1 OVERVIEW

1.1 Definitions

Word or Abbreviation	Meaning
IRI	Idaho Reading Indicator
IDE	Idaho Department of Education- “The Department”
FERPA	Family Educational Rights and Privacy Act- First passed in 1974, a federal law that governs the access of educational information and records to public entities, such as potential employers, publicly funded educational institutions, and foreign governments.
IEP	Individual Education Program- Written documentation developed for each public-school child who is eligible for special education services.
TAM	Test Administration Manual
Accommodations	Changes in the assessment materials or procedures specified by local, IEP, and/or 504 service plan documentation for a student. These may include but are not limited to: Braille, ability for the student to dictate responses (i.e., transcription), oral administration or text-to-speech, calculation devices, an administrator providing prompting upon request, additional time, and content and language supports. Accommodations do not change the construct(s) being measured by the assessment.
Business Days	Monday through Friday, 8:00 a.m.–5:00 p.m., Mountain Time, excluding Idaho holidays and business closure days unless otherwise stated.
Item Bank	A systems application which manages the workflow functionality to track the creation, development, review and approval processes of assessment items, graphics, tasks, and stimuli; manages the storage and retrieval of assessment items; tracks item versioning and lineage; and provides a robust search and query capability to allow searching on all types of metadata. Also used to refer to the set of items available for testing including field testing.
EDUID Number	Education Unique Identification Number- The EDUID system allows lookup, verification, and assignment for people in the education system in the state of Idaho. All students attending and staff working in Idaho publicly funded K-12 educational institutions are required to have an EDUID number.
SIS	Student Information System- a system that handles a wide range of administrative functions, including collecting, storing, and providing access to student data.
Summative assessment	An assessment that is conducted at the end of an grade level to evaluate student learning by comparing it against a set standard or benchmark. These assessments are typically high stakes, as they may impact funding based on the outcomes.
Screener	A brief assessment tool used to quickly and efficiently identify students who may be at risk for reading difficulties or who may require additional support or intervention. It typically evaluates fundamental reading skills such as phonemic awareness, decoding, fluency, and comprehension. Reading screeners are designed to be administered to all students within a specific grade level or age group to provide educators with valuable information about each student's reading abilities.
Dyslexia Screener	A specialized assessment tool designed to identify individuals who may be at risk for dyslexia, a specific learning disorder characterized by difficulties with accurate and fluent word recognition and by poor spelling and decoding abilities. Dyslexia

Word or Abbreviation	Meaning
	screeners typically assess various aspects of reading and language skills, including phonological awareness, decoding, rapid naming, and phonological memory. These screeners aim to provide early identification of dyslexia-related difficulties, allowing for timely intervention and support to improve reading outcomes for individuals with dyslexia.
Remote Assessments	Remote assessments refer to the process of evaluating students' learning and performance using assessment tools and methods conducted from a distance, typically through online platforms or virtual environments. These assessments allow educators to measure students' knowledge, skills, and abilities without the need for physical presence in a traditional classroom setting. These remote assessments should give the teachers/parent/students the same data that they would get in a brick-and-mortar school.
LEA	Local Education Agency; school district or charter school name
SEA	State Education Agency; Idaho Board of Education

1.2 Idaho’s Educational System

The Idaho State Board of Education serves as the primary governing body for all levels of education in Idaho, from early childhood education to higher education. The State Board of Education is responsible for setting statewide education policies, establishing academic standards, and overseeing the implementation of education initiatives.

The Idaho Department of Education is overseen by the Superintendent of Public Instruction, an elected official. The Idaho Department of Education acts as the administrative arm of the State Board of Education, responsible for implementing education policies, allocating state funding, and providing support and resources to local school districts. Local school districts, governed by locally elected school boards, have authority over individual schools within their jurisdiction and are responsible for managing day-to-day operations, hiring staff, and developing curriculum.

Idaho’s K-12 education system is composed of approximately 313,000 students (90,000 in K-3) in 6 regions, and 190 school districts and public charter schools. Idaho's K-12 education system serves a diverse demographic, encompassing students from urban, suburban, and rural areas, with diverse racial, ethnic, and socioeconomic backgrounds. Notably, approximately 40% of Idaho's students qualify for free or reduced-price lunch and approximately 6% of Idaho’s students are English language learners. Idaho is a local control state, and as such districts and charter schools are responsible for supplying their own student information system (SIS) and rostering all students into the SIS for assessments.

1.3 Purpose

The Idaho Department of Education (the “Department”) is seeking an online computer-based proposals to develop and provide the statewide early literacy assessment that serves our K-3 population, known as the Idaho Reading Indicator, [IRI](#), pursuant to [Idaho State Statute section 33-1806](#). The assessment program system will encompass a screener, progress monitoring, and an end-of-grade summative assessment. It is imperative that the screener meets the dyslexia screener requirements outlined in [Idaho State Statute 33-1811](#), as well as complies with the mandates of the Individuals with Disabilities Education Act ([IDEA](#)) and the Family Educational Rights and Privacy Act ([FERPA](#)). Additionally, the Contractor will also provide professional development to Idaho educators and other stakeholders in education.

The IRI shall align to the depth and breadth and degree of the [Idaho State Standards](#) and [Idaho Comprehensive Literacy Plan](#).

1.4 Background Information

The Department initiated its partnership with its current vendor for the Idaho Reading Indicator (IRI) in 2017. In December 2023, the Department released a Request for Information (RFI). A panel of Subject Matter Experts convened to review the responses to the RFI and craft the Request for Proposal (RFP).

The primary objective of the panel of Subject Matter Experts was to provide comprehensive recommendations regarding the state's adoption of a new assessment for the IRI. To inform their recommendations, the Subject Matter Experts conducted independent research on available assessments identified through the RFI process and reviewed the results of stakeholder surveys. Additionally, the group actively solicited feedback from stakeholders to better understand the early literacy assessment needs of the state, local districts, schools, and educators.

1.5 Funding Information

Funding for this project is appropriated in [Idaho State Statute 33-1806](#).

1.6 Budget

The anticipated budget for this Contract is one million dollars (\$1,000,000.00) for the pilot year. The anticipated annual budget if the Contract is renewed past the pilot year is one million four hundred thousand dollars (\$1,400,000.00).

