SCHOOL BUS DRIVERS

1000: ABS, Driving a School Bus With, “Counting on You”

5 minutes

Film shows some good tips on driving a bus with an anti-lock brake system. (Copyright 1998)

[Top](#)

1002: Accident, What to Do in Case of an VHS

20 Minutes

Discusses the following steps to take at an accident scene, whether you're involved or not: (1) Protect the scene, (2) Assist injured persons, (3) Notify authorities, (4) Notify your company, and (5) obtain information. (Copyright 1997)

[Top](#)

1004: Activities Bus, Driving The VHS

15 minutes

Helps the driver understand the added responsibilities of the planning requirements for activity bus operation.

[Top](#)

1005: Alcohol and Substance Abuse VHS

20 Minutes

Shows what to look for if someone around you is using drugs – someone who could seriously injure you in an accident. Explains in detail the symptoms of various drugs used. Motivates the viewer to support anti-drug programs in the work place. (Copyright 1994)

[Top](#)

1007: Bloodborne Pathogens for Bus Drivers VHS

15 minutes

It's important to protect the lives of children while transporting them to and from school. This video will help ensure that bus drivers understand standard precautions that can prevent the spread of blood borne pathogens.

[Top](#)

1008: Blue Bird School Bus Segment VHS

30 minutes

Idaho Bus Sales, Inc. presents: Blue Bird Bus Segment from the History Channel's Modern Marvels: The History of Buses.

[Top](#)

1009: Bus Driving Tips VHS

12 minutes

Film shows some good tips ranging from pre-tripping your bus to the actual driving. Film distributed by Navistar International. (Copyright 1988)

[Top](#)

1010: Children Are Our Future VHS

8 minutes

Newscast coverage in Columbus, Ohio, on a bus accident filled with disabled students. Display of the E-Z-ON vest with a 4-point anchor system worn by the students on the bus.

[Top](#)

1012: Conducting the Parent Conference VHS

30 minutes

Discussion to help teachers and administrators promote parental cooperation when dealing with their child's behavior. (Copyright 1995)

[Top](#)

1013: Confidential Records: Training for School Bus Drivers VHS & DVD

16 minutes

Explains the legal and practical issues concerning confidential student information contained in education records. With this information, pupil transportation officials can work more closely with school administrators and special educators to ensure that their drivers have – and use correctly – the information needed to support safe, orderly, and efficient transportation for all students. (Copyright 1999)

[Top](#)

1014: Counting on You VHS

12 minutes

General bus driving tips from pre-trip to post-trip inspection. Good overall review. (Copyright 1989)

[Top](#)

1016: Discipline and the School Bus Passenger VHS

24 minutes

Excellent film for all school bus drivers and those considering the profession of school bus driving. Motivates drivers to perform more safely and efficiently. Demonstrates safety, emergency procedures and the exacting nature of the driving task. Presents practical solutions to discipline problems in all age groups. Emphasizes prompt, firm handling of problem behavior from fistfight to vandalism. Deals honestly with major problems.

[Top](#)

1017: Driver Development Program, School Bus VHS

5 hours

A series of 10 VHS cassettes covering all aspects of training the novice school bus driver. This program is required in the training of all new drivers (IDAPA Rule 08.02.G.4,1.a.). Individual titles of this set follow and are recommended for reinforcement of good driving skills. Individual titles may be requested by VHS number. (Copyright 1990)

[Top](#)

1019: Emergency Evacuation, School Bus VHS

25 minutes

For drivers and supervisors. Explains how to make the drill safe for everyone. Shows how to prepare for the drill, getting out of the bus through all exits, where to go after exiting the bus, and procedures to make the scene secure when outside the bus. (Copyright 1997)

[Top](#)

1020: Fatigue VHS

25 minutes

Fatigue kills thousands of drivers. Fatigue May gradually become worse but not be noticed by the driver. This video describes causes of fatigue. Drivers will understand better how to recognize the signs of fatigue. Suggestions for reducing fatigue are given. (Copyright 1997)

[Top](#)

