ISEE Staff Data Guidance Manual
2016-2017 School Year

INTRODUCTION

The Idaho State Department of Education (SDE) Idaho System for Educational Excellence (ISEE) is designed to consolidate data collection and to improve reporting.

Data provided in this collection process will be used in determining: Salary Based Apportionment Funding, School Accreditation Status, and Average Yearly Progress. Also, it provides the basis from which statistical summaries are compiled. Local education agencies, the Idaho State Department of Education, and other governmental entities (both state and federal) use the summaries for decision-making. The summaries also provide information to other individuals and organizations interested in Idaho public education.

The cooperation of all Idaho schools and administrators is needed in order to provide complete and accurate information for the advancement of public education programs.
New for 2016-2017:

Data Elements: new Master Course File.

Career Ladder Mapping for Pupil Service Staff:

- Staffing reports - new and updated (see Appendix B).
- Establishing cohorts for new hires - experienced instructional staff who hold a certificate but did not hold an active Idaho contract during the 2014-15 school year (updated ISEE Form 8).

- Establishing cohorts for new hires - experienced pupil service staff who hold a certificate but did not hold an active Idaho contract during the 2015-16 school year (new ISEE Form 9).
- Pupil Services Staff - See Appendix C – List of Pupil Service Assignment Codes and assignment category changes for 2016-17.

Education allocations, 2nd year phase in:

- Bachelor degree + 24 credits - $800

I. ISEE Staff Data Collection

I.C. §33-1004D. REPORTING – Idaho basic education data system.

“For each employee of the school district, a report shall be made in a format prescribed by the State Superintendent of Public Instruction, which shall include sufficient identifying information to provide individual verification, education, teaching experience, and other district employment information. The form shall be filed with the State Department of Education not later than October 15 of each school year.”

The Idaho State Department of Education has established the following guidance and procedures for submission of this data.

General Information

ISEE is a comprehensive data submission consisting of twelve files. Each file consists of data elements pertaining to students, staff, courses and locations. For the purpose of this manual, only two files are covered: Staff Demographic & Employment and Staff Assignments.

2016-2017: There are six (6) data uploads during the year. Refer to SDE ISEE data submission schedule for specific timelines (http://www.sde.idaho.gov/tech-services/isee).

The staffing portion of Salary Based Apportionment is calculated using staff demographic and staff assignment data as of a “snapshot” date:

**Last Friday in September** - District/Charter submits staff demographic and staff assignment data as of the last Friday in September (September 30, 2016) - a “snapshot” in time.

*October 17, 2016* – All staff and assignment data must be uploaded using the SRM tool. The data must be free of errors and validated. No other format will be accepted. (I.C. §33-1004D).

*When October 15 falls on a weekend or holiday, the report is due on the next business day.

**Friday December 09, 2016** – Last day to submit staffing corrections for the February 15, 2017 payment.

Revisions submitted after December 09, 2016 will not be reflected in the February 15 payment.

Corrections submitted after December 09, 2016 will be considered for the May 15, 2017 payment only if approved by Public School Finance (PSF). For approval, the following requirements must be met:

- A letter of special circumstance must be sent to PSF.
- The letter must be signed by the district superintendent or charter school administrator.
- The letter must contain an explanation of the special circumstance(s) causing the revision(s).
- Each change to a data element must be identified.
- Supporting documentation may be requested.

Corrected files submitted without the approval of PSF will not be processed. The last day to submit *mid-term revised data is Friday, March 24, 2017. (Terminology changed from “First Period” to “Mid-Term”. The time period has not changed.)*

Revisions submitted after March 24 will be processed in the following fiscal year. There will be no year-end staffing revisions for the July payment.

Annual Staff Statistical Data (staff salaries and staff activities) shall be published on January 1 each year (I.C. §33-135). All data submissions must accurately reflect correct information with regards to classes, teachers, and teacher roles.
Please work with your IT regional coordinators to assure student course enrollment records are completed accurately and correlate to the teacher assignment records.

**Employees Whom ISEE Information is Required**

Public School Districts/Charters must report *all positions employed on a regular basis*. (Failure to submit accurate ISEE data may impact accreditation and/or state funding.)

Information must be updated each school year to reflect the activities of the district/charter for:

1. Returning Employees
2. New Employees
3. Employees terminated after July 1 (for those employees not terminated in the prior year and who are not returning to the district or charter school with a current year contract).
   a. Update records: years of experience (if applicable), employment status, termination date, and termination reason. **Caution:** Conflicting demographic data records may impact funding and interfere with a teacher’s Career Ladder placement.

**Employees Whom ISEE Information is Not Required**

1. Persons employed during emergencies.
2. Irregular help (i.e., short term substitutes), volunteers and student food service employees.
3. Non-District/Charter Contracted Staff (report on manual ISEE form 6)

**Professional Personnel (I.C. § 33-513 & I.C. § 33-5206), Staff Categories (I.C. §33-1004), and Certificate Required (I.C. § 33-1201).**

All Administrative, Pupil Service and Instructional staff must hold the appropriate contract and certification for the service being rendered.

For funding purposes, staff members are categorized as:

1) **Administrative staff** – those who hold an administrator certificate and are employed as a superintendent, an elementary or secondary school principal, or are assigned administrative duties over and above those commonly assigned to teachers. Subject codes 4X.

2) **Pupil Services Staff** - those who provide services to students but are not involved with the direct instruction of those students, including staff holding a pupil services certificate. Includes counselors, speech therapists and school nurses. *(See Appendix C – List of Pupil Service Assignment Codes and assignment category changes for 2016-17.)*

3) **Instructional Staff** - those involved in the direct instruction of a student or group of students and who hold an Idaho certificate issued under I.C. §33-1201 (Certificate Required, Idaho Code). *(See 2016-2017 SDE Assignment Credential Guide.)*

4) **Classified (Non-certificated)** – Subject area 9X

Refer to: [2016-2017 SDE Assignment Credential Manual](https://www.sde.idaho.gov) for the most current information and updates.
**Professional Personnel (I.C. §33-513)**. “The board of trustees of each school district, including any specially chartered district, shall have the following powers and duties:

- To employ professional personnel, **on written contract** in form approved by the state superintendent of public instruction, conditioned upon a valid certificate being held by such professional personnel at the time of entering upon the duties thereunder.”
- “In the case of school districts other than elementary school districts, to employ a superintendent of schools….”
- ”To employ assistant superintendents and principals…”

**I.C. § 33-5206.** “Employment of charter school teachers and administrators shall be on written contract in form as approved by the state superintendent of public instruction, conditioned upon a valid certificate being held by such professional personnel at the time of entering upon the duties thereunder”.

**Certificate required (I.C. § 33-1201).** “Every person who is employed to serve in any elementary or secondary school in the capacity of teacher, supervisor, administrator, education specialist, school nurse or school librarian shall be required to have and to hold a certificate issued under authority of the state board of education, valid for the service being rendered”.

**Non-Certificated (classified) staff** are employees for which retirement and social security payments are withheld, but whose occupant are not required by law to hold a professional certificate issued under the authority of the Idaho State Board of Education. **However, funds may be withheld for misassignment if standards exist for the service being provided and the person does not qualify for the required certifications**.

Examples include business managers, office and clerical personnel, janitors, building/grounds workers, carpenters, painters, repairmen, mechanics, bus drivers, school food service workers, and teacher assistants employed on a regularly scheduled basis.

*New in 2016-17: Occupational Therapist and Physical Therapist are new classified assignments and no longer treated as certificated staff for funding purposes.*

**For the purpose of this data collection, employees are referred to as certificated or as non-certificated.**

Do not use non-certificated assignment codes to report positions for which certification standards exist. **State funds may be withheld if such employees are omitted or improperly reported regardless of the funding source.** (I.C. §33-1002(6)(d)).

**Employees Performing both Certificated and Non-Certificated Assignments**

If a person is employed by a school district/charter in both a certificated and non-certificated capacity, ISEE information must be submitted for both the certificated and non-certificated positions. Do not add non certificated pay to the base salary or include the fte with the contract fte.

