

## How Betty Got to Idaho

### Shot and Killed!

X, a mother of 2, searches to find her mother after finding out she was adopted. On Xsearch she has found out her mother, X, is deceased but her predicted father is still alive. As X follows the leads provided to her by, ancestry.com she drives down to Oregon to meet her suspected father. When X arrives and introduces herself to him, X, she is told that there is no way she could be his daughter because he was overseas during birth. He didn't

realize that he had conceived a child before he had left. When X was overseas he found out about the child and sent divorce papers back, not knowing it was his, he suspected cheating. Now keep in mind X was truly cheating and had an affair with another man, her second husband. This is why we are not 100% sure who the father is except for the fact that X looks just like X. After the divorce X married the man she had an affair with, X. X and X put up

the child up for adoption, X.

### Behind the doors

While X was married to X they had two children until he became very abusive and controlling so X filed for another divorce. She decided to marry again, this caused X to become very angry with X. X married into a mormon family and had 4 more children. Her new family moved to Idaho, where X had been adopted.