1021: Field of Vision VHS

8 minutes

A video guide to proper school bus mirror adjustment in accordance with FMVSS-111. In conjunction with Dick Fischer, this video is intended to be used as a supplement to your existing driver training programs. (Copyright 1992)

[Top](#)

1022: Fire Extinguisher Training: Using the P.A.S.S. Procedure VHS

20 minutes

Video discusses various types of fires and extinguishers. (Copyright 1997)

[Top](#)

1024: First Aid I – First on the Scene VHS **15 minutes**

Question and answer format with examples. Video should be used for refresher training and supported with hands-on training. (Copyright 1997)

[Top](#)

1025: First Aid II – Injured Victims VHS **18 minutes**

Question and answer format with examples. Video should be used for refresher training and supported with hands-on training. (Copyright 1997)

[Top](#)

1026: First Aid III – Outside Forces VHS **18 minutes**

Question and answer format with examples. Video should be used for refresher training and supported with hands-on training. (Copyright 1997)

[Top](#)

1027: First Aid IV – Crisis Responses VHS **20 minutes**

Question and answer format with examples. Video should be used for refresher training and supported with hands-on training. (Copyright 1997)

[Top](#)

1028: Five Steps to Safety (Protection from Infectious Diseases) VHS **10 minutes**

Proper procedures for using a body fluid clean up kit to protect drivers from infectious diseases.

[Top](#)

1031: Fox River Grove Accident VHS **5 minutes**

Replica of the October 25, 1995, Fox River Grove incident.

[Top](#)

1034: Guarding Against Infection VHS **12 minutes**

Anyone can be carrying a deadly virus. It is critical that everyone knows how to protect themselves from contagious and potentially serious diseases. This video explains the OSHA rules regarding Universal Precautions. (Copyright 1996)

[Top](#)

1036: Heads Up at the Wheel: Home Safe VHS **11 minutes**

Presentation on staying awake at while driving. (Copyright 1996)

[Top](#)

1037: Hijackings: The Prevention Training Video, School Bus VHS **20 minutes**

Learn how to detect signs of potential hijackers, react appropriately to those signs, and maintain the safety of the children. (Copyright 1997)

[Top](#)

1040: Intervention Strategies for School Bus Drivers VHS **19 minutes**

[Top](#)

1041: Integrated Child Restraint Seat VHS **10 minutes**

Instructions on how to use the integrated child restraint seat, which makes the bus rides safer for small children and infant seats.

[Top](#)

1042: Intersections VHS **25 minutes**

Dangers are present at every intersection. Whether “controlled” or “open,” intersections require caution. The right of way rules applying at intersections, both “written” and “unwritten,” are explained. Also discusses how terrain and weather conditions and common courtesy can affect a driver’s decision as to when to accept that right of way. (Copyright 1997)

[Top](#)

1044: Master Teacher Series (7 Volumes) **20 minutes each**

This series of 7 videos will help provide bus drivers with consistent direction and training for the many situations they will encounter beyond driving safety. It is not intended as a basic driving course, but rather as a source of information and help for the most common “people” issues faced by bus drivers today. (Copyright 2002)

[Top](#)

1046: Middle School Child and Discipline, The VHS **3 hours**

Presentation given by Dr. Michael Moody during the 1992 Transportation Supervisors' Workshop in Idaho Falls.

[Top](#)

1047: Minnesota School Bus Drivers Development Series (6 Volumes)