*Example: A classroom teacher who also drives a school bus before and after school.*

**Employed in Multiple Districts/Charters**

An individual may be employed or shared by more than one district/charter. Each district/charter is responsible for reporting their portion of the FTE, salary, and assignment information on the ISEE system. **Be aware that conflicting demographic data records, such as experience and education, may impact your funding.**

**Reconcile Current Year to Prior Year Data**

The district/charter is responsible for reconciling current year staff data with prior year staff data. Add new employees. Update years of experience and education for certificated staff. Update records for terminated/inactive staff: years of experience (if applicable), employment status, termination date, and termination reason. **Caution: conflicting demographic data records may impact funding and interfere with a teacher’s Career Ladder placement.**
**Non-District/Charter Contracted Staff**

Data should be completed for all contracted personnel who are not directly employed by the district. A “non district” employee means a person for whom the school district does not pay the employer’s obligations for employee benefits. These are positions that are not paid through your payroll system. This would include contracted professionals such as Psychologists and Speech/Language Pathologists (*a person employed by district trustees as an independent contractor; paid through purchase services and issued a 1099 form*).

Districts/charters with non-district contracted staff must submit data for certificated positions using ISEE Staff Form 6 (*See Appendix A for example*).

**Contracted individuals performing ”certificated" duties must meet the State Board of Education certification standards and be reported regardless of their funding source.**

Districts/Charters contracting for a complete service such as a janitorial service should contact the SDE for assistance in determining and classifying the salary portion of the contract. *Non-district forms are not required for contracted pupil transportation.*

**Reviewing ISEE Information and Reports**

Each district/charter is responsible to review and validate all information relating to the ISEE data. Any discrepancies should immediately be brought to the SDE’s attention, corrected, and resubmitted. After the October files are submitted, review the following reports for accuracy and completeness:

1. All Personnel Employment Info- V6 (all funds, all staff)
2. District Index (*Administrative staff with fund source code 10 only*)
3. Employment Placement Report (*Administrative staff with fund source code 10 only*)
4. Instructional Staff Fte and Salary Report Including Summer School (*fund source code 10*)
5. **Pupil Service Staff Fte and Salary Report Including Summer School (NEW) (fund source code 10)**
6. Staff Salary Summary (all funds)
7. Staff Salary Summary (fund source code 10)
8. Staff Assignments Fte Variance (all funds, all certificated staff)

All employees on your payroll must be listed on the All Personnel Employment Info V6 report. Review the Employment Placement report to assure all certificated administrative staff coded to fund 10 are reported accurately and the fte and factored fte are correct. Reconcile the reports to payroll records and budgeted estimates to assure accuracy.

*See Appendix B for examples of reports and the applicable business rules.*
II. Basics of ISEE Reporting

All districts/charters are required to upload staff and assignment data using the SRM tool. No other method will be accepted.

Data Elements Used in the ISEE Staff Reporting Process
Data elements are uploaded using the SRM tool. Proper coding is essential when entering data into the system. Refer to SDE website - ISEE (http://www.sde.idaho.gov/site/isee/). Check for updates. Guidelines and documents are updated on this site throughout the year.

III. Staff Demographics, Employment, and Assignments
Review all existing personnel records for completeness and accuracy. Update and review demographic files.

Basic Demographic Data Elements Required for all Staff Members (section 6).

Unique Identification Number
ISEE data collection uses the staff members unique Idaho Staff Identification Number (EDUID). Thus, the accuracy of this number is essential.

This number links all records on an individual within ISEE (i.e., personnel information, contract, assignment, background checks, certification, students, etc.).

Resolve all discrepancies as soon as possible.

Name
Enter the last, first and middle name.
Enter the former name, if another name was used in the past by the employee.

Birth Date (Month/Day/Year)
Verify this date; MM/DD/YYYY OR MM/DD/YY. All employees must be eighteen years of age or older to be entered into the system.

Gender (M/F)

Ethnicity
Is Hispanic (Y/N)
Is Asian (Y/N)
Is American Indian or Alaska Native (Y/N)
Is Black (Y/N)
Is Native Hawaiian or Pacific Islander (Y/N)
Is White (Y/N)

Has Certificated Assignments (Y/N)
Is this staff member to be treated as a Certified staff member? That is, they have certified assignments, are on a contract, and all the fields applying to certified staff must be completed.

Is Paraprofessional (R, T, or N)
(Modified Definition) For paraprofessionals working with students; the type of paraprofessional; Regular or Title 1? Must have para-professional instructional assignments, is not to be treated as a certified staff member (for those assignments), and works under the direction of certified staff. Title 1 paraprofessional’s records should have funding sources tied to Title 1 and should report Title 1 paraprofessional qualification fields.

(NEW) Option Set – Parapro type:
R Regular Paraprofessional
T Title Paraprofessional
N Not Paraprofessional

Is Title 1 Paraprofessional (Y/N) Removed

Base School ID
This is the SDE assigned school number where the employee has their primary responsibility or where they receive their mail.
Employment Date
The month, day, and year the employee began current, continuous employment with the district/charter. If a non-certificated employee is being added as a certificated employee, use the date of certificated employment.

Employment Status
See additional information on page 25.
IV. Certificated Staff

Each certificated employee employed as of the last Friday of September in the regular school year must have the following records:

1. Personnel Information / Basic staff data elements
   a. Input/update the personnel information data
      (See Section II. (A) Basic Demographic Data Elements for all Staff Members)

2. Education and Experience history data for 2016-2017

3. Contract data for 2016-2017

4. Assignment data for 2016-2017

*Education and Experience History for 2016-2017 (I.C. §33-1004)*
(These records may be left “blank” for employees working only in non-certificated positions – skip to Section V. Non-Certificated Staff.)

The education and experience records are essential to funding state Salary and Benefit Apportionment and must be in compliance with state and federal laws and regulations. Accuracy is critical when completing these records.

**Important:** Update staff experience and education for all certificated staff for the 2016-2017 school year.

This basic reporting process is not altered by the Career Ladder. In order to transition to full implementation of the Career Ladder over the next five years, staff demographic files must be updated each year. The education allocations for FY17 will be derived from updated 2016-2017 data (see Appendices A and B for new and updated staff funding reports).

To advance on the career ladder in future years, teachers must meet certain performance criteria. This vital information is maintained in ISEE. *Accurate updated information is vital to this process.*

The following data records must be completed/updated for all certificated staff:

**EDUCATION**

This area provides information concerning the employee’s *most current education and additional credits history* of certificated employment in the educational K-12 field as of the last Friday in September. Degrees and credits completed after this date are not recognized until the following fiscal year. *Do not update during the fiscal year.*

*These fields are critical to maintain for your staff:*

**Transcript Year (section 6)**

The year of the most recent transcript for the employee.

**Initial Certification Year (section 6)**

The date teachers or administrators first received initial or full state certification, *regardless of state issuing the certification or even if the certificate lapsed* (leave blank for non-certificated employees):

1. Initial and/or full certification may or may not have been received in Idaho.
2. Initial and/or full certification is the issue date of the certificate (even if lapsed).
3. *Provisional, Temporary or Emergency permits do not qualify as initial certification.*
Determining Initial Certification Date

1. Alternate Authorization – Teacher to New Certification/Endorsement: Date of the first certificate
2. Alternative Authorization – Content Specialist: Issue date
   a. During 2015-16, an individual who had never been certificated in any state and participated in the Alternative Authorization - Content Specialist under the one year only option is not considered initially certified. This authorization was used as a temporary measure while rules were promulgated.
4. Non-Traditional Route to Teacher Certification (ABCTE & TFA): Issue date

Initial Certification, by federal definition is “the first teaching certificate or license issued to an individual”. Therefore, non-renewable interim certificates are considered initial certification. However, in order to qualify for full certification, the candidate must fill predetermined requirements to receive a renewable 5-year certificate, referred to as full certification.

Although the “Alternative Route” certificate/authorization is not considered full certification, it does constitute initial certification.

Example: An individual who has never been certificated in any state and completes the Non-Traditional Alternate Route to Teacher Certification (i.e., ABCTE & TFA process) and receives a non-renewable Idaho interim certificate is considered initially certified, but will not be considered fully certified until he or she has completed all additional requirements, including the required two year mentor program. Upon proof of completion of all of these components, the candidate will become eligible for a full 5 year renewable certificate.

