Notes: Teacher manual difficult to use without a solid theatre background.						
Key Features: An award-winning, hands-on, high school textbook that prepares students for all aspects of a performance - both on-stage and behind the scenes. Explore all aspects of the production process: acting, directing and producing, technical production, and set construction. Provide engaging, real-life examples of technical design and production with The Production Process DVD. Build appreciation for theatre arts with a 15-page outline of theatre history