Vol. I	Pre-Trip Inspection, VHS Demonstrates a good pre-trip inspection.	<u>16 minutes</u>
Vol. I	Emergency Procedures, VHS How to handle breakdown emergencies and accidents.	<u>21 minutes</u>
Vol. II	School Bus Driving Techniques, VHS More in-depth driver techniques. Some slight differences between Idaho and Minnesota state codes, but still a good film.	<u>10 minutes</u>
Vol. II	Fundamentals of Bus Driving, VHS Shows how a school bus differs from an automobile and provides the basic techniques needed to safely drive a school bus.	<u>10 minutes</u>
Vol. IV	Ghosts of Crossing Grade X, The, VHS Depicts what can happen at railroad crossings and how to avoid a collision with a train from a ghost's viewpoint.	<u>19 minutes</u>
Vol. IV	School Bus Emergency Evacuation, VHS Proper procedures for bus evacuation including what students should do if the driver is incapacitated.	<u>12 minutes</u>
Vol. V	Are You Reading Me?, VHS Covers road signs and the importance in reading them.	<u>9 minutes</u>
Vol. V	Children in Traffic, VHS Deals with how children perceive traffic and various traffic situations.	<u>13 minutes</u>
Vol. VI	Freeway Driving, VHS Good video for rural schools that take field trips to the city plus metropolitan schools.	<u>14 minutes</u>
Vol. VI	Sharing the Road with Big Trucks, VHS Video uses trucks and cars for reference, but is a good video for dealing with trucks in the city, on the freeways, two-lane highways and mountains.	<u>18 minutes</u>

[Top](#)

1049: Night Driving VHS

16 minutes

The loss of light always makes night driving more dangerous. In the distance you see only lights, reflections, and shadows. Not only are the conditions worse, more impaired drivers are out at night. A driver must be ready to make the most of the light that is available. (Copyright 1995)

[Top](#)

1051: Passing – Changing Lanes VHS

25 minutes

Every pass, every lane change, exposes the driver to danger. When should you do it and how should you do it, legally and safely? Offers strategies for travel on multi-lane highways and for travel in two-way traffic. (Copyright 1997)

[Top](#)

1053: Pre-trip Inspection, School Bus VHS **14 minutes**

Pre-trip inspection of a school bus is a federal requirement. This film shows how to check dashboard instruments, air brakes, lists and emergency equipment, plus under-the-hood items. During a circle tour of the bus, the driver is taught to check mirrors, wheels, tires, brake lights, flashers and turn signals. A condensed version of a complete brake system check out is also presented.

[Top](#)

1054: Precision Backing – Transit (Behind-the-Wheel) VHS **30 minutes**

Video discusses precision backing techniques for large school buses. Also discusses mirror usage and adjustments. (Copyright 1997)

[Top](#)

1055: Precision Right and Left Turns – Small Buses (Behind-the-Wheel) VHS **45 minutes**

Video uses a small school bus and goes through both rounded and sharp turns using reference points. (Copyright 1997)

[Top](#)

1056: Precision Right and Left Hand Turns–Transit (Behind-the-Wheel) VHS **45 minutes**

Video uses a large school bus and goes through both rounded and sharp turns, using reference points. (Copyright 1997)

[Top](#)

1058: Pre-trip Inspection and Brake Test-Transit (Behind-the-Wheel) VHS **50 minutes**

Video uses a large school bus and goes through the pre-trip inspection and brake test. (Uses a California bus with red loading lights only). (Copyright 1997)

[Top](#)

1060: Railroad Crossings VHS **15 minutes**

The potential for a deadly accident exists at any railroad crossing. A train in motion can take over a mile to stop. A driver must be alert to the hazards that exist so that the bus and its passengers are never in danger. (Copyright 1996)

[Top](#)

1061: Safe Driving Principles VHS

18 minutes

Presents examples of many potential driving hazards a school bus driver faces during a daily run and how to prepare for them.

[Top](#)

1062: Safe Following Distance VHS

25 minutes

Tailgating causes thousands of preventable accidents. The “two second/four second” and vehicle length rules are explained. Additional information shows how changing conditions affect safe following distance: weather, road condition, traffic congestion, wind resistance and vehicle speed. (Copyright 1997)

[Top](#)

1063: Safest Way Out, The: Driver Version VHS,

12:20 minutes

Shows drivers how to properly prepare for and conduct an emergency school bus evacuation. Demonstrates how to assist children in evacuating the bus quickly, how to use all types of emergency exits, and how to secure the scene once the bus has been evacuated. (Copyright 1997)

[Top](#)

1064: Safety Guard Crossing Arms and Stop Arms VHS

8 minutes

Demonstrates benefits of safety crossing control arms and stop arms. Specialty Manufacturing Co., Inc., Charlotte, North Carolina.

