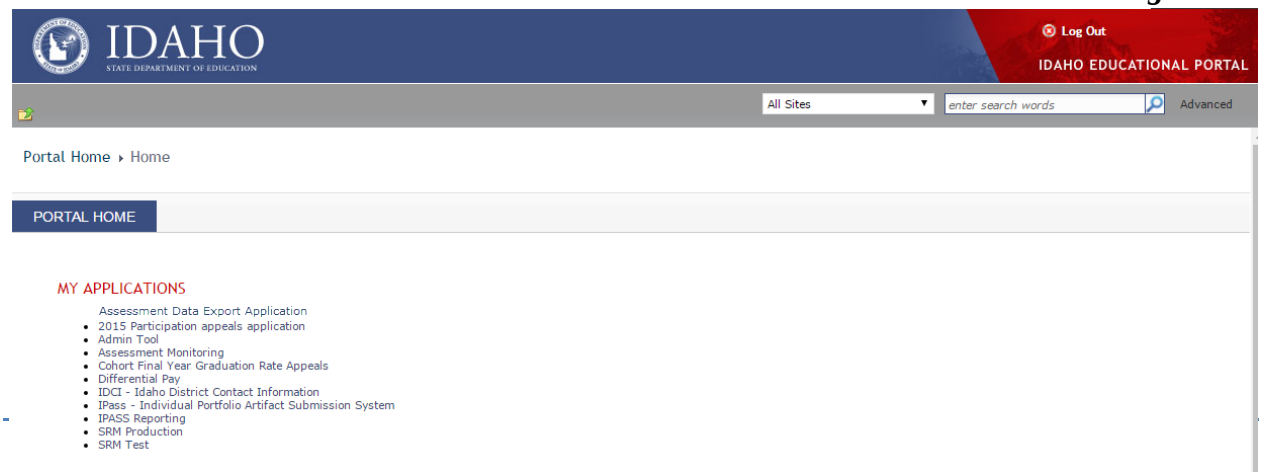
1) Log in to the Assessment Data Export Application

Access Instructions

1. Navigate to the ISEE Portal (https://isee.sde.idaho.gov) and sign in. Contact your district technology coordinator to gain login credentials.

