

# 4 Steps to Accessing SAT<sup>®</sup> Suite of Assessment Results

## STUDENTS

### 1 Create a College Board Account

Students need a College Board account to view scores and access college- and career-planning tools. Sign up, or, if you already have an account, just sign in at: [collegeboard.org](https://collegeboard.org)

- a. To prevent duplicate accounts, ensure students use a standard naming convention and easy-to-remember password (e.g., date of birth and school mascot).
- b. Tools are available on the website to retrieve forgotten passwords and usernames.
- c. Customer service support is available at 866-756-7346 for students who need to merge multiple accounts.
- d. Students can log on to view their scores directly at [studentscores.collegeboard.org](https://studentscores.collegeboard.org).

### 2 Create a Khan Academy<sup>®</sup> Account

Make sure all students have a Khan Academy account to link their scores and get free SAT<sup>®</sup> practice: [satpractice.org](https://satpractice.org)

### 3 Download the Daily Practice for the New SAT App

By downloading the Daily Practice for the New SAT app to a smartphone, students can make practice part of their routine — any place, any time: [sat.org/scoring](https://sat.org/scoring)

### 4 Get Step-by-Step Guidance, and Share Results with Students and Families

Step-by-step guidance for analyzing and communicating PSAT/NMSQT<sup>®</sup> and PSAT<sup>™</sup> 10 results is available at: [psat.org/sharing-results](https://psat.org/sharing-results). For guidance on sharing PSAT<sup>™</sup> 8/9 results, visit [psat.org/sharing-8-9-results](https://psat.org/sharing-8-9-results).

1. Promote consistent practice (recommended minimum 30 minutes a day, two times a week).
2. Determine the best way to deliver SAT practice from Khan Academy:
  - a. Directly to students
  - b. Via a college-access or community-based organization, during or after school
  - c. Via school staff, during or after school