1.7 Project Timeline (all dates are approximations)

When:	What:
On or around August 7, 2024	Contract begins
August/ September 2024	Kick off meeting
September 2024	The Department will solicit LEAs for pilot period
October 2024	The Department will identify and recruit LEAs
November 2024	Training will begin for LEAs in pilot
December 2024	LEAs will begin rostering students into Pilot Period
January 2025	Piloting begins in K-3
February- April 2025	Pilot Progress monitoring (if available)
April-May 2025	Training begins for all regions
June 2025	Piloting ends
August/ September 2025	Fall Assessment (IRI Window) for entire state opens
All Year	Trainings continue (webinars, meetings etc.)
Monthly (if available)	Progress monitoring
May 2026	Spring Assessment (IRI Window) for entire state opens
Reoccurring every August/September	Fall Assessment (IRI Window) for entire state opens
Reoccurring every May	Spring Assessment (IRI Window) for entire state opens
Reoccurring every July 1- June 30, 2029	Contract may be renewed yearly for up to 5 years

1.8 Major Reference Documents

Offerors are required to adhere to these standards, which must be referenced when citing sections of major reference documents.

1.9 Resulting Contract

The Contract will be comprised of this RFP, including any incorporated documents; the successful Proposal, including any clarifications requested by the Department; and an artifact formalizing any requirements agreed upon through contract discussions or negotiations, if applicable.

The following document(s) are incorporated into this RFP as if set out in their entirety, whether or not they are attached:

- Idaho Department of Education General Terms and Conditions
- Idaho Department of Education Special Terms and Conditions for Solicitations
- Idaho Department of Education Special Terms and Conditions for Cloud Services

If not attached, the documents may be found on the “Contracting Opportunities” page of the Department’s [website](#). If multiple versions of the above document(s) are available on the website, the version in effect on the day the RFP was issued shall apply.

2 QUESTIONS

2.1 Restrictions on Communications

From the issue date of this RFP until a contract is awarded, or until the RFP is cancelled, Offerors and their representatives are prohibited from communications (written or verbal) regarding this RFP with Department staff, evaluation committee members, and other state employees, other than the RFP Lead, except during formal solicitation events (including the pre-offer conference, demonstrations, and negotiations) or request for reconsideration defined in section 10.7 of this RFP.

2.2 Pre-Proposal Conference

A non-mandatory pre-proposal conference will be held at the location and time indicated in the Administrative Information. This will be prospective vendors' opportunity to ask questions of the Department staff. All parties interested are invited to participate by attending an established call-in number. Those choosing to participate must pre-register using the Zoom link on page 5. Interested parties are asked to register by May 6, 2024, at 5:00 p.m. MT. Any oral answers given by the Department during the pre-proposal conference are unofficial and will not be binding on the Department. Pre-proposal conference attendance is at the participant's own expense.

2.3 Questions

All correspondence must be in writing. In the event it becomes necessary to revise any part of this RFP, addenda will be posted on the Department Website at <https://www.sde.idaho.gov/contracting-opportunities/index.html>. It is the responsibility of parties interested in this RFP to monitor the Department Contracting Opportunities website for any updates or amendments. All changes to this RFP will be in writing and must be posted to the Department Contracting Opportunities website to be valid.

Questions or other correspondence must be submitted in writing to the RFP Lead listed in the Administrative Information. Written questions must be submitted using Attachment 1, Offeror Questions. Official answers to all written questions will be posted on the [Department Contracting Opportunities Website](#) as an amendment to this RFP.

QUESTIONS MUST BE RECEIVED IN WRITING BY MAY 13, 2024, at 5:00 PM MT.

Any questions regarding the Idaho Department of Education Contract Terms and Conditions must also be submitted in writing, using Attachment 1, Offeror Questions, by May 13, 2024, at 5:00p.m. MT. Questions regarding terms and conditions must contain the following:

1. The rationale for the specific requirement being unacceptable to the party submitting the question (define the deficiency).
2. Recommended verbiage for the Department's consideration that is consistent in content, context, and form with the Department's requirement that is being questioned.
3. Explanation of how the Department's acceptance of the recommended verbiage is fair and equitable to both the Department and to the party submitting the question.

Proposals which condition the Proposal based upon the Department accepting other terms and conditions not found in the RFP, or which take exception to the Department's terms and conditions, will be found non-responsive, and no further consideration of the Proposal will be given.

3 INSTRUCTIONS FOR SUBMISSION OF PROPOSAL

3.1 General Instructions

3.1.1 Alternate proposals are not allowed.

3.1.2 Offerors must use the Department's supplied signature page when submitting the Proposal. The signature page must contain an electronic signature of an authorized agent of the submitting Offeror and returned with the submission package. Proposals submitted without the signature page shall be found nonresponsive and will not be considered. An incomplete, modified, or unsigned signature page will be cause for a finding of non-responsiveness.

3.2 Electronic Submission

3.2.1 Proposals must be submitted electronically to the RFP Lead at procurement@sde.idaho.gov. Except as otherwise addressed in this solicitation, all submission materials must be submitted at the same time (in a single electronic submission). If multiple submissions are received, only the latest timely submission will be considered.

3.2.2 All electronic files must be in Portable Document Format (PDF) or Microsoft Excel format; the only exceptions are financials, brochures, or other information only available in an alternate format.

3.2.3 Offerors are strongly encouraged to begin the process of submitting the response far enough in advance of the Closing Time to allow for resolution of technical difficulties. Be advised that the Department is not responsible for an Offeror's failure to timely submit a responsive submission due to any technical or technological difficulties.

3.2.4 Offerors are further advised to provide response materials with descriptive file names, organized and consolidated in a manner which allows evaluators to efficiently navigate the Offeror's response.

4 PROPOSAL FORMAT

The following instructions describe the format to use in the Proposal. The format is designed to ensure a complete submission of information necessary for an equitable analysis and evaluation of submitted Proposals. There is no intent to limit the content of Proposals.

4.1 Evaluation Codes

(M) Mandatory Response - failure to respond to any (M) section, or to comply with any mandatory specification or requirement will render Offeror's Proposal non-responsive and no further evaluation will occur.

(ME) Mandatory and Evaluated Response - failure to respond to any (ME) section, or to comply with any mandatory specification or requirement in an (ME) section will render Offeror's Proposal non-responsive and no further evaluation will occur. Offeror is required to respond to this specification with a detailed response identifying its understanding and how it will comply. Points will be awarded based on predetermined criteria.

(E) Evaluated Response - a response is desired and will be evaluated and scored. If not available, respond with "Not Available" or other response that identifies Offeror's ability or inability to supply the item or service or meet the specification. Failure to respond or a "Not Available" response will result in zero (0) points awarded. If available, Offeror is to respond with a detailed response identifying its understanding and how it will comply, and points will be awarded based on predetermined criteria.

Note: The RFP Lead may waive minor informalities as well as minor deviations. The RFP Lead also reserves the right to seek clarification on any M, ME, or E requirement.

