Rules for Redactions

IRI data provided on the Report Card has been redacted to protect student privacy pursuant to the laws, regulations and rules in effect on 7/25/17, the date this document was created.

Idaho Code § 74-104(1), exempts from disclosure information or records specifically provided for exemption by state or federal law, including, at a minimum, the Family Educational Rights and Privacy Act, at 20 U.S.C. § 1232g, the Individuals with Disabilities Education Act, at 20 U.S.C. § 1400, et seq., and their implementing regulations, including, but not limited to, 34 CFR Part 99 and 300, respectively, as well as the Idaho Student Data Accessibility, Transparency and Accountability Act of 2014, at Idaho Code § 33-133.

Under the authority contained in Idaho Code § 33-133(3)(b), responsibility for establishing rules for the protection of student privacy was granted to the State Board of Education, which established the Data Management Council to develop and monitor student privacy protection rules. As a result, some student performance cells contain material that has been redacted pursuant to the rules developed by the State Board of Education and the Data Management Council's implementing Policies and Procedures.

In order to protect student privacy, we must redact data in any cells of less than 5 students or where the difference between the total of one or more cells of categorical data is less than 5 of the total student population.

In addition, Data Management Council Policies and Procedures call for at least two cells to be redacted in most cases in order to prevent any cell required for redaction to be derived. Under DMC policy additional cells may be required to be redacted until the total of the exempt and therefore redacted aggregate data in a line or column equals 5 or more. Zero is considered a number.

For more information about redaction policies and procedures, including the procedures contained in Idaho Code § 74-103(4) for objecting to any redactions, contact the State Department of Education's Communications Specialist for Public Records by calling the department at 332-6800.
