

PROJECT RUBRIC

Checklist for what needs to get done before and after the gallery tour:

- Research is done on what power source you'd like to use.
- Procedures and materials list for how to build your power source are written.
- Procedures and materials list for how to power your neighborhood are written.
- Schematic drawn.
- Calculations for system done on schematic.
- Schematic approved by teacher.
- Power system built AND working.
- Analysis questions answered and conclusion written.
- Gallery tour critique sheet filled out.

What was your role?: _____

What grade do you think you and/or your group should receive? _____

Why do you feel that way? _____

Here are my thoughts on the presentation of your system: _____

Here are my thoughts on the power source: _____

Here are my thoughts on the neighborhood: _____

Here are my thoughts on the group dynamics: _____

% Conversion	FIVE POINT SCORING RUBRIC
100%	5 Points - (a MODEL product) <ul style="list-style-type: none"> ● All of the requirements are evident and exceeded. ● The product is very neatly done and extremely well organized. ● The product is complete, detailed, and analytical. ● The presenter can answer any and all questions asked.
90%	4 Points - (What is EXPECTED) <ul style="list-style-type: none"> ● All of the requirements are evident and met. ● The product is very neatly done and well organized. ● The product is complete and detailed. ● The presenter can answer questions asked.
80%	3 Points - (ALMOST what is EXPECTED) <ul style="list-style-type: none"> ● Almost all requirements are evident (maybe 1 or 2 are missing) ● The product is neatly done and organized. ● The product is complete but may lack detail. ● The presenter can answer most of the questions asked.
70%	2 Points - (SORT of what is EXPECTED) <ul style="list-style-type: none"> ● Most requirements are evident (maybe 3 or 4 are missing) ● The product is done and sort of organized. ● The product is incomplete but attempts at completion are clear. ● The presenter can answer some of the questions but is confused about some.
60%	1 Point - (NOT what is expected) <ul style="list-style-type: none"> ● Many of the requirements are not present. ● The product is poorly done and/or poorly organized. ● The product is incomplete. ● The presenter can't answer many of the questions asked.
50%	0 Points - (Does NOT meet standards) <ul style="list-style-type: none"> ● Cannot be scored or no product.