4.2 Table of Contents

Include a table of contents in the Technical Proposal identifying the contents of each section, including page numbers of major Sections.

4.3 Format

Proposals shall follow the numerical order of this RFP starting at the beginning and continuing through the end of the RFP. Proposal sections and Sections must be identified with the corresponding numbers and headings used in this RFP. In the response, restate the RFP section and/or Section, followed with the response.

Offerors are encouraged to use a different color font, bold text, italics, or other indicator to clearly distinguish the RFP section or Section from the Offeror's response.

5 MANDATORY SUBMISSION REQUIREMENTS

5.1 (M) Signature Page

All Proposals must be submitted with Attachment 3, Signature Page.

5.2 (M) Cover Form

Complete, sign, and submit Attachment 2, Cover Form.

5.3 (M) Acknowledgement of Amendments

If the RFP is amended, the Offeror must acknowledge each amendment with a signature on the acknowledgement form provided with each amendment. Failure to return a signed copy of each amendment acknowledgement form with the Proposal may result in the Proposal being found non-responsive.

5.4 Provide a response to all (M) and (ME) sections, and any other required submittal items.

5.5 Public Records and Trade Secrets

The Idaho Public Records Law, [Idaho Code Sections 74-101 through 74-126](#), allows the open inspection and copying of public records. Public records include any writing containing information relating to the conduct or administration of the public's business prepared, owned, used, or retained by a State Agency, regardless of the physical form or character. All, or most, of the information contained in a responsive Proposal will be a public record subject to disclosure under the Public Records Law.

The Public Records law contains certain exemptions. One exemption potentially applicable to part of the Proposal may be for trade secrets. Trade secrets include a formula, pattern, compilation, program, computer program, device, method, technique, or process that derives economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by other persons and is subject to the efforts that are reasonable under the circumstances to maintain its secrecy. If you consider any material provided in the Proposal to be a trade secret, or otherwise protected from disclosure, you MUST so indicate by marking as "exempt" EACH PAGE containing such information. In addition:

5.5.1 Identify with particularity the precise text, illustration, or other information contained within each page marked "trade secret" (it is not sufficient to simply mark the entire page). The

specific information you deem “trade secret” within each noted page must be highlighted, italicized, identified by asterisks, contained within a text border, or otherwise clearly delineated from other text/information and specifically identified as a “trade secret.”

5.5.2 Provide a separate document entitled “List of Redacted Trade Secret Information” which provides a succinct list of all trade secret information noted in your Proposal; listed in the order it appears in your submittal documents, identified by Page #, Section #/Paragraph #, Title of Section/Paragraph, specific portions of text/illustrations; or in a manner otherwise sufficient to allow the Department’s procurement personnel to determine the precise text/material subject to the notation. Additionally, this list must identify with each notation the specific basis for your position that the material be treated as exempt from disclosure and how exempting the material complies with the Idaho Public Records Law, [Idaho Code Title 74, Chapter 1](#).

5.5.3 Submit a redacted copy of the Proposal with all trade secret information removed or blacked out. The redacted copy must be submitted electronically, with the word “redacted” in the file name.

Vendor shall indemnify and defend the Department against all liability, claims, damages, losses, expenses, actions, attorney fees and suits whatsoever for honoring a designation of exempt or for the Vendor’s failure to designate individual documents as exempt. The Vendor’s failure to designate as exempt any document or portion of a document that is released by the Department shall constitute a complete waiver of any and all claims for damages caused by any such release. If the Department receives a request for materials claimed exempt by the Vendor, the Vendor shall provide the legal defense for such claim.

5.6 Executive Summary

Include an executive summary in the Technical Proposal providing a condensed overview of the contents of the Technical Proposal demonstrating an understanding of the services to be performed.

6 BUSINESS INFORMATION

6.1 (ME) Experience

Describe in detail the Offeror's knowledge and experience in providing services similar to those required in this RFP. Include Offeror's business history, description of current service area, and customer base. Additionally, specifically address the following mandatory minimum requirements:

6.1.1 The Offeror must have a minimum of three (3) years of experience providing the proposed product to be eligible for award.

6.1.2 The Offeror must have a minimum of three (3) successful implementations in a district of more than 10,000 students or a state level contract.

7 ORGANIZATION AND STAFFING

Describe the Offeror's qualifications to successfully complete the requirements of the RFP by providing a detailed response to the following:

7.1 (ME) Project Lead

Identify the person who will be the dedicated Project Lead if Offeror is awarded a contract. Provide a description of the FTE allocations and proposed Project Lead's experience and qualifications. The Offeror shall submit a resume in response to this section.

7.2 (ME) Key Personnel and Qualifications

Provide a list of key management, customer service, and other personnel to be used in the fulfillment of this Contract (in addition to the Project Lead). Provide role descriptions, including requisite qualifications and experience of the person(s)/role(s) identified, as well as an explanation of how the person in that role will contribute to the project. **The Offeror's response should demonstrate the extent to which the Offeror has the expertise to accomplish the Scope of Work.**

7.3 (M) Subcontractors

If the Offeror intends to utilize subcontractors, describe the extent to which they will be used to comply with Contract requirements. Include each position providing service and provide a detailed description of how the subcontractors are anticipated to be involved under the Contract. Include a description of how the Offeror will ensure that all subcontractors and their employees will meet all Scope of Work requirements. The Offeror may submit a resume to this section.

If the Offeror does not intend to utilize subcontractors, provide a statement to that effect.

7.4 Components of the State Assessment System-

The following shows the statewide assessments that are in scope vs. out of scope.

Component Name	In Scope	Description and Purpose	Timing	Anticipated Yearly Volume	Major Uses	Required or Optional	Grades	Subjects
IRI	Yes	Early Literacy Assessment	2 times per year	90,000	Screeners Formative Summative	Required	K-3	Literacy

8 SCOPE OF WORK-PROJECT APPROACH

8.1 (ME)-Description of Proposed Solution

Use this Proposal outline as part of the Offeror’s response to the RFP. Evaluators will score Proposals based on the methodologies described and the completeness of the response to each item listed below. Describe in detail how the Offeror’s Proposal will meet each requirement. Include personnel, timelines, methodologies, and any pertinent information that will be required from the Department to achieve full compliance with all tasks and deliverables.

8.1.1 Assessment Types

Item #	Eval Code	Topic	Required Feature	Evidence/Info to Provide
8.1.1A	ME	Screeener	A K-3 early literacy screener and Dyslexia Screener that identifies students at risk and is specifically designed to identify students exhibiting characteristics associated with dyslexia with immediate feedback to provide information to teachers.	Describe the assessment included in the Offeror’s proposed solution that can be used to screen students in early literacy skills. Demonstrate the different components of the Offeror’s assessment that would identify student having characteristics of dyslexia. If the Offeror’s assessment package offers a RAN (rapid automatized naming) assessment, provide details in the administration and scoring components including the grade band.