[Top](#)

1066: School Bus Drivers: Positively in Control VHS

13 minutes

This will help teach your driver’s that with a quick attitude check before boarding the bus, they can manage students, operate safely and efficiently and be positively in control! Other training tips include correct examples of preventive measures drivers can take to improve the safety of students and ensure safe bus operation.

[Top](#)

1069: School Bus Passenger: Around The Bus VHS

16 minutes

Nearly one-third of the student fatalities in school bus accidents result from students being hit by the bus they ride. Describes the actions required of the bus driver to make sure the students load and unload safely. Explains how, when and where the vehicle should be stopped – and where it should not be stopped. Emphasized is communication with the passengers and with other motorists. (Copyright 1993)

[Top](#)

1070: School Bus Passenger: On The Bus VHS **18 minutes**

The school bus driver must have control over the bus and the passengers. When there are passengers, smooth driving is a safety item. Explained are rules for handling the equipment as well as requirements for dealing with passengers. The driver who has a good attitude and knows what to do at all times, including emergencies, will have the best driving record. (Copyright 1993)

[Top](#)

1071: School Bus Safety - Bus Stops and Danger Zones VHS **11 minutes**

A film presentation on student school bus safety featuring segments on danger zones, safety at the school bus stop, and front-cross procedures.

[Top](#)

1072: Shelley School District #60 VHS

1997 ISP Ride Along and School Bus Safety.

[Top](#)

1076: Tires, “The Critical Factor” VHS **10 minutes**

Tire blowout by Michelin. (Copyright 1998)

[Top](#)

1078: Violence Prevention VHS **45 minutes**

Consists of manual (PDF file to be sent by email) and two videos.

Video 1 – **“A Vision of Hope – Preventing Violence”** **15 minutes**

Examines our culture of violence and ways we can reverse its rising tide to create safe and healthy communities.

Video 2 – **“Preventing Violence – Hope in Action”** **30 Minutes**

Demonstrates how people from all walks of life and various circumstances are working together to improve the lives of youth and the health and safety of their communities. (Copyright 1997)

[Top](#)

1080: Watching Out VHS **25 minutes**

A fundamental that is most basic to safe driving is knowing how to use the eyes so that you can be alert to changing conditions. Proper use of the eyes must become a habit, keeping the eyes moving, recognizing and avoiding distractions, being alert for “blind spots” and properly aiming in the distance. (Copyright 1997)

[Top](#)

1081: Who's Liable? VHS

19 minutes

Have any of your drivers ever asked the question: "If I have an accident which seriously injures another person or causes substantial damage to someone's property, how well am I protected against a liability suit? This program provides the answer to complicated legal issues including the four conditions that have to be met to prove liability duty, breach of duty, cause, and damage or injury. Examples of actual court cases help drivers understand these terms and how they apply when determining the fault in case of an accident. The program also covers the potential for personal fault or liability by the driver.

[Top](#)

1083: You Can Make a Difference VHS

Presentation of Dr. Clifford M. Lee at the 1992 Idaho Pupil Transportation Conference.

[Top](#)

1084: You and Your Bus – A Perfect Fit VHS

15 minutes

Video used in Idaho's Train-the-Trainer programs. Based on the nationally acclaimed Dick Fischer Driver Training Program. (Copyright 1997)

[Top](#)

1085: Accident Procedures VHS

30 minutes

This training program is designed to serve as basic training for new school bus drivers and refresher, or post-incident, training for veterans. This teaches the driver to have a proper, thorough procedure to follow at the scene of a crash. (Copyright 2003)

[Top](#)

1087: Defensive Driving VHS

10 minutes

The main objective is to instruct drivers on the critical elements of defensive driving. A secondary objective is to establish an internal alarm system in drivers that causes them to constantly drive defensively and anticipate hazards. (Copyright 2003)

[Top](#)

