

Little Rabbit's Advice

“Sadly, Little Rabbit left the clearing. He’d go tell other forest creatures about the Terrible Things. He hoped someone would listen.”

IF you were Little Rabbit, what would you say? How would you tell others about what happened to your friends and family? How would you show them the seriousness of not turning a blind eye when the Terrible Things arrive? On the note card, write what you would say to the other forest creatures. Illustrate the card to show the importance of this topic--with symbols, color, scenery, whatever you want.