Item #	Eval Code	Topic	Required Feature	Evidence/Info to Provide
8.1.1B	ME	Summative	A K-3 assessment or assessment package that addresses the state’s need for an end of the year assessment that allows for calculation of a student’s literacy achievement level and growth. The resulting data should be appropriate for use for statewide accountability and funding allocations.	Describe the assessment included in the Offeror’s proposed solution that can be used as an end-of-year summative assessment.
8.1.1C	ME	Progress Monitoring	A K-3 assessment or assessment package designed to fulfill the State's desire for progress monitoring throughout the year. This progress monitoring tool will assess advancements toward learning targets, considering the rates of improvement for the specific skill targeted by an intervention.	Describe the assessment included in the Offeror’s proposed solution that can be used to progress monitor students.

8.1.2 Components of Design

Item #	Eval Code	Topic	Required Feature	Evidence/Info to Provide
8.1.2A	ME	Frequency and Testing Time	The State intends to require assessment of all students two times per year: in the fall and spring. The fall assessment will be used to screen K-3 students for interventions and characteristics of dyslexia; the spring end-of-year assessment will be used for K-3 accountability purposes. Fall and spring statewide assessment shall have the flexibility to assess shorter periods of time over several days and the ability to pause assessments.	<p>Demonstrate how the Offeror’s solution has flexibility to assess in shorter time periods over several days and the ability to pause an assessment.</p> <p>Clearly define the testing time for each student, including if there is a time limit on sections or subtests and possible pause rules.</p>
8.1.2B	ME	Science of Reading and Idaho Content Standards	The K-3 assessment package will be rooted in the Science of Reading and aligned with the strands of Foundational Reading Skills, Reading Comprehension, and Vocabulary Development outlined of Idaho ELA State Standards	<p>Demonstrate with detailed information (and give examples) by grade level how the Offeror’s assessment is grounded in the Science of Reading (K-3) and aligned to the Idaho State Standards. If the Offeror’s solution is not fully aligned, address how the Offeror will address the standards that are not aligned.</p> <p>Supply detailed information, by grade level. Give specific examples, showing sample questions and designating the Science of Reading and Idaho State Standards to which they align.</p>

Item #	Eval Code	Topic	Required Feature	Evidence/Info to Provide
8.1.2C	ME	User-friendly and Age appropriate	An assessment or assessment package that has user-friendly administration for both proctors and students and engages young students.	<p>Provide a detailed description of how each assessment included in the proposed solution can be administered in a manner that is user-friendly for both proctors and students in grade K-3.</p> <p>Provide various images or samples of assessment questions that describe how the solution engages young students. Describe how the vendor determines usability and human technology interactions with young students.</p>
8.1.2D	ME	Literacy Domains	A K-3 assessment or assessment package that measures phonological awareness, phonics, encoding, vocabulary, text comprehension and oral reading fluency (ideally with both fiction and non-fiction text)	Provide a detailed description of each of the identified literacy domains (phonological awareness, phonics, encoding, vocabulary, and text comprehension) and related components. Identify how the Offeror will assess the literacy domains and provide examples in the assessment.

8.1.3 Scoring and Reporting

Item #	Eval Code	Topic	Required Feature	Evidence/Info to Provide
8.1.3A	ME	Reports	<p>An assessment or assessment package that provides schools and educators with reports and data in a timely manner and in formats that can be used to inform instruction.</p> <p>At a minimum, reports must include student growth and proficiency reports at the individual student level, classroom level, grade level, district level, and state level; parent reports with explanation (must be available in English and Spanish); and detailed individual student performance report and achievement level descriptors (including at a minimum student performance on phonological/phonemic awareness, phonics, vocabulary, text comprehension and encoding).</p> <p>Reports must also include multi-year longitudinal reports.</p>	<p>Demonstrate the reports available for each assessment included in the Offeror’s solution. Provide details regarding the levels of reporting available: state, district, school, grade level, classroom, student, and parent reports.</p> <p>Describe how the State can work with the Offeror to create customized reports.</p>

8.1.4 Accessibility Features

Item #	Eval Code	Topic	Required Feature	Evidence/Info to Provide
8.1.4A	ME	General Accommodations	An assessment or assessment package that with appropriate accommodations for those who are receiving support services, including those	Modeled after the Smarter Balanced Usability, Accessibility and Accommodations Guidelines specifically demonstrate accessibility features that

Describe how the state can request an update to a certain dialect or accent in the way the voices are delivered.

8.1.5 Program Management

Item #	Eval Code	Topic	Required Feature	Evidence/Info to Provide
8.1.5A	M	Program Management	The Offeror has scheduled meetings once every two weeks virtually with the Idaho Department of Education to discuss any program management decisions and project progress. Either the Department or Offeror may call for a meeting at any time. The Offeror will include project management to ensure on-time delivery of all assessments, reports, and deliverables.	Provide detailed information about the meeting schedule and project management team. The Offeror will take notes and establish an agenda at each meeting. Include the Offeror’s plan for project management approach, including how the Offeror will work with the Department Lead before making changes in LEAs.
8.1.5B	ME	Training	An assessment or assessment package that includes webinars/online training, and/or other customer support to assist the State, educators, and Idaho students in using the Offeror’s solution.	Provide a detailed description of the training available, clearly outlining which products and services would be included in the proposed solution and which are available for additional fees.

