

Help fund classroom projects!

Fuel Your School at the pump!

Chevron's Fuel Your School program supports education in our schools and community by helping teachers receive funding for eligible classroom projects.

Teachers will submit projects detailing the materials and supplies they need at DonorsChoose.org, where Chevron's donations are used to help fund their eligible classroom projects. (DonorsChoose.org is an online charity that organizes funding for eligible projects in public schools all over the country.)

And that's where YOU come in: During the month of October, when you fuel up with 8 or more gallons at a participating Chevron or Texaco station, \$1 will be donated, up to \$250,000, to help fund projects for public schools in Ada and Canyon counties, Idaho.

The Fuel Your School program is part of Chevron's overall support for education, which has totaled over \$270 million worldwide since 2013. To learn more about Chevron's education programs and partnerships, visit www.chevron.com/education.

The Ada and Canyon counties FUEL YOUR SCHOOL program is brought to you by Chevron.
