* Use this column when a student attending your school is a resident of another state. (Required unless you have received a SBOE exemption.) Also use this column if charging tuition to an Idaho student who lives outside of your district and is attending another Idaho public school full-time and you are NOT claiming/reporting any ADA. Charging tuition to an Idaho student living out of your district whose ADA is being claimed by another Idaho public school is optional.

** Use this column to determine the tuition rate for a part-time Idaho student living in your district who is taking classes at your school but whose A.D.A. is being fully claimed by another Idaho PUBLIC school. (Use only if no A.D.A. is being reported by your school.) (Optional)

*** Use this column if you are charging tuition for a student attending your school who lives outside of your school district but within the State of Idaho and you are claiming ADA for that student. (Optional)

ANNUAL TUITION RATE

- Monthly Per Capita Cost
 - Overall cost of educating a student
- Monthly Per Capita State Support
 - Amount of state funding received for a student
- Net Monthly Tuition
 - Difference between Monthly Per Capita Cost and the Monthly Per Capita State Support

Calculated per Idaho Code 33-1405

WHAT TUITION RATE TO USE WHEN

- Is the student from “without” the state of Idaho?
- Is the student home-schooled or attending a non-public school?
- Is the student enrolled at another Idaho public school?

IS THE STUDENT FROM “WITHOUT” THE STATE OF IDAHO?

- IC 33-1405 requires that the gross Monthly Per Capita rate be charged to all students attending an Idaho public school...*unless a waiver has been granted from the SBOE*
 - Waiver requests must be submitted before April 1 of the year prior to the waiver's effective date

IS THE STUDENT HOME-SCHOOLED OR ATTENDING A NON-PUBLIC SCHOOL?

- If the student is *not* enrolled in another Idaho public school and is under instruction at your school:
 - More than 4 hours a day, report 1.0 ADA
 - More than 2 ½ hours a day but less than 4 hours - report a .5 day ADA
 - Less than 2 ½ hours a day – accumulate the aggregate attendance for the week

Please be cautious if a student says he is being home-schooled. Students should be specifically asked if they are enrolled in or attending an online charter school.

IS THE STUDENT HOME-SCHOOLED OR ATTENDING A NON-PUBLIC SCHOOL?

- If the student is a resident of your district, *no tuition should be charged*
- If the student is not a resident of your district, *use the Net Monthly Tuition rate to capture the “local” portion of educating that student*

Please be cautious if a student says he is being home-schooled. Students should be specifically asked if they are enrolled in or attending an online charter school.

IS THE STUDENT ENROLLED AT ANOTHER IDAHO PUBLIC SCHOOL?

- Please work with the other Idaho public school if student is under instruction 2½ hours or more at each school
 - Idaho will only pay one time to educate that student
- If the student will be under instruction less than 2½ hours/day at your school **NO ATTENDANCE SHOULD BE REPORTED**
 - Attendance may not be aggregated for the week (like it is for home-schooled students)

IS THE STUDENT ENROLLED AT ANOTHER IDAHO PUBLIC SCHOOL?

- If the student is a resident of your district and you are reporting attendance, no tuition should be charged
- If the student is a resident of your district and you are not reporting attendance, the *Monthly per Capita State Support rate* may be used to determine the amount to be charged to that student
- If the Idaho student is not a resident of your district and you are not reporting attendance, the *Monthly per Capita rate* may be used to determine the amount to be charged to that student

WHAT RATE TO USE WHEN

- Monthly Per Capita Rate
 - Must use if student is from outside Idaho (unless you have received a waiver from the SBOE)
 - Use if an Idaho student from another district is attending your schools and no attendance is being reported
- Monthly Per Capita State Support Rate
 - Use if student is from within your district but is enrolled at another Idaho public school and no attendance is being reported by your district
- Net Monthly Tuition Rate
 - May use if student is from another Idaho district and you are reporting attendance