Item #	Eval Code	Topic	Required Feature	Evidence/Info to Provide
			<p>Training on system requirements will need to consist of 6-8 regional, in-person, train the trainer trainings throughout the state for the first year. For the following 4 years, optional training for the state in webinars and online trainings.</p>	<p>Provide a detailed description of the customer service support available to the State, districts, schools, teachers, and students/parents, as applicable to the proposed solution, including hours of operation. Clearly outline which products and services would be included in the proposed solution and which are available for additional fees (please note: do not include costs in the response, as they should be outlined in Attachment 4 only.)</p>
8.1.5C	ME	Piloting/transition year	<p>Must be able to have a piloting/transition period. Prior to a statewide rollout, the IRI will undergo a rigorous pilot/transition phase lasting 6-12 months. This period will allow for thorough testing and refinement, ensuring the assessment's effectiveness and reliability before broader implementation.</p>	<p>Provide details on the training and pilot phase the Offeror's solution can offer the State of Idaho's LEAs. Explain the population size and the implementation period of the pilot period the Offeror's Solution would have for the state.</p>
8.1.5D	ME	Handling Irregularities	<p>The Offeror will define what constitutes a test administration irregularity.</p> <p>The Offeror has a robust process of identifying irregularities.</p> <p>The Offeror is required to outline the procedure for handling testing irregularities according to the Idaho Department of</p>	<p>The Offeror must provide a clear definition of testing irregularities and detail how they will affect the assessment process. 			accountability and funding allocations.	appropriate and has been used for accountability. Attach technical reports that support the validity and reliability evidence.
8.2.3	ME	Psychometrics for Progress Monitoring	A K-3 assessment or assessment package designed to fulfill the State's desire for progress monitoring throughout the year. This progress monitoring tool will assess advancements toward learning targets, considering the rates of improvement for the specific skill targeted by an intervention. Importantly, the question sets in the progress monitoring package must have a variety of question banks and differ from those in the screener and summative assessments.	Describe how the Offeror's Solution is appropriate to use as progress monitoring. Demonstrate how the Offeror's Solution for progress monitoring will lead to advancements towards learning targets. Describe the number of question sets available in the progress monitoring package and how they differ from the Screener or Summative assessments. Attach technical report that supports the validity and reliability evidence.
8.2.4	ME	Psychometrics of Science of Reading and Idaho Content Standards	The K-3 assessment package will be rooted in the Science of Reading and aligned with the strands of Foundational Reading Skills, Reading Comprehension, and Vocabulary Development outlined of Idaho ELA State Standards	Demonstrate with detailed information and give examples by grade level how the Offeror's assessment is grounded in the Science of Reading (K-3) and aligned to the Idaho State Standards. If the Offeror's solution is not fully aligned, describe how the Offeror will address the standards that are not aligned. Describe how the Offeror determines the alignment. Attach an alignment study if applicable.

Item #	Eval Code	Topic	Required Feature	Evidence/Info to Provide
8.2.5	ME	Adaptive Testing	An Early Literacy Assessment that has a computer adaptive algorithm that accurately differentiates student performance.	Describe how in the Offeror's Solution, the computer-adaptive assessment is used to accurately identify a student's literacy skill level, regardless of whether the student is below, at, or above grade level.
8.2.6	ME	Item Development Aligning to Blueprint	An early literacy assessment that effectively measures a wide range of foundational reading skills and an approach to create a pool of items that can meet the blueprint requirements for all students.	Describe the Offeror's approach for developing items to meet the blueprint requirement. Describe the intended cognitive process, item types, and difficulty range identified for the Offeror's solution.
8.2.7	ME	Criterion or Norm referenced	The Offeror's K-3 assessment is valid and reliable.	Describe how the Offeror's assessment is referenced. For a normed assessment, describe the norming process used to establish the norms for this assessment. Describe the steps that were taken to ensure the norming process is representative of the diverse student population. For a criterion referenced assessment, describe the specific criteria or standards the assessment measures. Describe how these standards are determined, and how they are aligned with state or national educational standards.

Item #	Eval Code	Topic	Required Feature	Evidence/Info to Provide
8.2.8	ME	Psychometrics of General Accommodations	An assessment or assessment package that with appropriate accommodations for those who are receiving support services, including those who have an Individual Education Plan (IEP), Deaf or hard of hearing, blind or low vision, 504 plan, or are English language learners.	For each accessibility feature in the Offerors' Solution, both embedded and non-embedded (including assessing with the timer on or off), provide documentation demonstrating how it contributes to a valid and reliable score.
8.2.9	E	Psychometrics of Paper/Pencil assessment	An assessment package that can be administered on paper/pencil whose results will be comparable to those obtained through digital testing.	Provide the Offeror's technical report for paper/pencil assessment. Describe how the Offeror's Solution will accommodate students who need paper/pencil assessment.
8.2.10	ME	Blueprint and item specification	An assessment package with blueprint and item specification that yields valid and reliable scores. An assessment has a blueprint that is consistent with the content standards, claims or domains, achievement level descriptors, and item types.	Provide evidence and research of the Offeror's Solution for validity and reliability of the assessment including blueprint and item specification.
8.2.11	ME	Scoring	An assessment or assessment package that provides scores for both the overall performance and proficiency in specific subdomains. Those specific domains must include phonological awareness, comprehension, vocabulary, reading readiness and fluency.	Provide scoring specification and describe the validity and reliability of subdomain level scores. Describe how the student response is being scored (artificial intelligence (AI) or hand-scoring) and timeline (e.g. within 24 hours).

Item #	Eval Code	Topic	Required Feature	Evidence/Info to Provide
			<p>An assessment that requires minimal teacher scoring component.</p> <p>An assessment that has a quick scoring and turn-around time.</p>	<p>Describe how the scoring rubric is developed.</p> <p>Describe the scoring quality control process, quality assurance process.</p> <p>Provide scoring specification for each item type, item specification, or item as appropriate.</p> <p>If hand scoring is utilized, describe the qualification of hand-scorers, recruitment process, and training requirements. Describe how the validity and reliability are monitored and procedures for minimizing errors.</p> <p>If AI scoring is utilized, describe the procedures and how scoring engine is trained and monitored.</p> <p>Describe how abnormal responses are detected.</p>
8.2.12	ME	Transition and Comparison	The Offeror will propose a solution to allow the state to compare the new assessment to the existing assessment.	Outline the procedures for comparing the results of the Offeror’s Solution with those of the existing vendor. Describe the methods by which the Department can maintain the continuity of spring-to-spring growth by incorporating scores from the existing assessment into the analysis of the new assessment results.
8.2.13	E	Growth Calculation	An assessment or assessment package that measures early literacy with	Provide a detailed description in the Offeror’s Solution of the growth model used (i.e., fall to spring or spring to spring) to

			reports with growth calculation.	support Idaho’s growth-based funding model in Idaho State Statute 33-1002 .
8.2.14	ME	Achievement Level Descriptors	Achievement level standards in levels or tiers that categorize student performance levels.	<p>Describe the development of achievement level standards for the Offeror’s Solution.</p> <p>Include detailed information about the process used to set cut scores.</p> <p>Provide a detailed description of the Offeror’s Solution to customize the achievement level standards to be Idaho specific.</p>
8.2.15	ME	Item Bank Development and Maintenance	The Offeror will have a robust item development and maintenance process.	<p>Describe the Offeror’s item development, item review, field-testing, and acceptance process.</p> <p>If the process allows participation from the Department and LEAs, describe how the Department or LEAs will participate in the process. This may include but be not limited to: item review, bias and sensitivity review, field testing, etc.</p> <p>Describe how the Offeror maintains the item bank (e.g. how often and how many new items are developed, analysis of new item needs and existing item pool adequacy, etc.)</p>
8.2.16	ME	Item Writing	Items are written by qualified individuals.	Describe the qualification of item writers, recruitment process, and training materials provided to the item writers.

