

For USDA Child Nutrition Program H1N1 information please follow the below links.

1) Go to our SDE/CNP Website

<http://www.sde.idaho.gov/site/cnp/>

2) Click the State Guidance Button

3) Click under the CNP FY09 Button

In this area you will find several different guidance's on H1N1

i.e.

Responding to School Closing for H1N1 Outbreaks Policy Memo SP-31-2009 and SFSP- 05-2009

This is a section that CNP puts all APBs (All Point Bulletins) for our sponsors throughout the state.

Please check regularly for recent updates.

FYI – the numbering system is coded in the following way:

The 31st APB this year in 2009. So this is the identification for this guidance in case anyone asks.

I hope this helps and if anyone has any questions concerning this USDA information please direct them to our website using the above pathway or have them contact the CNP section.

Sincerely, Colleen

Colleen Fillmore, PhD, RD, LD