Example: An individual who has never been certificated in any state and is participating in the Alternative Authorization Content Specialist and has received the authorization is considered initially certified, but will not be considered fully certified until they have completed all university requirements. Upon proof of completion of all of these components, the candidate will become eligible for a full 5 year Renewable certificate.

Example:

See other examples beginning on page 16. For comprehensive information, refer to: www.sde.idaho.gov/site/teacher_certification.

Initial Certification State (section 6)
Enter the state in which the initial teaching certification was granted (even if the certification lapsed). Teacher certification maintains a database with current certification and endorsement data. This data field is used for statistical purposes.

Degrees
Note: Thirty-two fields are available for reporting degrees and up to four degrees may be reported per certificated employee. The first 13 degree fields are grouped to report the highest degree for funding and are required for certificated staff. The remaining fields available are for reporting additional degrees, if applicable. Although the additional fields are optional, the fields are critical to funding the education allocation for the master degree.
**Highest Degree Claimed for Funding (section 6)** (see section below regarding additional degrees for education allocations)

The highest degree claimed by the employee for funding purposes. In some cases, for index placement purposes, it may be beneficial to report an employee with his/her lower degree and additional credits earned beyond the lower degree. This occurs because the index multiplier table has degrees and credits that overlap.

**Example:** A certificated employee has a MA and 5 credits beyond the MA degree and initial certification. The employee also has a BA+52 credits earned after initial certification. The index multiplier is higher for the employee if he/she is reported with a BA+52.

For certificated staff with master degrees reported in this manner, report the master degree in the Additional Degree field(s). This field must be entered in order to receive the Education Allocation.

**NEW: Career Technical Allocation (CTE)**
For certificated staff with Occupational Specialist (OS) degree and another higher degree reported in this manner, report the OS degree in the Additional Degree field(s). This field must be entered in order to receive the CTE Allocation.

Effective July 1, 2000, instructional staff whose initial certificate is an occupational specialist certificate shall be treated as BA degree prepared instructional staff. Credits earned by such occupational specialist instructional staff after initial certification shall be credited towards the education factor (I.C. §33-1004A). Only those certificated employees with occupational specialists are to be reported as an "OS" degree designation.

**Example:** Fred has exceptional knowledge and skills as a welder but does not have a college degree. He completes the requirements and is issued an occupational specialist certificate. Later he receives 15 additional college transcript credits from the local community college. Fred should be reported as an OS+15 which is treated as BA + 15.

**Example:** Fred continued taking classes and earned a BA degree a few years later. He is reported in ISEE as BA + 24 for funding. Report the OS degree in the Additional Degree field in order to recognize the OS degree for the CTE Allocation.

**State Where Highest Degree Obtained (section 6)**

**Major for Degree Claimed (section 6)**

**Minor for Degree Claimed (section 6)**

**Additional College transcripted credits earned beyond the highest degree claimed for funding (section 6)**

Basic guidelines for reporting additional college transcript credits earned beyond the degree reported and initial certification:

1. Credits must be from an accredited college or university. (Courses for which academic credit is awarded by an accredited college or university and can be used towards a degree).
2. District/charter must have an official transcript on file before these credits may be claimed.
3. Report all eligible credits in semester credit hours only.
4. One (1) quarter credit hour converts to .67 semester credit hour. Round fractions down to the nearest credit.
5. In-service credits do not qualify.
6. Continuing Education Units (CEUs) do not qualify unless the credits are a result of courses taken for college credit.

7. **Temporary permits do not meet the requirements of initial certification.** (Provisional
Authorization and Alternative Authorization – Content Specialist under the one year only option.

8. The issue date of the initial certification remains the same regardless of certification status (active or inactive).

9. Credits must be earned prior to the last Friday in September (same as the requirement for counting completed years of experience).

10. All credits and degrees earned must be in a relevant pedagogy or content area as determined by the state department of education (33-1004B(5)).

Credits and degrees earned toward the Education Allocation (I.C. §33-1004B Career Ladder)
School districts shall receive an additional allocation amount for instructional staff holding a professional endorsement*.

Effective July 1, 2016, through June 30, 2017, the education allocation shall be:

1. $800 per fiscal year for instructional and pupil services staff holding a professional endorsement and a baccalaureate degree and twenty-four or more credits.
2. $1,400 per fiscal year for instructional and pupil services staff holding a professional endorsement and a master degree.

*33-1201A. IDAHO PROFESSIONAL ENDORSEMENT -- ELIGIBILITY. (1) “Any instructional staff employee or any pupil service staff will receive mentoring as outlined in such employee's individualized professional learning plan during the initial three (3) years of holding such certificate. Upon holding a certificate for three (3) years, any such instructional staff or pupil service staff employee may apply for an Idaho professional endorsement.”

33-1201A (2) An instructional staff employees who has have held a certificate that qualifies them to teach in the classroom for three (3) or more years prior to the effective date of this act July 1, 2015, or pupil service staff employees who have held a pupil personnel services certificate for three (3) or more years prior to July 1, 2016, shall automatically obtain an Idaho professional endorsement under this section.

(3) The state board of education shall promulgate rules implementing the provisions of this section.

The following examples deal with issues relating to reporting initial certification and additional credits:

Example: A certificated employee with a bachelor’s degree completes additional courses from a university on the quarter system. After converting these quarter hours to semester hours, the individual will have a BA+11.67 additional credits. For ISEE purposes, report the individual as a BA+11 credits.

Example: Mary completed a teacher preparation program and received full certification in Utah in 2014. Mary taught first grade in Utah during 2015-16 and is seeking an Idaho certificate/credential but does not currently meet Idaho’s requirements. Upon application Mary would be issued a three-year non-renewable interim certificate allowing time to meet Idaho’s requirements by 2017. Although Mary is on an Idaho interim certificate, her initial certificate date would be the date she received full Utah certification in 2014. Place Mary on the second rung of the Career Ladder (RP2). Submit Mary’s information in the October 2016 ISEE upload. In order to create a permanent record in the core database and to establish placement on the Career ladder, report Mary’s experience and education history as of September 2015 on 2015-16 ISEE Form 8 (see Appendix A).

Example: John was teaching on a provisional/emergency/temporary certificate in another state and is seeking certification in Idaho but has not completed a teacher preparation program and does not have any type of full out-of-state certification. Certification or authorization (when applicable) is required in order to receive state funding. Idaho does not have reciprocity with any provisional/emergency/temporary out-of-state certificates/credentials and Idaho no longer allows Provisional Authorization. Place John on the first rung of the Career Ladder – RP1. Funding will not be provided unless certification or an authorization is in place.
Example: Cheryl, a math teacher, was initially certificated in 2010. She continued her education while teaching and became a certificated Speech/Language Pathologist in 2015 (Pupil service). Cheryl's initial certification year is 2010, the issue date of the initial certification. All credits earned after initial certification may be added.

Example: An employee has a BA+60 credits earned prior to initial certification in 2016. The employee should be reported with a BA degree and zero (0) additional credits. The employee will be placed on the first rung of the Career Ladder (RP1).

Example: Max received his MA from Boise State University on May 15, 2016. He attended summer school and completed an additional 9 credit hours on August 15, 2016. Max has a MA + 9 credits since his certification is prior to completing summer school. Max signed a teaching contract. He will be placed on the first rung of the career ladder (RP1). Although Max holds a master degree, he will not qualify for the education allocation until he earns a professional endorsement.

Example: Sandra, an elementary teacher, earned 12 additional credits from the University of Idaho by attending summer school. However, official transcripts will not be available until after the ISEE filing deadline. The University of Idaho notifies the district in writing that Sandra has earned the additional 12 credits. Sandra can be reported on the ISEE system using the additional 12 credits earned.

Example: Jill received a BA degree in the spring of 2006. Her initial certificate is dated August 28, 2006. After teaching one year in Idaho, Jill discontinued teaching for a few years and let her certificate expire. She later decided to pursue her teaching career and in order to obtain an occupational specialist (OS) certificate in 2016, she earned an additional 15 college credit hours. Jill is reported as a BA + 15 credits with one year on experience and is placed on the second rung of the career ladder (RP2). Submit Jill’s information in the October 2016 ISEE upload. In order to create a permanent record in the core database and to establish placement on the Career ladder, report Jill’s experience and education history as of September 2014 on the 2016-17 ISEE Form 8 (see Appendix A).

