	Notes: Missing tribal government, treaty/trust relationships and implementation of foreign policy. Key Features: Has one goal—fostering informed and active citizens. To achieve that goal, this program contains a wide variety of hands-on activities, opportunities for debate and civic participation, and up-to-date economics information in a considerate text format. From the Unit Openers to the features to the Chapter Assessments students are equipped to see the importance of their role in the political and economic system. Teaches the knowledge and skills needed to be an effective, active citizen. It also encourages an appreciation for the American political system. It will foster a willingness to take part in American democracy to protect citizen rights, as well as to carry out citizens' responsibilities. Two units on Economics provide an understanding of the interrelationship between democracy and the free enterprise system. The United States and its role in the world is taught in the last unit of this text.
