

Resources for the Identification of Gifted Students

The resources listed below are for discussion purposes, only. There are many suitable assessments for identifying gifted students in the five talent areas. The websites given are one source of the information. There may be more than one source available. Please review any chosen assessment with your school psychologist. For further information on the identification of gifted students, refer to the *Best Practices Manual for Gifted and Talented Programs in Idaho*.

*For test reviews go to: *Buros Institute Test Reviews*