Example: Jesse is a few credits short from getting a college degree. She decides to pursue a teaching career and in order to obtain an occupational specialist certificate in August of 2016, she earns an additional 15 college credit hours. The occupational certificate is recognized as initial certification and all credits were earned before initial certification. Jesse is reported as an OS + 0 credits and is placed on the first rung of the career ladder (RP1).

Additional degrees - Data Elements for up to four (4) additional degrees - Important

For the career ladder, if a teacher holds a master degree but is reported with a lower degree plus additional credits for funding purposes, enter the master degree in the additional degree fields. These fields must be entered in order to receive the Education Allocation.

Additional degree(s) earned by this employee other than the one claimed for funding (need not be earned prior to the claimed degree).

- If the teacher has a master degree as of the last Friday in September 2016, the educational allocation is applicable if the teacher has professional endorsement ((see I.C. 33-1201(A). Idaho Professional Endorsement Eligibility). The additional funds increase the average salary when calculating salary based apportionment. For a district to receive additional funds, the master degree must be reported in ISEE in a staff demographic file. Whether the degree is reported in the highestDegree field or in the additionalDegree field, the master degree will be recognized for the allocation.
For the teachers with Master degrees but reported as BA+48 or BA +60 (the highest degree for funding purposes), enter the second degree data into your system in the yellow highlighted fields below. The program will recognize additional higher degrees for the education allocation.

- Must be 50% or more in a certificated position.
- Each year is considered on its own; partial years cannot be combined.
- A certificated employee new to the profession always begins with zero years of experience.

- The K-12 district/charter hire date must be after June 30, 2005 to count college or university experience.
- **Initial certification must be considered for new instructional and pupil services staff:**
  - 33-§1004B(a) Instructional staff and pupil services staff who are in their first year of holding a certificate shall be placed in the first cell of the residency compensation rung and shall move one (1) cell on the residency compensation rung for each year they hold a certificate thereafter, for up to three (3) years, at which point they will remain in the third cell of the residency rung until they earn
a professional endorsement.*

*With the enactment of the Career Ladder on July 1, 2015, instructional staff who are in their first year of holding a certificate are placed on the first step of the career ladder. For this group of new instructors, the years teaching in an accredited college shall not be counted as experience for placement on the career ladder.

Basic guidelines in reporting completed teaching and/or administrative experience are as follows:

- Only report prior, completed years.
- Do not count the current school year (it’s not completed).
- Include only certificated teaching and administrative position experience.
- Include only certificated experience from a public school, an accredited private or accredited parochial school.
- Do not include Pre-K experience. (Exception: early childhood special education in a public school or an accredited private school).
- A qualifying teacher and/or administrator must physically work 50% or more of a given school year – less than .50 fte does not count.
- Each year is considered on its own; partial years cannot be combined – count 1 or zero.
- A qualifying teacher and/or administrator must be an employee of a public school, an accredited private or accredited parochial school, or an accredited college or accredited university. Applies only to instructors holding a teaching certificate instructor prior to July 1, 2015.

Example 1: A district hires a new teacher who has a master degree and taught at Boise State University for ten (10) years. The teacher received initial certification in May 2016. The years of experience at BSU shall not be counted towards experience and the teacher is placed on the first rung of the career ladder. The teacher will be eligible for the education allocation after she receives a professional endorsement.

Example 2: A district hires a new teacher who has a master degree and taught at Boise State University for ten (10) years. The teacher received initial certification in 2010. The years of experience at BSU may be counted towards experience and the teacher is placed on P5* of the career ladder. The teacher is eligible for the education allocation because she held a teaching certificate for three (3) years prior to July 1, 2015 (I.C. 33-1201A).

* The district submitted a 2016-17 ISEE Form 6, which established an index of 1.61380 in the fall of 2014 (P4) and advanced to P5 in alignment with experienced Idaho teachers

A leave of absence greater than .50 fte does not break the continuous employment period, but should not be counted as a year of service.

Include all experience in a certificated position: pupil service, instructor and administrator. The experience must be in a public or accredited private or accredited parochial school or an accredited college or accredited university and rounded to the nearest year. Caution: do not include the current year; the experience is not recognized until after the contract is completed.

Experience prior to becoming certificated or obtaining special approval to teach by the Board of Education shall not be included (i.e. student teaching, internships/curriculums where the individual is not a certificated employee of a K-12 institution).

Employment in foreign countries should be reported according to Idaho standards. Certificated experience in other countries may be included with an employee’s experience for ISEE purposes provided the instruction is equivalent to K-12 instruction in this country and the schools are accredited. Districts will need to assess each situation on a case-by-case basis to determine if the experience is equivalent to a K-12 experience in Idaho.
Example: After receiving a teaching certificate in Idaho, John taught six-year old students at a "public" institution in London for 3 years. The school is the equivalent of a public grade 1 institution in Idaho. A "public" school in England is the equivalent of a non-public school in Idaho. John has no other work experience. John would be reported with 3 years non-public experience.

A certificated employee must teach 50% or more of any given year to be given credit for that year. See the following examples.

Example: Harry, a 3rd grade teacher, taught 90 days of a 180-day (full-year) contract. Harry’s work experience for this year is one (1) year since he completed 50% of the school year.

Example: Joan, a certificated music teacher taught 3 periods of a 7-period day for the 2014-2015 school year. She taught full-time four months during the 2015-2016 school year. For ISEE purposes, her work experience is zero (0) because 1) she did not teach 50% or more in either school year, and 2) partial years cannot be added together to accumulate work experience. However, for the career ladder she advances one step with her cohorts.

Completed experience with an accredited college or university may be recognized for those hired in a certificated position (Pupil service staff, or teaching and administrative service for administrator certificate holders) where the hire date is after June 30, 2005. Employment in accredited colleges or universities should be according to Idaho standards and may be included with an employee’s experience for ISEE purposes provided the instruction is equivalent to K-12 instruction environment. Districts will need to assess each situation on a case-by-case basis to determine if the experience is equivalent to an accredited K-12 experience in Idaho.

*With the enactment of the Career Ladder on July 1, 2015, instructional staff and pupil services (July 1, 2016) who are in their first year of holding a certificate are placed on the first step of the career ladder. For this group of new instructors and pupil service staff, the years teaching in an accredited college shall not be counted as experience.

Experience prior to becoming certificated or obtaining special approval to teach by the Board of Education should not be included (i.e. student teaching, internships/curriculums where the individual is not a certificated employee of a K-12 institution).

One (1) year should be added to the current year record when the prior year’s certificated contract record was 50% or more of an FTE.

When should in-state completed years be changed?

a. The employee was reported as less than 50% FTE on last year’s ISEE (snap-shot in time) but actually worked 50% or more in a certificated position.
b. The employee was reported as 50% or more FTE on last year’s ISEE (snap-shot in time) but actually worked less than 50% in a certificated position.
c. The employee taught less than 50% fte in more than one district but the combined fte for the year was greater than 50%.

Note: Updating years of experience and education in the current year will not change career ladder placement in the base year. If an instructor’s history was inaccurate in 2014-15, a prior year correction must be submitted to correct the permanent record. See Appendix B for an example form.

If a pupil services staff member’s history was inaccurate in 2015-16, a prior year correction must be submitted to
correct the permanent record, which is based on 2015-16 data. (Appendix B Edits & Reports: Prior Year Correction / Payment Adjustment Request).

CERTIFICATED EMPLOYMENT/CONTRACT DATA

A current Certificated Staff Employment/Contract must be completed for all certificated staff employed by the district/charter as of the last Friday in September.

Current year contract data is required for:
1. New employees
2. Returning employees
3. Employees terminated after July 1 (for those employees not terminated in the prior year and who are not returning to the district or charter school with a current year contract).
   a. Update records: years of experience (if applicable), employment status, termination date, and termination reason.

