Humanities- Dance
Highly Recommended – Grades 9-12

Publisher	Title of Material	Author	Copyright	Grade Level	ISBN Number	R=Resource Correlation*	
Human Kinetics, Inc.	A Sense of Dance, Second Edition	Constance A. Schrader	2005	9-12	9780736051897	88%	
	Key Features: Helps students with no prior training in dance understand the definition of dance, the elements of dance (time, space, and effort), how to develop "body intelligence" and a sense of style, and how to express themselves through the accessible art form of dance. Contains features in every chapter (short quizzes, highlight boxes, self-assessment exercises) to help students personalize and interact with the content while developing critical thinking and reasoning skills. Using an interactive approach, provides movement explorations, improvisations, and evaluation tools to teach students to how to understand, appreciate, discuss, and write about dance as a fine art.