2. Choose "Assessment Data Export Application", under the "My Applications" menu on the ISEE Portal homepage.

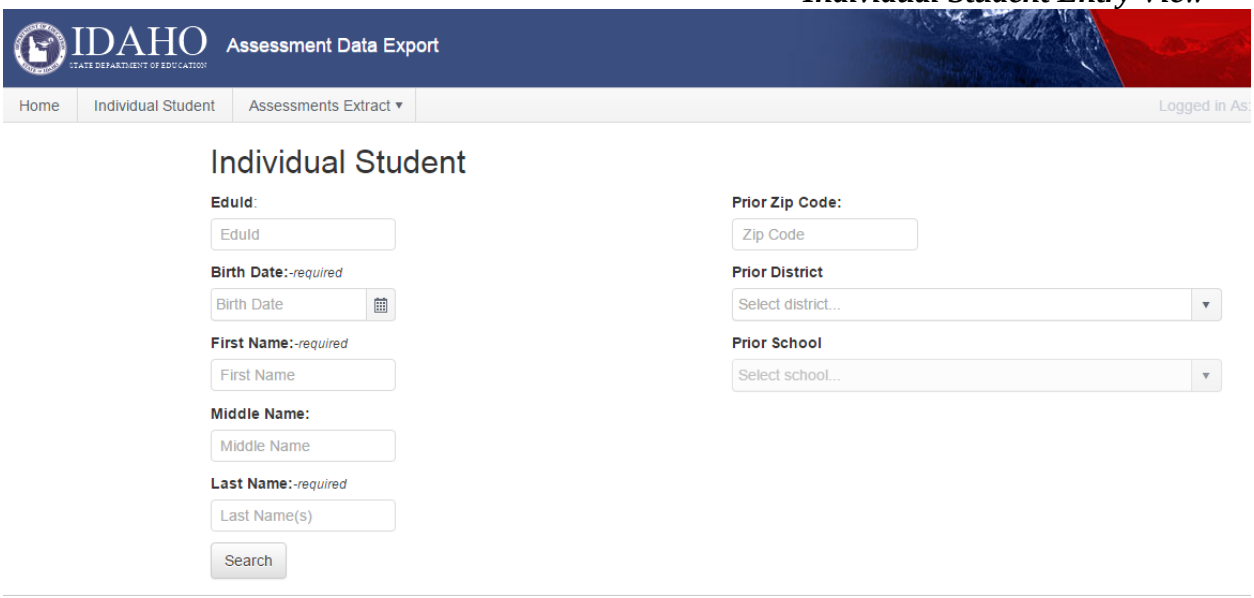
Idaho Educational Portal Home Page



1. To generate an individual student report, select ***Individual Student*** from the menu options on the top.

ADEA Home Page

Individual Student Entry View

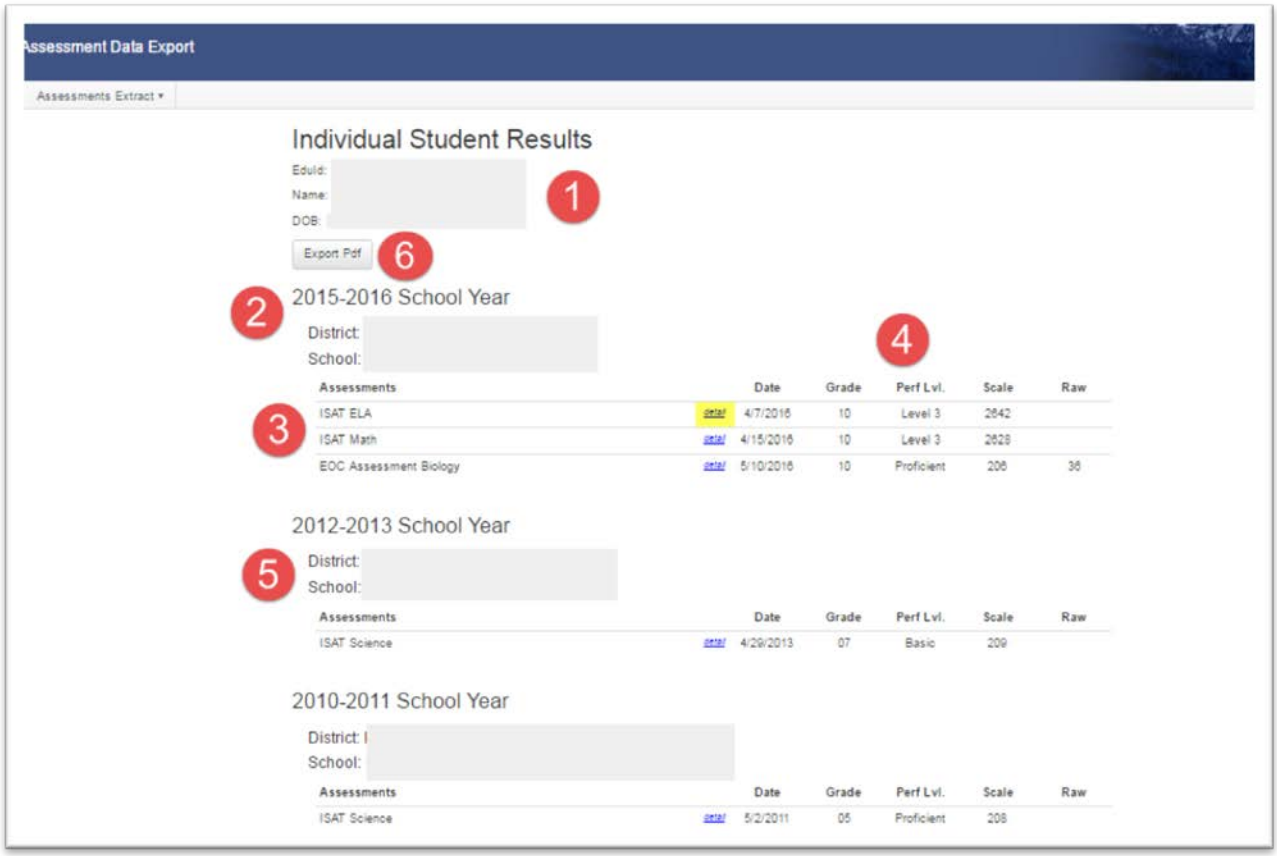


2. Enter the Appropriate Information in the Individual Student Entry View

   EduID: The EduID is not required but if the ID is available, enter it
   Birth Date: Required Field. Use the calendar icon to select enter a birth date or enter it in with the following format – MM/DD/YYYY
   First Name: Required Field. Enter the student first name
   Middle Name: Enter the student middle name
   Last Name: Required Field. Enter the student last name
   Prior Zip Code: Enter the most recent zip code associated to the student's home address
   Prior District: Select the student's most recently enrolled school district
   Prior School: Select the student's most recently enrolled school

The application will return results based on an 85% match student information in the EDUID Application. If information does not meet this match criteria, or if the information provided results in multiple students, the system will not return results.

Example Individual Student Report



The Individual Student Results returns the following:

1. The Student EDUID, Name and Date of Birth
2. Assessment results are displayed with the most recent year first (descending order)
3. All assessment scores associated to the specific school are displayed. If multiple school enrollments
4. The date of the assessment, student grade level, performance level, scale score and raw score are displayed if available in our state database.