Employment Date (section 6)

- Enter the month, day, and year the employee began current, continuous employment with the district/charter.
- If a non-certificated employee is being added as a certificated employee, use the date of certificated employment.

Years in District/Charter (section 6)

The number of years the employee has been employed in the district in a certificated position. This data is only used for statistical purposes to track the mobility of certificated staff.

This field refers to the number of contracts signed within the district. The amount of the FTE is not considered; both a .15 FTE and a full-time certificated employee are counted as one (1) year in the district/charter (one contract signed).
• Record the total number of years the employee has held a certificated position in a district/charter (the numbers of contracts signed within the district – begins with one).
• Include the current year contract.
• The number of years of experience may not correlate with the date of employment if an employee has had two different periods of employment in the district.

Caution – mobility of certificated staff is being extracted from this field and in most instances does not correlate with the completed year’s history on the Experience and Education record.

The data collection is asking “Including the current contract, how many years has this individual employee been a certificated staff member in your district?”

**Example 1:** Mary is a new employee and signed her first contract to teach at the Happy Valley District. The number of years in this district is one (1) year, equaling the number of signed contracts within the district. **The number years of completed teaching experience is zero (0).** Mary will be placed on the first rung of the career ladder.

**Example 2:** Alice is in her second year of teaching at Happy Valley District. Alice has 10 years of completed years of teaching and administrative experience. The number of years of completed certificated experience is ten (10). The number of years in the district is two (2) year, equaling the number of contracts Alice signed within the district.

**Example 3:** Felicia is in her second year of teaching at Happy Valley Elementary. Felicia taught at Happy Valley District during the 2007-08 and 2008-09 school years. She moved out of state and taught in Oregon from 2009-10 through 2014-15. The number of years of completed teaching experience is nine (9). The number of years in district is four (4), equaling the number of contracts Felicia signed within the district.

**Employment Status (section 6)**

The employee’s employment status
- **A = Active** employee with current assignments.
- **I = Inactive** - The employee is currently on an active contract within the District, but not currently working or having active assignments. i.e. Does not have any currently active assignments, but is expected to return to active status at some point in the future. Examples include: sabbatical, family leave, maternity leave, etc.
- **T = Terminated** employee is no longer employed by the district.
- If either “inactive” or “terminated” is indicated, a “reason” code and an effective date must be included (terminationDate and terminationReason).

*Exception to the use of “I” Inactive:
For Salary Based Apportionment funding calculations, the contracted certificated employee must be active in the October upload to be counted on the last Friday in September and must have active assignments. Therefore, if the employee holds an active contract but is absent 10 consecutive days or more as of the last Friday in September, enter the person’s employment status as “active” for this purpose only.

In the Student Course Enrollment File, enter the EDUID of the absent teacher as the teacher of record in the first IDStaffId field. In the IDStaffId2 field, enter the EDUID of long term substitute or other certificated employee responsible during the teacher of record’s absence.

**Termination/Inactive Date (Month/Day/Year) (section 6)**

- Used when “inactive” or “terminated” status box is checked.
- Enter the month, day, and year that the employee became inactive or terminated.
- Leave blank for active employees.

  *Example:* In the current year, Tom is employed by Quality Speech Services but will spend several days a week at the district as a Speech Pathologist. Last year he was an employee of the district. Tom will need to be “terminated” as a district employee (use code 01 - To work for another educational institution in Idaho). Remember to submit ISEE form 6 non-district contracted certificated staff.

- Complete when status code is “inactive” or “terminated”.
- Leave blank for active employees.

Contract Information

**Fields are provided for three (3) contracts.**
1. Each certificated employee may have up to 3 *signed* contracts (administrator, teacher, evening, summer).
2. One contract shall not exceed 1 fte.
3. The combined sum of the contracts FTE may exceed one, provided each contract does not exceed 1 fte.
4. Each contract is treated as a stand-alone contract and is considered on its own merits.
5. Each contract shall have corresponding certificated assignments.
6. The sum of the certificated assignment ftes must equal the contract fte.
7. Each contract shall have corresponding funding source code(s)

**Use the second and third contract if:**

1. The certificated employee *signed* separate contracts in your district - Administrator Contract (.5fte) AND a Teachers Contract (.5 fte).

2. The certificated employee signed a Teachers Contract AND signed a contract to teach extended hours in an approved alternative secondary evening program.

3. The certificated employee signed a Teachers Contract AND signed a contract in an administrative or instructional capacity at an approved alternative summer school during the fiscal year.

**Please note:**
Certificated administrative positions must not exceed 1.00 FTE.

**Example:** Carl has an administrator contract for .50 fte and a contract to teach as a regular classroom teacher (.50 FTE). Carl also has a separate contract to teach at the approved alternative evening school.

Each contract is reported separately and has a separate group of fields for funding (see Employee Funding Sources for more information). Carl’s total FTE is 1.09 fte.

Contract Base Salary

Use “Contract 1-Base” as it appears on the contract.
- Round to the nearest dollar; $35,856.40 = 35,856
- If the contract includes extended pay, this should be included as a part of the base salary reported.
- Do not include extra pay such as coaching as a part of the base salary. Report as extra pay.

Contract Hours (section 6)

Enter the number of hours contracted for the year. Required field - do not leave blank.
**Contract Days (section 6)**

- Enter the number of days on the contract
- Calculate the number of days using a five-day workweek (even those districts now operating extended days on a 4-day week)
- Use the following guideline for consistency:

  Monthly contract - total number of weeks x 5 (days) = number of days

  Twelve-month contract - 52 weeks x 5 days = 260 days

**Contract FTE (section 6)**

- The maximum FTE allowable per contract for a certificated employee is 1.00 FTE.
- Certificated employee teaching full-time every day for the entire school year is 1.00 FTE.
- The FTE must be calculated for those employed less than a full school year, fewer than 5 days a week, or less than a full school day.
- **Employees with extended contracts do not generate more than 1.00 FTE.**

  If the employee is teaching less than a full school year, divide the number of days in the employee's contract by the standard number of contract days for a full time teacher in the district. You may also use the number of hours contracted divided by the standard contract hours of a full time teacher.

  **Example:** Mr. Brown was hired in late September to fill a teacher vacancy. His contract is for 170 days of full-time teaching. The district's typical teacher’s contract is 190 days. The FTE for Mr. Brown is 170/190 or .89 (89%). The sum of the corresponding Assignment FTE(s) must equal .89 (89%).

  If the employee is teaching less than the full day for the entire school year, divide the number of class periods at work by the number of periods in the usual school day to determine FTE.

  **Example:** Ms. Young teaches 2 periods of a 7 period day for the full school year. The FTE for Ms. Young is 2/7 or .29 (29%). The sum of the corresponding Assignment FTE(s) must equal .29 (29%).

**Extra Pay (use for certificated staff only)**

- Enter a descriptive code and the amount of payment for special or supplemental duties performed which are not in the base contract salary.
- Use the code from the option codes below that best describes the extra duties that the employee will perform to earn extra pay.
- Report each type of extra pay separately.

  **Extra Pay Code (section 6)** *(For certificated staff, the code for the special or supplemental duties performed which are not in the base pay. The option code determines the funding source.)*

  A = *Extracurricular activities; e.g. coaching, debate, special music, drama (fund source 10)*
  B = Driver training (fund source 09)
C = Fringe Benefit Cash Amount (fund source 10)  
*Report cash amounts that are paid to employees in lieu of another benefit as code C.  
Include all taxable income that is paid to an employee from a fringe benefit.*

D = Special curriculum assignments and department heads (fund source 10)

E = Extended Summer Contracts (paid from funds other than general maintenance and operation) (fund source 09)

F = Stipend or Bonus paid from the general fund (fund source 10)

O = Stipend or Bonus paid from federal funds (fund source 09)

P = Stipend or Bonus paid from other state funds (fund source 08)

G = Extended Summer Contracts (not reimbursed by Professional-Technical) (fund source 09)

L = Leadership Premiums as described in I.C. §33-1004J (fund source 09)  
Enter this data during the month in which the premium is received by the employee. Do not estimate the amount for the snapshot date collection (as of the last Friday in September) unless the amount is known.