1088: Driving Techniques VHS

30 minutes

The main objective is to establish an internal alarm system in drivers that causes them to constantly – even subconsciously – drive defensively and anticipate hazards. Also, to instruct all drivers on the critical elements of safe driving techniques. (Copyright 2003)

[Top](#)

1089: Emergency Maneuvers VHS**30 minutes**

The main objective is to instruct all drivers of the critical elements of emergency maneuvers. Also, to establish an internal alarm system that causes them to constantly know when and how to use evasive maneuvers to handle a driving emergency. (Copyright 2003)

[Top](#)**1091: Passenger Safety VHS****30 minutes**

This training program is designed to serve as basis training for new school bus drivers and refresher, or post-incident training for veterans. The main objective is to cause drivers to watch out for their passengers' safety and to demonstrate techniques that drivers can use to ensure students' safety. (Copyright 2003)

[Top](#)**1092: Seeing Hazards VHS****10 minutes**

This is used to instruct drivers on the critical elements of seeing hazards. Establishes an internal alarm system that causes them to constantly know when and how to use evasive maneuvers to handle seeing hazards. (Copyright 2003)

[Top](#)**1093: Using Your Mirrors VHS****10 minutes**

This training program is designed to serve as basic training for new school bus drivers and refresher, or post-incident, training for veterans. The main objective is to instruct all drivers of the critical elements of properly adjusting and using their mirrors. A secondary objective is to establish respect for the importance of mirrors in helping drivers maneuver their vehicles safely. (Copyright 2003)

[Top](#)**1094: Vehicle Inspections****10 minutes**

The main objective of this video is to provide training to all school bus drivers on the importance of implementing and maintaining a proper, thorough vehicle inspection process, and to follow that same process every time they inspect their bus. (Copyright 2003)

[Top](#)**1095: Defensive Driving Skills (For School Bus Drivers) DVD****20 minutes**

What should a bus driver do when their bus is descending a hill too quickly? How do you retain control of a bus, following a blowout? When driving in sleet or snow, what should a bus driver be looking for? What are the differences between driving at night, versus driving during the day? How can a driver avoid blind spots when approaching or

leaving a loading zone? These are only a few of the issues that this video addresses. Ideal training tool for any level of bus drivers.

[Top](#)

1096: How to Control Bullying on the School Bus DVD

24 minutes

This video discusses preventative techniques in order to avoid bullying. Some of the techniques include the consequences of bullying, the need to pay attention to student feedback regarding bullying, how to combat bullying by using a team effort, and getting school officials involved. Also, the video goes over early signs, for the driver, indicating when a student might be bullied.

[Top](#)

1097: How to prevent Violence on the School Bus DVD

22 minutes

This DVD goes over the more serious violent situations, i.e. bringing a gun onto the school bus and the possibility of hijacking. Each situation is provided with a scenario and a correct response, along with intermittent breaks to discuss how a bus driver might handle the situation.

[Top](#)

1098: Intervention Strategies for School Bus drivers DVD

22 minutes

This DVD presents different scenarios of student behavior from not listening to direction from a school bus driver to fights between students on the school bus. The DVD goes over the incorrect way to the correct way, to gain respect and trust from the students. It also shows positive methods, and indicates how those can be more effective than using negative ones.

[Top](#)

1099: Best Practice Series VHS

Vol. 1: If Buses Could Talk – The Importance of Staff Moral

18 minutes

This humorous but thought-provoking video imagines what buses might say about their drivers if they could talk in regards to driving skills morale with the effects of gossip. This video will get drivers and other transportation staff laughing, talking and thinking about the relationship between morale, professionalism, and safety. (Copyright 2003)

Vol. 2: Someone who Made a Difference – Key Role of Bus Attendants 18 minutes

This moving story about a student reflecting how a bus attendant touched her life during a very difficult period demonstrates what a powerful positive influence bus attendants and bus drivers can have upon children in today's troubled world. This video will stimulate discussion and reflection in your frontline transportation staff about attitude, professionalism, and caring. (Copyright 2003)