Item #	Eval Code	Topic	Required Feature	Evidence/Info to Provide
				Describe the process for item writer performance review and possible dismissal.
8.1.17	ME	Reports	The Offeror will prepare Idaho-specific technical report annually, following the end-of-year summative assessment.	The Offeror will provide an example technical report and an outline of the technical report.
8.1.18	ME	Field Testing	The Offeror provides a robust field testing and corresponding analyses.	Describe the field testing process and outline the corresponding analyses conducted to determine the outcome of field testing.
8.1.19	ME	Scale	An assessment has a vertical scale. The Offeror provides a robust scaling and equating procedures.	Describe the scaling method and procedures for scaling equated theta scales. Describe equating method and propose an approach to independent replication of equating, if applicable.

8.3 (E) Pertinent Questions

Respond to the following questions:

Item #	Eval Code	Description
8.3.1	E	What experience does the Offeror have in Idaho Local Education Agencies?
8.3.2	E	What challenges has the Offeror seen in using computerized assessments with young learners? If so, how did the Offeror address those challenges?
8.3.3	E	What adjustments does the Offeror plan to make to the assessment or assessment package within the next 5 years and how might that affect the cost of a future contract for the Department? How often is data normed?

8.4 (ME) Minimal Technical Specifications and Solution

This is a mandatory part of the Proposal and must be completed and submitted with the Technical Proposal.

Offerors must provide a detailed response to each requirement as to how the proposed Solution complies with the requirement.

For any requirement carrying an evaluation code of "M" or "ME," any "No" or "N" **may result in the Offeror's proposal being deemed non-responsive**, in which case no further consideration will be given to the proposal. **Should the Offeror become the contracted provider, any "Yes" or "Y" response found to be incorrect, regardless of the reason, will deem the Contractor in breach of the Contract, and the Contract may be terminated, or the Contractor given an opportunity to cure the breach at its own expense by modifying the proposed Solution to meet the requirement.**

If the Department terminates the Contract, the Department will have no liability to the Contractor, financially or otherwise, for false information given by the Offeror in its proposal and retains the right to recover damages according to the Idaho Department of Education General Terms and Conditions and any special terms and conditions.

Offerors are cautioned and encouraged to seek clarifying information to any requirement by using the time set aside prior to the closing of the solicitation for receiving Offeror questions.

8.4.1 Technical- General

Item #	Eval Code	Description
8.4.1A	M	The Offeror's Solution must be provided as a hosted service. Hosting includes servers, patches, maintenance, and all services to keep the system operating 24 hours a day, 7 days a week.
8.4.1B	ME	Does the Offeror's Solution require a local client install? If so, please describe.
8.4.1C	E	For the Offeror's Solution, list any local plugins or extensions required and include version requirements, e.g. Adobe Reader.
8.4.1D	ME	The Offeror's Solution must provide intuitive, user-friendly, and responsive graphical user interface (GUI).

Item #	Eval Code	Description
8.4.1E	ME	The Offeror’s Solution will store and print customizable reports with customizable color, logo, branding.
8.4.1F	M	The Department shall own its own data and data must be available for data extracts and backups.
8.4.1G	M	The Offeror’s Solution must include mobile integration including support for Android and iOS mobile devices and apps (or similar).
8.4.1H	M	The Offeror’s Solution must be fully compatible with all commonly used, updated user operating systems to include at a minimum Windows 11, version 23H2, ChromeOS 121, and MacOS 14.4.1, iOS 17.
8.4.1J	M	The Offeror’s Solution will provide minimum requirements of local technological infrastructure required for the assessment to be administered effectively (network bandwidth, appliances, etc.).
8.4.1K	M	Security updates and maintenance upgrades to the Offeror’s Solution shall be available throughout the contract period without any additional cost to the State.
8.4.1L	ME	The Offeror's Solution will comply with the latest Web Content Accessibility Guidelines (WCAG 2.2) to ensure accessibility standards and compliance with Section 508, ADA and FERPA.
8.4.1M	ME	Describe the Offeror’s Solutions Implementation Plan.
8.4.1N	ME	The Offeror’s Solution must provide the ability to create, edit, modify, extend, open and close testing windows in a simple and efficient manner.

8.4.2 Browser and Device agnostic

Item #	Eval Code	Description
8.4.2A	M	The Offeror’s Solution is an operating system, application and/or browser agnostic works on all common platforms and browsers.
8.4.2B	M	The Offerors’ Solution supports touch screen operation.
8.4.2C	M	The Offeror’s Solution will support HTML5.

8.4.3 Integration Standards

Item #	Eval Code	Description
8.4.3A	M	The Offeror's Solution supports easy export of data to industry standard SIS/LMS/IMS.
8.4.3B	M	Describe how the Offeror's Solution integrates with industry standard SIS/LMS/IMS (rostering, data flow etc.).
8.4.3C	M	The Offeror's Solution will require that students rostered in the platform have a state education identifier (EDUID) entered/recorded/rostered in the platform.
8.4.3D	E	The Offeror's Solution has an open API which partners can use to build out integrations.
8.4.3E	ME	The Offeror's Solution must have multiple rostering methods to support the various LEA sizes (e.g., Manual in site, file uploads, APIs). Describe the rostering system that accepts large data updates, daily if needed, to students who have been identified to take the assessment. Please provide additional details of any additional methods of rostering available to LEAs such as Clever, Classlink, etc.
8.4.3F	ME	The Offeror's Solution must outline a process for data validation.

8.4.4 Hosting Requirements

Item #	Eval Code	Description
8.4.4A	ME	Describe how the Offeror's Solution is experienced in hosting and managing an assessment solution.
8.4.4B	ME	The Offeror's Solution shall describe their hosting environment. The Offeror shall include a copy of the most recent audit. If the service is hosted by a third party, the Offeror shall provide detailed information of that hosting solution.
8.4.4C	M	The Offeror's Solution will be uptime 24x7, 99.99% availability.
8.4.4D	M	The Offeror's Solution will have all client's data separated from other clients.