N = National Board Certification Benefit (fund source 09)

* Do not use classified assignments for extracurricular activities. The amount of the extra pay will be duplicated and the assignment fte may dilute the contract fte.

Extra Pay Amount (e.g. $1,000 = 1000 (section 6)) (The option code determines the funding source. See Extra pay code option codes above)

- Enter the extra pay amount
- round to nearest dollar (e.g. $999.96 = 1000)
- Only four (4) extra pay codes per employee contract record will be accepted
- Extra pay codes may be used for certificated employees only

**Example:** Art Brown has a teaching contract for $35,000. He also receives $1,000 for serving as a department head (extra pay type A), $888 for a fringe benefit cash amount (extra pay type A) and receives $500 for Leadership Premium (extra pay type L). He is paid from general funds and his contract funding source is at 100% (1.0) from fund source code 10 - the general fund. The Leadership Premium’ fund source is 09, other state, and does not dilute his full FTE as calculated for Salary Based Apportionment.

Proficient in Language Other than English (section 6)  
(Optional)

If this staff member is proficient in a language other than English, enter the code* for that language. If the staff member is proficient in more than one other language, choose the most proficient.

*Refer to: Options Set Name / Languages for code numbers.

Has certificated assignments (isCertificated) (section 6)

Is this staff member to be treated as a Certified staff member? That is, they have certified assignments, is on a
contract, then all the fields applying to certificated staff must be completed? (Yes or No)

**Is Paraprofessional (section 6)**

(NEW Definition) For paraprofessionals working with students; the type of paraprofessional; Regular or Title 1? Must have para-professional instructional assignments, is not to be treated as a certified staff member (for those assignments), and works under the direction of certified staff. Title 1 paraprofessional’s records should have funding sources tied to Title 1 and should report Title 1 paraprofessional qualification fields.

(NEW) Option Set – Parpro type:
- R Regular Paraprofessional
- T Title Paraprofessional
- N Not Paraprofessional

**Initial Certification Year**
The date teachers or administrators first received certification, regardless of state issuing the certification. Leave blank for non-certified employees.

**Initial Certification State (section 6)**
The state where the initial teaching certification was granted.

**Is Title I Paraprofessional (section 6) – Removed**

**Base School ID (section 6)**
Assigned school number where the employee has their primary responsibility or where they receive their mail.

**Employee Funding Sources**
- Each contract has a set of four corresponding funding sources.
- A set of four sources is available for non-certificated classified staff.

**Contract Funding Sources**: For certificated staff with more than one contract, fields are available to enter funding sources for each separate contract; contract 1, contract 2, or contract 3.

Example: Staff member A has two contracts: a teaching contract for Alternative Summer School funded 100% by fund source 10 and an administrator’s contract, which is funded 50% by fund source 10 (General M&O), 25% by fund source 01 (Title 1), and 25% by fund source 04 (IDEA special Ed).

Certificated Staff Assignment Data Elements  
(Idaho Unit Record Collection, Section 7, Staff Assignments)

Certificated Staff Assignment data records **must** be submitted for all certificated employees. Funding is based on the data submitted as of the last Friday in September; a “snap shot in time”.

The assignment data **must** be completed for each certificated contract. In some cases an employee may have a contract to teach all day at the regular school and then a contract to teach at the alternative school in the evening. Assignment data must be completed for each contract.

**Idaho Staff Number (section 7)**

Enter the employee’s unique Idaho Staff Identification Number.

**School ID (section 7) (This is the SDE assigned school number in the Idaho Education Directory)**

Enter the school number in which the assignment takes place using the School ID for your district. This is the SDE assigned school number in the Idaho Education Directory.

If an employee has the same assignment in more than one building, it is important for school accreditation purposes to show the assignment in each building.

**Example:** A principal oversees two buildings. An assignment code for the principal should be entered for each school.

**Contract Number (section 7)**

Enter the number of the contract which corresponds to the assignment code (Contract 1, 2, or 3 - not to be mistaken with contract type (A, R, AS). Is this the 1st, 2nd, or 3rd contract?). **Do not enter a contract number for classified assignment codes.**

**Section Period (section 7)**

The period of the day for the instructional course/assignment section. **Do not report teacher preparation periods.**

Certificated staff performing their duties "by assignment" rather than "by period" can enter the information as a single assignment.

**Example:** Ms. Smith works exclusively at Monroe’s Elementary School as the principal. Enter assignment data for period one only.

Principal  Period 1  1.0  FTE

**Example:** Ms. Jones is a principal and teaches three classes of American History per day.

Principal  Period 1  .57  FTE
History     Period 3  .144 FTE
History     Period 4  .143 FTE
History     Period 5  .143 FTE

1.0  FTE
Staff Assignment Code (section 7)  (New Definition) The Idaho state assignment code that best outlines the particular assignment. This code should be the same code used when matching instructional staff records between Staff Assignments, Student Course Enrollments and Master Course Schedule files.

Assignment Grade Level (section 7)  (Do not enter a grade range) Removed

Remember, the Certificated Staff Assignment data must be as of the last Friday in September; a "snap-shot in time". Alternate day kindergarten teachers and year-round "track schools" should report the last full day prior to the last Friday in September that they were in session.

Teaching Role (Section 7)

For Teachers, the primary role they play in the classroom:

T  Teacher of record

P  Proctor: The person proctoring the class for the teacher in the case of a virtual course.

S  Supplemental Educator
The certified staff person, assisting a regular classroom team teacher, providing supplemental educational guidance to student(s). May share the same class period and assignment, but the students will be assigned to the teacher of record.

1  Lead Team Teacher
Teacher works with an Assisting Teacher, but is in the master or mentor teacher role. Students are all assigned to this teacher's assignment.

2  Assisting Teacher
Teacher assisting a lead team teacher. May share the same class period and assignment, but the students will be assigned to the lead teacher.

C  Co-Teacher
Class is team taught and this teacher shares duties equally with another teacher. Each teacher has an assignment and student courses are generated for each teacher. Students are assigned to both courses.

L  Long Term Substitute*
A person who has taken over an assignment for a teacher of record, who stays in the same classroom, teaching the same assignment for 10 consecutive days or more. An individual who temporarily replaces a contracted certificated classroom educator for 10 consecutive days during the school year.

X  Short Term Substitute
A person who has taken over an assignment for a teacher of record, who stays in the same classroom, teaching the same assignment for less than 10 consecutive days; An individual who temporarily replaces a contracted certificated classroom educator for less than 10 consecutive days during the school year.

**Inactive** reason codes are as follows:

**Assignments and Wages**

Enter the assignment code, rate per hour, hours per week and weeks per year for each non-certificated position. **Leave the contract number (contractNo) field blank for non certificated staff.**

**Assignment Code (section 7)**

- Enter the assignment code that best describes the particular non-certificated position (97XXX series).
- Enter the primary (highest total wage) position first.
- Limit reporting to three non-certificated assignment codes per employee.
- Non-certificated assignment codes also begin with “97XXX” series

**Do not use non-certificated assignment codes to report positions for which certification standards exist. Employees in such positions must be reported as certificated staff. This action may result in funds being withheld.** (*I.C. §33-1002(6)(d)*)

**Idaho Statutes 33-513 and 33-1201 clearly mandate all professional staff hold a valid certificate for the service being rendered. Regardless of the funding source, the salary amount for every non-certificated teacher is subtracted from the foundation payment..**
See I.C. §33-1002(6)(d) “Adjustment of District Share. The contract salary of every non-certificated teacher shall be subtracted from the district’s share as calculated....”

**FTE (section 7)**

Enter the full time equivalent status for the assignment based on the number of hours worked per year divided by 2080 hours.

**Non-Certified Rate Per Hour (section 7) (e.g. $7.50 reported as 7.50)**

- Enter the employee's rate of pay per hour.
- The rate per hour should be adjusted to include any extra-pay, overtime, bonuses, etc. Do not overstate the actual number of hours worked to adjust for this additional pay.
- Salaried non-certificated employees and non-certificated employees paid a "flat" amount need to have their pay converted to an hourly rate for ISEE purposes.
- Non-certificated employees are limited to a maximum of 1 FTE or 2080 hours.

