New Idaho Reading Indicator
General Information

PURPOSE

THE NEW IDAHO READING INDICATOR BY ISTATION'S INDICATOR OF PROGRESS (ISIP) EARLY READING ASSESSMENT PROVIDES RELIABLE DATA WITH FREQUENT, AGE-APPROPRIATE MEASUREMENT FOR STUDENTS IN KINDERGARTEN THROUGH 3RD GRADE. ADJUSTING TO EACH STUDENT'S ABILITY, THE INTERACTIVE ASSESSMENT KEEPS DEVELOPING READERS ENGAGED WHILE THEY WORK THROUGH FUN ACTIVITIES.
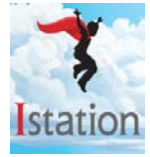

WHAT IS THE NEW IRI (ISIP ER) BY ISTATION?

- Computer adaptive test (CAT) for grades K-3
- Comprehensive assessment system: screener, diagnostic, and progress monitoring in one solution

What are some key features and benefits of the NEW IRI?

- o Provides benchmark and continuous progress monitoring.
- o Assesses 5 critical domains: phonemic awareness, alphabetic knowledge, fluency, vocabulary, and comprehension with appropriate subtests at each grade level.
- o Provides teachers with resources.
- o Can test a whole classroom on multiple devices (iPad, Chromebook, Android, Mac, or PC).
- o Saves teacher's instructional time!
- o Engaging, game like environment.
- o Award winning, valid and reliable.

How does it work?

- o It can be administered monthly and automatically for students receiving interventions.
- o More frequent on-demand assessments can be given as needed.
- o Can assess an entire class in 30-40 minutes; subtests/probes range from 3-10 minutes.
- o Test results delivered immediately

- Time for each student will vary because of computer-adaptive design.
- Student often enjoy the game-like environment.