   For additional detail on a particular assessment, select ***detail*** to expand the display.
5. Each school year will display the district and school where the results were originally reported.

   Only assessments taken in an Idaho Public District/School reported under the same EDUID will be returned.
6. A printer friendly version of the report is available by selecting ***Export PDF***.

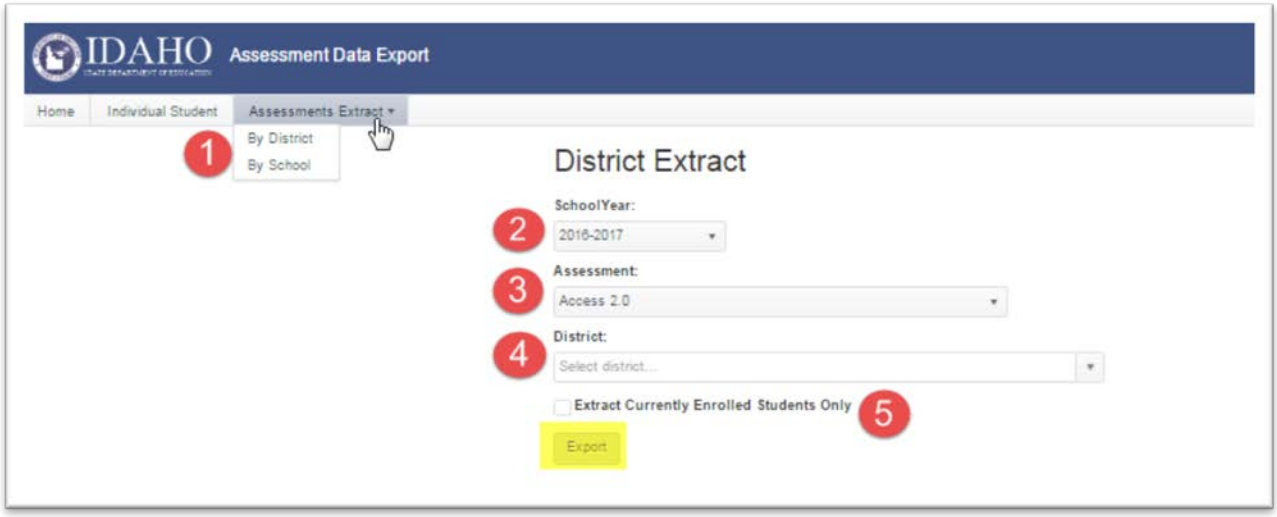
   The PDF report will automatically expand details for every assessment.

V Assessments Extract

ADEA Home Page

1. To return results for specific assessments for the district, select Assessments Extract from the menu options on the top.

District Extract Selection



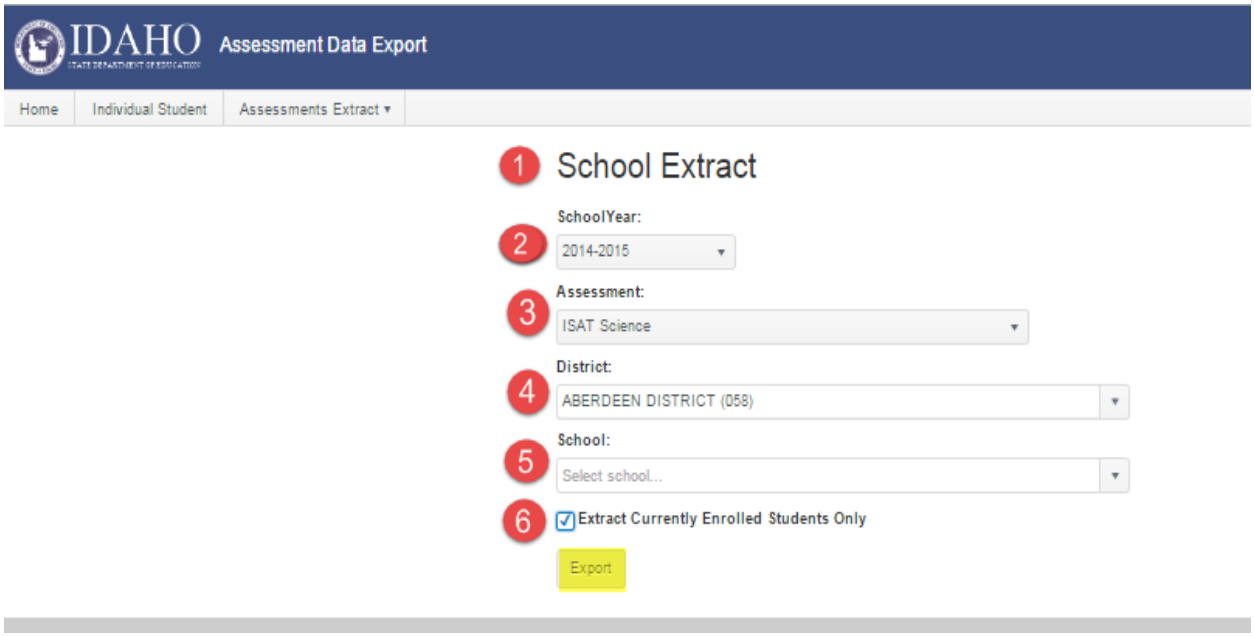
2. Enter the information in the various fields to return results for specific assessments.