**Example:** Carol, a non-certificated employee, is hired as the drill team coach for $2,000. It is estimated that the drill team will practice from September through March (7 months) and there will be five 1-hour sessions per week. Carol’s hourly rate would be $14.29 per hour.

\[
7 \text{ months} \times 4 \text{ weeks per month} = 28 \text{ weeks} \times 5 \text{ hours per week} = 140 \text{ hours} \\
$2,000 \div 140 \text{ hours} = $14.29 \text{ per hour}
\]

**Non-Certified Hours Per Week (section 7)**

Enter the number of hours that the employee works each week; a 40-hour week would be reported as 40.

**Non-Certified Weeks Per School Year (section 7) (round to the nearest week)**

Enter the number of weeks that the employee is scheduled to work during the fiscal year. The ISEE program will not accept a fraction of weeks.

**Example:** Louise, a teacher’s aide, works 6 hours per day for a full-school year. She is not required to attend staff development meetings of which 22 hours have been planned for the school year. She is paid $10.00 per hour. ISEE information for Louise would be calculated as follows:

\[
1,040 \text{ Total hours scheduled} \\
- 22 \text{ Staff development hours} \\
1,018 \text{ Actual hours scheduled}
\]

1,018 hours divided 6 hours per day divided by 5 days per weeks = 33.9 weeks = **34** weeks.

**Assignment Start Date (section 7)**

The date this assignment starts.

**Assignment End Date (section 7)**

The date this assignment ends.
Non-Certificated Paraprofessional Staff Record

All instructional paraprofessionals working in a Title I school wide school or paid by Title I funds and working in a Targeted Assistance Program at a school must meet the following requirements.

The NCLB law states that paraprofessionals who are paid in part or in total with Title I-A funds must meet certain education requirements. The idea behind this is that the most at-risk students should be instructed by the most qualified teachers with assistance from paraprofessionals that meet at minimum the following:

1. High School Diploma
2. One of the following:
   a. Bachelor’s Degree or Associates Degree
   b. 2 years (32 credits total) of post-secondary work.
   c. Proficiency on the state’s rigorous test-In Idaho this is the Para-Pro Praxis Exam with a minimum score of 460.

VI. Non-District Contracted Certificated Staff

Non-District Contracted Certificated Staff **must** be reported on ISEE Form 6 (see Appendix A for manual form). For the 2016-2017 school year, paper forms must be submitted to SDE. The forms are available in a pdf format and can be downloaded from the ISEE website. **The forms are due no later than December 15, 2016.**

Non-district contracted certificated staff are those individuals not directly employed by the district. No social security and/or retirement benefits are withheld from the amount paid the contracted person. These individuals are not your employees but rather purchased services.

*Note:* *All non-district contracted certificated staff should be reported if standards exist for those services being required.*

Please note the following in completing the Non-District Contracted Certificated Staff forms:

- ✓ Complete ISEE Staff Form 6 for "Non-District Contracted Certificated Staff".
- ✓ Use same basic guidelines as for Certificated Staff (see page 17)
- ✓ Forms require special handling by the SDE.
- ✓ Submit forms to SDE.

**Contract**

*Contracted Amount* (e.g. $32,703 = 32703)

Enter the contractor’s salary as it appears on the contract. Round to the nearest dollar. **Report only the salary portion of the contract.**

**Days**

Enter the number of days on the contract. For staff contracting on a monthly basis, calculate the number of days using a five-day workweek (total number of weeks times 5). For consistency on twelve-month contracts, enter 250 days.

**Full-Time Equivalents (FTE)** (maximum = 1.00)

The FTE must be calculated for those employed less than a full school year, fewer than five days per week, or less than a full school day. If a contractor is working less than a full day for the entire school year, divide the number of class periods at work by the number of periods in the usual day to determine FTE.

**Example:** Ms. Gray, a certificated Speech/Language Pathologist, evaluates students 2 periods per day for the full school year. The school usually has 7 periods per day. The FTE for Ms. Gray is 2/7 or 29% (.29).

**Contractor Funding Source**

The funding source provides information about how each contractor is funded. This section must be completed.

*Example:* Jeff is an employee of Mountain View Speech and Hearing. The district has contracted with Mountain View for Jeff to work at the district two days a month. It is anticipated that Jeff will spend 80% of his time working with special education students using Title VI-B IDEA funding and 20% of his time with regular students (General Fund). He would be reported as funding code "04" for 80% and funding code "10" for 20%.

Although Alternative Secondary Summer School may begin prior to July 1, 2016, summer school is funded in the 2016-
2017 fiscal year. Data submitted for summer school are used in calculating state funding for the FY2017 school year and
must be submitted in a one-time August 2016 Summer School upload. Data submitted prior to August 2016 will not be
properly funded.

Report the complete summer files in ISEE and use “ISEE Summer Alternative 2016 v6”. This
submission opens August 8, 2016 and will close August 19, 2016.

Only Summer Alternative Secondary Schools and Programs need to be reported.
Alternative Secondary Summer School certificated staff must hold the proper credentials or State funds may be withheld.
A summer alternative certificated employee must be the teacher of record for student alternative summer enrollment and
attendance.

Important Data Elements and Option Codes for Summer School Funding
Summer Alternative Secondary School certificated personnel must be reported as a separate contract.

Staff Demographics

Contract Type (contractType): Use option code AS (Approved Alternate Summer School) to designate alternative
summer school.

Contract Base Salary (e.g. $3,000 = 3000) Round to the nearest dollar.
Enter the employee's salary for the summer alternative secondary school contract. The figure should not include any
amount for extra pay such as coaching or driver education.
If the employee is paid on an hourly basis, calculate the base salary by multiplying the total number of hours worked by
the employee's hourly rate of pay. Required field - do not leave blank.

Contract FTE: Summer FTE equals the total number of hours contracted divided by 900 hours for certificated staff.
Required field - do not leave blank.

Contract Days: Enter the number of days the employee is employed for the summer alternative program. Required field
- do not leave blank.

Contract Hours: Enter the total number of hours the certificated employee works in the summer alternative program.
Maximum number of hours is 900 per year for an alternative school. Each summer school session is 225 hours. Required
field - do not leave blank.

Example: If an employee is teaching 2.88 hours per day, five days a week for five weeks you would enter 72 hours in the "Total Hours" box. (2.88
hours x 5 days per week x 5 weeks / 900 hours = .08 fte)
Summer School Assignments

School ID (schoolId): Enter the approved alternative summer school number in which the assignment takes place. Other school IDs will not be recognized for funding purposes.

Contract Number (contractNo): The number of the contract associated with this assignment - contract 1, 2 or 3.

Assignment Code (assignment): Enter the code from the ISEE Assignment Codes that best describes the particular teaching, support, and/or administrative position. Refer to: 2016-2017 Assignment Credential Manual.

Assignment FTE: Summer school FTE equals total hours taught divided by 900 hours. Please note: the sum of the assignment FTE(s) must equal contractFTE1, contractFTE2, or contractFTE3.

Example: Ms. Smith holds a contract to teach 72 hours during summer school. The alternative summer school contractFTE1 is .08 fte (72 hours/900 hours). She teaches 2 classes. Each assignment FTE is .04 FTE (36 hours/900 hours). The sum of the two assignment FTEs equals the contractFTE1 of .08.

Non-Certificated Staff
Non-certificated employee working only during the summer months in 2016 at an Approved Alternative Summer School should be entered in 2016-2017 data collection. Do not enter non-certificated employees working 12-months of the year unless the position is unique to the approved Alternative Secondary Summer School.

Summation: Key components for approved Alternative Summer School funding

Staff Demographic File
- Summer school separate contract 1, 2 or 3
- Summer school contract type “AS”
- Allocation of summer school fte (number of hours taught / 900 hours)

Staff Assignment File
- Summer school approved ID
- Assignment Start Date and Assignment End Date must correspond to attendance and enrollment.

Upload
- This submission opens August 5, 2016 and will close August 19, 2016 at 5:00 pm MTS.