Item #	Eval Code	Description
8.4.4E	ME	The Offeror's Solutions maintenance is predictable and scheduled. Describe maintenance windows and how this information will be communicated to system users.
8.4.4F	M	The Offeror's Solution supports the ability to archive and recover content & work.
8.4.4G	ME	The Offeror's Solution shall describe their backup and disaster recovery plan.
8.4.4H	M	The Offeror's Solution is required to retain data for the duration of the contract, as well as for an additional five years following the end of the contract.
8.4.4J	M	The Offeror's Solution shall ensure that all data processed, stored, and maintained in the solution shall NOT leave the borders of the United States. This shall include all online storage as well as data backups and archived data.
8.4.4K	ME	The Offeror's Solution shall describe how the Department retrieves its data in a form that can be used in the event of contract termination or expiration.

8.4.5 User Management

Item #	Eval Code	Description
8.4.5A	ME	The Offeror's Solution will support all Single Sign On. Provide details on how each LEA may utilize SSO.
8.4.5B	M	The Offeror's Solution must require individual usernames and passwords for every user.
8.4.5C	M	The Offeror's Solution must store authentication credentials in an encrypted format.
8.4.5D	M	The Offeror's Solution must provide for a multifactor authentication mechanism for accounts other than students.

Item #	Eval Code	Description
8.4.5E	ME	The Offeror's Solution must log unauthorized access attempts by date, time, user ID, device, and location. Additional details may be logged. Logs must be accessible to the Department.
8.4.5F	M	Different profiles in the Offeror's Solution can be configured for different user groups such as teachers, students, groups, admins, etc., and specific access can be granted to each group.
8.4.5G	M	The Offeror's Solution must enable creating, editing, and assigning groups. Students should be able to belong to multiple groups based on student contact to permit authorized access to given student data. For example, a Special Education teacher and classroom teacher must be able to have access to the students he/she teaches. This may be the same student.
8.4.5H	M	In the Offeror's Solution authorized IDE System Managers must be able to make changes to the system (e.g., cut scores, tiers etc.) at no additional costs (whether technical support is required).
8.4.5J	M	The Offeror's Solution will allow Administrators to impersonate user for troubleshooting purposes and must be logged and auditable.
8.4.5K	M	The Offeror's Solution supports self-service password resets for non-student accounts.
8.4.5L	M	In the Offeror's Solution the Administrators can quickly and easily create, suspend, disable, re-enable an account.
8.4.5M	ME	In the Offeror's Solution describe the user creation process (manually or imported from other systems or files).
8.4.5N	ME	Describe how in the Offeror's Solution changes to accounts can be made individually or en masse by an Administrators.
8.4.5P	ME	Describe in the Offeror's Solution how permissions can be easily managed for each user.
8.4.5Q	M	In the Offeror's Solution, Administrators can be restricted to managing specific user levels (e.g., school level admins, district level admins, state level admins etc.).

Item #	Eval Code	Description
8.4.5R	M	The Offeror's Solution must have the capacity to allow all necessary administrative users to use the system concurrently.
8.4.5S	M	The Offeror's Solution must have the capacity to allow all necessary students to test concurrently.
8.4.5T	ME	Describe how the Offeror's Solution would automatically log authorized user (admin, proctor, teacher, and student) activity [such as testing activity; system changes; setting changes; etc....] Provide details on how to view the logs and activity.
8.4.5U	ME	Describe how the Offeror's Solution would allow testing across different testing environments (on-site vs remote).

8.4.6 Technical- Security

Item #	Eval Code	Description
8.4.6A	ME	In the Offeror's Solution, describe security standards or frameworks the solution is aligned to (i.e., NIST Cyber Security Framework, NIST SP800-53r5, ISO 17799, ISO 27001, CIS Controls, etc.).
8.4.6B	ME	Describe the Offeror's Solution vulnerability management system. The Solution shall have an annual penetration test, with an annual report to the state.
8.4.6C	ME	Describe the Offeror's Solution security audits of solution and audit reports shared with the Department (i.e., SOC).
8.4.6D	ME	All data in the Offeror's Solution must be encrypted during transmission, use and at rest. Describe how data is stored and how data security is addressed.
8.4.6E	ME	The Offeror's Solution controls access to application functions through role-based access controls. Describe the various roles.
8.4.6F	ME	Describe the Offeror's Solution security rules such as maximum number of incorrect login attempts, session timeout, etc.
8.4.6G	ME	Outline the Offeror's Solution procedures for managing and notifying in the event of a cybersecurity incident or data breach. Specify the individual responsible for reporting such incidents or breaches.

Item #	Eval Code	Description
		Requirements should comply with the Idaho Department of Education Special Terms and Conditions for Cloud Services.

8.4.7 Technical- Reporting

Item #	Eval Code	Description
8.4.7A	M	The Offeror's Solution must allow all reports to be printed.
8.4.7B	M	The Offeror's Solution must have the ability to report user statistics (the length of time a student was testing, the amount of time spend on each question, the last time the student logged in, etc.).
8.4.7C	ME	In the Offeror's Solution describe reporting output formats such as PDF.
8.4.7D	ME	The Offeror's Solution has the ability to create, save, and schedule custom reports.
8.4.7E	M	The Offeror's Solution reports have consistent header information, e.g., title, district/school, report number, which can be customized by Department.
8.4.7F	M	The Offeror's Solution shall have detailed user activity reports such as time spent per question on assessments, time spent adding/changing content, completed activities.
8.4.7G	M	The Offeror's Solution shall have log files and audit trails for policy enforcement that detail who has access and/or modified which data.
8.4.7H	ME	The Offeror's Solution must collaborate with Department Staff and develop business rules and file specifications consistent with existing practices for data file layout, data processing, and reporting (this must include the turnaround time for the Department to receive the data after the testing window closes).

8.4.8 Technical-Support

Item #	Eval Code	Description
8.4.8A	ME	In the Offeror's Solution, provide an example service level agreement (SLA) with at min. response time, outage response, and other industry standard items.

Item #	Eval Code	Description
8.4.8B	M	In the Offeror's Solution, system support must only be provided by the contractor, or a subcontractor approved by the Department.
8.4.8C	M	User functional documentation is provided with the Offeror's Solution.

9. COST PROPOSAL AND BILLING PROCEDURE

9.1 (ME) Cost Proposal

Use the format established in Attachment 4 to respond to the RFP Cost Proposal and identify it as “Cost Proposal – 25-2700, Idaho Reading Indicator.” Altering the format may result in a finding that the Proposal is non-responsive.

The Offeror must provide a fully burdened rate, which must include, **but not be limited to**, all operating and personnel expenses, such as: overhead, salaries, administrative expenses, profit, and supplies.

9.2 Billing Procedure

The Contractor must provide a signed invoice upon the Department’s acceptance of each line item. The invoice must be submitted no later than thirty (30) calendar days after acceptance. No invoice shall be accepted or paid without receipt of required documentation. Invoices submitted without the required documentation will be returned to the Contractor for resubmission.

