UNDERSTANDING YOUR STUDENT’S SCORES ON THE IDAHO STANDARDS ACHIEVEMENT TEST IN ENGLISH LANGUAGE ARTS/LITERACY AND MATHEMATICS

Your student’s score report for the 2019 Idaho Standards Achievement Test (ISAT) in English Language Arts (ELA)/Literacy and Mathematics provides your family with useful information, including:

- How your student scored on end-of-year, statewide assessments in ELA/Literacy and Mathematics
- Whether these scores meet Idaho’s standards for achievement
- How your student’s scores compare with students in the same school, the same district, and across Idaho

This brochure provides you with guidance on understanding the score report, answers a few frequently asked questions about the assessment, and offers direction on where to go to find additional resources.

SCORE REPORT GUIDANCE

ASSESSMENT OVERVIEW
The “Test” heading tells you which subject and grade level the score report covers. The “Overall Performance” section below it provides a brief score summary, including the scale score, achievement level, and lexile (for ELA/Literacy) or quantile (for Math).

NEW LEXILE AND QUANTILE INFORMATION
These new measures can help you understand your student’s performance and identify appropriate learning resources. Learn more by visiting sde.idaho.gov/assessment/isat-cas/

SAMPLE STUDENT REPORT

YOUR STUDENT’S SCALE SCORE AND OVERALL PERFORMANCE
Your student’s scale score and where it falls on the four achievement levels.

- Achievement Levels 4 and 3 indicate Above and At Standard.
- Achievement Levels 2 and 1 indicate Near and Below Standard.
- The small number to the right of your student’s score, following the (±) sign, represents the variance possible in the score if a student tested multiple times with the same assessment. [The box above describes this concept in more detail.]

COMPARISON SCORES
Allows you to see how your student’s scale score compares with their peers at the school, district, and state level.

If you need your student’s score report or this guide in an alternate format, contact your student’s teacher.
SAMPLE STUDENT REPORT

PERFORMANCE OVER TIME
This section shows how your student’s scale score has changed over time in the specific subject area. Note: Some districts may provide a simplified score report without this information.

STUDENT ASSESSMENT PERFORMANCE
Your student’s performance on claims (content areas) within this subject area.

- Claims are broad statements of the assessment system’s learning outcomes and are aligned to standards.
- Claim performance is reported as: below standard (⚠️), at/near standard (✅), or above standard (✔).
- For reporting purposes, there are four claims in ELA/Literacy and three claims in Mathematics.

Similar to the (±) sign in the overall performance section, the green box around the score line represents the variance possible in the claim-level score if the student tested multiple times with the same assessment.

PERFORMANCE ON WRITING TASK
Appearing only in the ELA/Literacy report, this provides detailed descriptions based on your student’s response to the writing task.

FREQUENTLY ASKED QUESTIONS
What does the score report tell me about my student’s level of understanding?
This report shows how your student is performing overall on the Idaho Content Standards for ELA/Literacy and Mathematics and their performance in the categories that led to these scores. The scores are only one aspect of a student’s academic performance, but serve as an important measure of progress.

How do these scores affect my student?
Your student’s scores on the 2019 ISAT in ELA/Literacy and Mathematics do not affect his or her report card or ability to move on to the next grade level. We primarily use these scores to help families, schools, districts, and the state understand and improve student academic achievement in Idaho.

ADDITIONAL INFORMATION
