The Cruise Ship

We were all having family night when my dad stood up and said, "I have some great news we will be doing something fun this summer." Now when my dad says were doing something fun, we are really doing something fun. So that got my family's attention. He said, "We will be going on a cruise"! At first we all thought he was joking, but he was serious. So we all went and squeezed him until he couldn't breath, and went to the computer to see what the ship looked like. Finally after waiting five months we went on the cruise. It was scorching hot and it felt as if you could sizzle an egg right there on the ship. There was an ice scating rink too. It was gorgeous. After Ice scating for three hours. I decided to go rock climbing. When I got to the top it felt as if I was queen of the world. I could see for miles and miles around. For the first time I wasn't afraid of hights. When I went back down the rough rockwall

I thought to myself I'm never leaving this new place.