The Contractor must provide the following information with each invoice:

9.2.1 Idaho Department of Education contract number

9.2.2 Identification of the billing period.

9.2.3 Total dollar amount billed for the billing period.

9.2.4 Detailed description of services/products provided and associated number of hours/\$ amounts, as appropriate.

9.2.5 Name of authorized individual/contact information for Contractor.

10. PROPOSAL REVIEW, EVALUATION, AND AWARD

The Department’s objective in soliciting and evaluating Proposals is to ensure the selection of a firm or individual that will produce the best possible results for the funds expended.

10.1 Overview

10.1.1 All Proposals will be reviewed first to ensure that they meet the Mandatory Submission Requirements of the RFP as addressed in Sections noted with an (M) or (ME). Any Proposal(s) not meeting the Mandatory Submission Requirements will be found non-responsive.

10.1.2 Evaluation Criteria

Mandatory Submission Requirements	Pass/Fail
Business Information (Section 6)	100 Points
Organization and Staffing (Section 7)	100 Points
Scope of Work-Project Approach (Section 8)	500 Points
Oral Presentations or Demonstrations (if conducted)	200 Points
Cost Proposal (Attachment 4)	300 Points
Total Points	1,000 Points
Total Points with Presentations	1,200 Points

10.2 Technical Proposal

10.2.1 The Technical Proposal will be reviewed first on a “pass” or “fail” basis to determine compliance with those requirements listed in the RFP with an (M) or (ME). All Proposals determined by the Department, in its sole discretion, to be responsive in this regard will continue in the evaluation process outlined in this Section.

10.2.2 Technical Proposal will be evaluated and scored utilizing one (1) or more Technical Proposal Evaluation Committee(s).

10.2.3 The scores for the Technical Proposal (Sections 6, 7, and 8) will be normalized as follows: The proposal with the highest raw technical score will receive all available Technical Points: 700

points. Other proposals will be assigned a portion of the maximum available points, using the formula:

$$700 \quad X \quad \frac{\text{raw score of Technical Proposal being evaluated}}{\text{highest raw technical score.}}$$

10.3 Oral Presentations/Product Demonstrations

10.3.1 At the Department’s discretion, up to three (3) Offerors with the highest raw score after the evaluation of the Technical Proposal is complete, may be asked to make oral presentations or product demonstrations. If presentations or demonstrations are conducted, they will be mandatory for all invited. Offerors will be evaluated.

10.3.2 The scores for Oral Presentations/Product Demonstrations will be normalized as follows: The Oral Presentation/Product Demonstration with the highest raw score will receive all available Oral Presentation/Product Demonstration Points: 200 points. Other proposals will be assigned a portion of the maximum available, using the formula:

$$200 \quad X \quad \frac{\text{raw score of Presentation/Demonstration evaluated}}{\text{highest raw Presentation/Demonstration score.}}$$

10.4 Cost Proposal

10.4.1 If Oral Presentations/Product Demonstrations are conducted, the Cost Proposal will be opened and evaluated only for the Offerors who are invited to and provide Oral Presentations/Product Demonstrations. If Oral Presentations/Product Demonstrations are not conducted, the Cost Proposal from every Offeror that is responsive up to this point will be opened and evaluated.

10.4.2 The scores for the Cost Proposal will be normalized as follows: The cost evaluation will be based on Total 5-Year Cost. The Cost Proposal with the lowest overall Total Cost will receive all available Cost Points: 300 points. Other Proposals will be assigned a portion of the maximum score using the formula:

$$300 \quad X \quad \frac{\text{lowest overall Total Cost}}{\text{Overall Total Cost being evaluated.}}$$

10.5 Award and Offeror Discussions

The Department may, at its sole option, either accept an Offeror's initial proposal by award of contract or enter into discussions with Offerors whose proposals are deemed to be reasonably susceptible of being considered for award. Discussions with individual Offerors (including the utilization of one or more rounds of "Best and Final Offer" and/or Negotiations) may be conducted. NOTE: Offerors should submit their best proposals initially, as there is no guarantee that the Department will conduct any discussions. The Department may, in its best interest, elect to award the contract to or enter into discussions with the apparent responsive, responsible Offeror whose Proposal receives the highest number of total normalized points.

10.6 Responsibilities

The RFP Lead may, at the Department's sole discretion, require the apparent high point Offeror to provide documentation to demonstrate its responsibility. The RFP Lead may request documentation including, but not limited to, credit or financial reports and references. Failure to provide requested documentation may result in the Offeror being deemed non-responsible. Nothing herein shall prevent the Department from using other means to determine the Offeror's responsibility.

10.7 Notification of Intent to Award Contract/Awarding of Contract/Reconsideration

Award of Contract will be made to the responsive, responsible Offeror whose Proposal receives the highest number of total normalized points. The Department will notify all Offerors by email of its intent to award a contract and of the evaluation scores. If the selected Offeror does not enter into a contract within ninety (90) days of notification, the Department may withdraw the award from that Offeror and award the contract to the Offeror ranked second in the evaluation process. Within five (5) working days from the date of notice of award, the responsive, responsible Offerors may submit a request for reconsideration in writing to the RFP Lead. The request shall specifically state the exact basis for reconsideration. The Superintendent of Public Instruction will, in her sole discretion, review the request and issue a written response to the request.

ATTACHMENT 1 - OFFEROR QUESTIONS

PLEASE DO NOT IDENTIFY THE OFFEROR'S NAME OR COMPANY'S NAME OR PRODUCT NAMES OF INTELLECTUALPROPERTY IN THE QUESTIONS.

ADD ROWS BY HITTING THE TAB KEY WHILE WITHIN THE TABLE AND WITHIN THE FINAL ROW.

The following instructions must be followed when submitting questions using the question format on thefollowing page.

1. DO NOT CHANGE THE FORMAT OR FONT. Do not bold the Offeror's questions or change the color of the font.
2. Enter the RFP section number that the question is for in the "RFP Section" field (column 2). If the question is a general question not related to a specific RFP section, enter "General" in column 2. If the question is in regard to a provision of the Idaho Department of Education General Terms and Conditions or any special terms and conditions, state the clause number in column 2. If the question is in regard to an attachment, enter the attachment identifier (example "Attachment A") in the "RFP Section" (column 2), and the attachment page number in the "RFP page" field (column 3).
3. Do not enter text into the "Response" field (column 5). This is for the Department's use only.
4. Once completed, this form is to be e-mailed to the RFP Lead at procurement@sde.idaho.gov. The e-mail subject line is to state the RFP number followed by "Questions."