    1. Assessments Export ***By District***
    2. **SchoolYear:** Select the School Year for assessment results
    3. **Assessment**: Select the assessment from the drop down.
       Assessment options will be limited to results available in the School Year Selected above.
    4. **District**: The district list will populate based on the users ISEE Application user role and access permissions
    5. **Extract Currently Enrolled Students Only:** will not be visible until after the first ISEE submission. The results will reflect the enrollment information in the most recent Student Demographic ISEE file.

Select ***Export*** to generate a comma separated value (.csv) file. See Appendix III for the .csv file layouts for each assessment.

1. To return results for specific assessments for a specific school in a district, select Assessments Extract from the menu options on the top.

School Extract Selection



Enter the information in the various fields to return results for specific assessments.

1. Assessment Export ***By School***
2. **SchoolYear**: Select the School Year for assessment results
3. **Assessment**: Select the assessment from the drop down.
   Assessment options will be limited to results available in the School Year Selected above. Only one assessment can be extracted
4. **District**: The district list will populate based on the users ISEE Application user role and access permissions
5. **School**: The school list will populate based on the users ISEE application user role and access permission
6. **Extract Currently Enrolled Students Only:** will not be visible until after the first ISEE submission. The results will reflect the enrollment information in the most recent Student Demographic ISEE file.

Selecting Export will generate a comma separated value (.csv) file. See Appendix III for the .csv file layouts for each assessment.

Appendix I. Assessment Results

Test	Results Available by Year	Notes
Access 2.0 and Alt Access 2.0	Beginning 2015-2016	WIDA Access assessments implemented in Spring 2016
ACT	Beginning 2010-2011 when available	When ACT score provided to the state and reported in State Database. Limited information
EOC Biology EOC Chemistry	Beginning 2014-2015	EOC Assessments in Biology and Chemistry implemented in Spring 2015
IELA	2010-2011 to 2014-2015	IELA Assessment provided by Questar administered through Spring 2015.
IRI	Beginning 2012-2013	IRI results prior to 2012-2013 reflect previous assessment version and are not available
ISAT Alt Science	Beginning 2010-2011	Data originally reported in IPASS Application
ISAT ELA ISAT Math	Beginning 2014-2015	ISAT by Smarter Balanced implemented in Spring 2015 Previous ISAT Scores do not align to current standards and are not available
ISAT Science	Beginning 2010-2011	ISAT Science scores grades 5, 7 available for all years beginning 2010-2011. ISAT Science scores for grade 10 available beginning 2010-2011 through 2013-2014 when EOC implemented.
SAT	Beginning 2010-2011	Reported to SDE from The College Board for SAT Test Day

Appendix II. Glossary

ACT: College Entrance Exam. Currently required for all 11th grade students to take one college entrance exam.

IELA: Former summative English language assessment administered to all eligible students in a limited English program. Assessment ended in 2015.

ISAT Alt: The Alternate Assessment Aligned to Alternate Achievement Standards, administered to students in grades 3-8 and 11 in ELA and Math. The AA-AAS Science assessment is a portfolio of student work in grades 5, 7 and 10 submitted through the IPASS application. The alternate assessment portfolio in ELA and Math concluded in 2014.

ISAT ELA: Idaho Standards Achievement Test for English Language Arts. Summative test required for grades 3-8 and 10 (grade 11 currently optional). Aligns with Idaho Content Standards.

ISAT EOC: High school End of Course Summative Assessment for Biology and Chemistry. Students are required to participate in either biology or chemistry in grades 10-12.

ISAT Math: Idaho Standards Achievement Test for Math. Summative test required for grades 3-8 and 10 (grade 9 and 11 currently optional). Aligns with Idaho Content Standards.

ISAT Science: Idaho Standards Achievement Test for Science. Summative test required for grades 5 and 7.

SAT: College Entrance Exam by the College Board. Currently required for all 11th grade students to take one college entrance exam.

WIDA-ACCESS 2.0: Annual summative English language assessment required for K-12 students currently in a limited English program. Assessment began in 2016.
