Finding IRI Raw Data on the IRI Web Application

OVERVIEW

- The IRI Public Reports Web Application is deactivated. For easy access to public assessment results, in one consolidated location the IRI data will now be located in the [Report Card](#). To access your district, raw data please go to the IRI Web Application. To find IRI data on the IRI Web Application, follow the steps below.
- If you need a username and/or password, please contact support @ 208-332-6923 or support@sde.idaho.gov

IRI WEB APPLICATION

STEP 1– CORRECT SCREEN

- Make sure you are logged on. It should say Log Off and your account information, as well as show you different tabs.

The screenshot shows the IRI Web Application interface. At the top, there is a navigation menu with links for DIVISIONS, PROGRAMS, COMMUNICATION, RESOURCES, DATA COLLECTION, and ADMINISTRATORS. Below this is a header bar with the Idaho State Department of Education logo and the text "IDAHO STATE DEPARTMENT OF EDUCATION". To the right of the logo, there is a "Log Off" button and the user's email address "harrate@edu.id". Below the header bar, there is a navigation menu with tabs for "IRI Score Changes", "Reporting", "Administration", and "Charts". The main content area is titled "Welcome to IRI" and contains a section titled "At A Glance" with the following text:

Welcome to the Idaho Reading Indicator (IRI) Web Application.

Please **DO NOT** use this web application for IRI or IRI ALT data input. All student scores are now uploaded with the ISEE upload, closest to the last day of testing.
DO NOT USE THIS WEB APPLICATION FOR IRI ALT DATA INPUT.

This application is used to easily find data and make reports and charts. The administration of the IRI assessment is mandated by Idaho law for public school students in kindergarten through third grade. State, district, and individual student reports may be generated from this application. Additionally, this internal web application feeds the [IRI Results Website](#), which is required by state statute.

Please review the [IRI website](#) for IRI testing dates, uploading scores and additional information.

If you have questions about the IRI program, please contact Heidi Arrate at harrate@sde.idaho.gov.

For technical assistance, please contact support@sde.idaho.gov.

STEP 2 – IRI SCORE CHANGES

- Under the IRI Score Changes drop down menu, you can choose either Overall or By District or School.
- Select the School Year from the drop down menu.
- Make sure to read the new text, business rules have been defined by where student is enrolled by Fall and Spring. Also, you can choose to look at the data in raw numbers or percentages.

Show only counts where the student changed schools (if same district is selected), or changed districts (if nothing is selected):

Show percentages (as opposed to raw numbers):

The below grid shows changes in IRI scores between the Fall test (score on Fall test corresponds to row) and Spring test (where score on Spring test corresponds to column). For example, the cell in the row labelled 1 and the column labelled 1 corresponds to the number (or percentage) of students that received a score of 1 in Fall and 1 in Spring. Similarly, the cell in the row labelled 1 and column labelled 2 is the number (or percentage) of students that scored a 1 in Fall and 2 in Spring. And so on.

Rules for Redactions

IRI data provided on the Report Card has been redacted to protect student privacy pursuant to the laws, regulations and rules in effect on 7/25/17, the date this document was created.

Idaho Code § 74-104(1), exempts from disclosure information or records specifically provided for exemption by state or federal law, including, at a minimum, the Family Educational Rights and Privacy Act, at 20 U.S.C. § 1232g, the Individuals with Disabilities Education Act, at 20 U.S.C. § 1400, et seq., and their implementing regulations, including, but not limited to, 34 CFR Part 99 and 300, respectively, as well as the Idaho Student Data Accessibility, Transparency and Accountability Act of 2014, at Idaho Code § 33-133.

Under the authority contained in Idaho Code § 33-133(3)(b), responsibility for establishing rules for the protection of student privacy was granted to the State Board of Education, which established the Data Management Council to develop and monitor student privacy protection rules. As a result, some student performance cells contain material that has been redacted pursuant to the rules developed by the State Board of Education and the Data Management Council's implementing Policies and Procedures.

In order to protect student privacy, we must redact data in any cells of less than 5 students or where the difference between the total of one or more cells of categorical data is less than 5 of the total student population.

In addition, Data Management Council Policies and Procedures call for at least two cells to be redacted in most cases in order to prevent any cell required for redaction to be derived. Under DMC policy additional cells may be required to be redacted until the total of the exempt and therefore redacted aggregate data in a line or column equals 5 or more. Zero is considered a number.

For more information about redaction policies and procedures, including the procedures contained in Idaho Code § 74-103(4) for objecting to any redactions, contact the State Department of Education's Communications Specialist for Public Records by calling the department at 332-6800.