APPENDIX B – Reports - Accessing ISEE Staffing Reports

All Personnel Employment Report

- Choose School Year 2016-2017
- Click on Review
- Choose Excel or PDF as format
- Export
- Save
Save the All Personnel Employment Report in Excel or pdf format. There are two tabs in the Excel file. The opened tab is the certificated staff report and the second tab is the non certificated staff report.

- Review all data fields for accuracy. Assure all staff assignments and funding codes are correct. If an employee is paid from multiple funding sources, review the allocations to assure the sum of the fund source percentages equals 100%.

This report is the detail of all certificated staff (all funds) reported as of the last Friday in September and includes alternative summer school staff. If data is incorrect or missing, review the Staff Assignments FTE report to assure all assignments are entered correctly. Make corrections in your records and resubmit the files.

Business Rules (key data elements for the certificated staff report):

1. Data field “isCertified” must be “Y”
2. Year of initial certification must be populated
3. Employment status must be active on the snapshot date or during summer school
4. Employee must have active assignments on the snapshot date or during the summer school
5. Experience and education fields must be populated
6. Base salary amount must be populated
7. If the Contract fte is greater proportionally than the minimum salary of $33,400, then the fte is reduced
   a. Example: Contract fte is .50 and the base salary is $10,000, then the fte is reduced to .30 (10,000/32,700)
8. Base contract must have corresponding assignment codes with the correct contractNo entered. Each contract is a stand-alone contract and shall be considered on its own merits.
a. Example: A teacher has one full time contract and four assignments. Each assignment must have contractNo entered. The number entered in the contractNo field must correspond to the first, second or third contract. (Not to be confused with contract type.) See examples on pages 29 & 30.

9. The sum of the assignment FTE(s) must equal the contract FTE.

10. Fund source code and fund source percentage fields must be populated.

11. If the employee has more than one contract, the fund code and fund source percentage fields must be entered for each contract.

12. The sum of the fund source percentage(s) must equal 100 (for each contract).

13. Assignments must be active on the snapshot date and required data fields must be entered.

14. Assignment start date and assignment end date must be valid
   a. Example: Assignment start date is 8/01/16 and the assignment end date is 1/30/16. This data will not be included due to the incorrect end date.

**Common Issues:**

1. The data field “isCertified” entered as “N”
2. The assignment contract number does not correspond to a valid contract or the contract does not have corresponding assignments.
   a. For example, a teacher has two contracts.
      i. contractFTE1 = 1.0
      ii. contractFTE2 = .14
      iii. The sum of the assignment ftes for contractNo 1 equals 1.14 and there are no assignments for contractNo 2.
      iv. Both contracts are invalid for funding purposes.

3. The summer school contract type is invalid. Only **AS** (Alternative Summer) is acceptable.

4. The summer school assignments do not have a corresponding approved alternative summer school building number entered in the schoolID field.

5. The variance between the contract fte and the sum of the assignment fte(s) is greater than 1%.

6. The assignment code is inactive or invalid.

7. The assignment start date and end date are not valid or do not indicate an active status on the snapshot date.
   a. The assignment start date is after the snapshot date. Thus, there are no active assignments on the snapshot date.
   b. The assignments end prior to the snapshot date resulting in no activity on the snapshot date. This is not applicable to summer school assignments.

8. FTE is reduced due the amount entered in the contract base salary (see the example on line 7a in the above business rules).

9. Funding source percentage(s) do not equal 100.
   a. For example, a teacher works half a day and holds a contract for .50 fte. The teacher is paid solely from fund code 10. The district entered the funding percentage as 50. The teacher will be missing from the report due to the incorrect allocation of funding (the sum of the funding sources must equal 100).

10. The second contract is not on the funding report due to missing entries of Funding Source Codes and Funding Source Percentage(s). Each contract must have corresponding funding source code(s) and percentage(s).
Review all data fields for accuracy. Assure all staff assignments are correct. If an employee is paid from more than one funding source, review the allocation to assure the percentages equal 100 (%).

Non certificated FTE equals (hours per week x weeks per years) / 2080 hours. If the employee's total FTE is greater than 1.0, correct the errors and resubmit the files.

When an employee has more than one assignment, check the data entries for reasonableness. For example, in total the person would not work more than 40 hours per week or more than 52 weeks during the year.

Note: The sum of the funding code 10 FTEs and sum of the funding code 10 Salaries are the data used in the Salary and Benefit Apportionment.

Review all data elements for accuracy. Assure all certificated instructional staff paid from the general fund code 10 are listed on this report with the correct career ladder placement and educational allocations.

This report is the detail of the salary and benefit apportionment calculations for instructional staff with funding source code 10. The average instructional salary is derived from this data. If data is incorrect or missing, review the All Personnel Employment Report for possible discrepancies. Review the Staff Assignments FTE report to assure all assignments are entered correctly. Make corrections in your system and resubmit the files. This report includes summer school fte.

In order to establish cohorts for instructors without a FY16 record, districts must submit the new hires’ degrees and years of experience as of September 2014 in an Excel format to Public School Finance. The data will be added as a permanent record in the core database (see Appendix A – 2016-17 ISEE Form 8).

Note: Only certificated instructors with prior year demographic records and accurate data paid from the general fund code 10 will populate the Instructional FTE & Salary Report.

If the Current Career ladder Placement col (c) is blank, refer to 2016-17 ISEE Form 8.
Part II of the Instructional Staff FTE & Salary Report lists each instructor fund source code 10. FY15 and FY17 education and years of experience are listed on the report. FY17 career ladder base salaries are compared to the amounts the instructors would have made had the career ladder not been implemented. If an instructor would have earned more by using the FY15 method of calculating salaries, the difference is added to the teacher’s base salary. Adjustments are listed on Part I, column (e).
If the Current Career ladder Placement col (c) is blank, refer to ISEE Form 9.
This is an assignment report of all certificated staff as of the last Friday in September and includes alternative summer school. Use this report as a tool to identify variances between contract ftes and assignment ftes. If the data is incorrect, a prior year correction must be submitted to revise the information. The form for submitting prior year revision can be found at [www.sde.idaho.gov/site/finance_tech/forms](http://www.sde.idaho.gov/site/finance_tech/forms). For more information, contact Kathryn Vincen at klvincen@sde.idaho.gov or LaRae Ashby at lbashby@sde.idaho.gov.
For monthly ISEE filers, submit revised November files. For Cumulative ISEE filers, the revisions must be made in the last cumulative files submitted for the year.

(2) In determining the experience factor, the actual years of certificated service for as pupil personnel services staff, or teaching and administrative service for administrator certificate holders in a public school, in an accredited private or parochial school, or beginning in the 2005-06 school year and thereafter in an accredited college or university shall be credited.

(3) In determining the education factor, only credits earned after initial certification, based upon a transcript on file with the teacher certification office of the state department of education, earned at an institution of higher education accredited by a body recognized by the state board of education, shall be allowed; however, successful completion of a state approved evaluation training and proof of proficiency shall be counted as up to three (3) transcripted credits for determination of the education factor and meeting recertification requirements.
2016-17 Salary Based Apportionment
Placement on the Career Ladder

Instructional Staff

1. All returning teachers advance to the next step on the career ladder. For example, all instructors in the P1 cohort will advance to P2.

2. New teachers in their first year of holding a certificate shall be placed on the first rung of the career ladder, RP1.

3. To align experienced out of state teachers with experienced Idaho teachers, determine their cohort by establishing their FY15 index as of September 2014, map to a cohort in FY 16, and advance one step.

4. An updated FY17 ISEE Form 8 will be available to establish the cohort of experienced out of state instructors and experienced Idaho instructors who were not active during 2015-16. If you filled out a 2015-16 ISEE Form 8 in the past, the process will be the same only with two prior years on the form.

**NEW for 2016-17:** For funding purposes, staff with assignment codes 31xxx, 32990 (Prevention Specialist), and 33001 (Education Media Generalist) are categorized as instructional staff and will be mapped as instructors using 2014-15 as the base year index.

*I.C. 331201A(2) Instructional staff employees who have held a certificate that qualifies them to teach in a classroom to (3) or more years prior to July 1, 2015, or pupil service staff employees who have held a pupil personnel services certificate for (3) or more years prior to July 1, 2016, shall automatically obtain an Idaho professional endorsement under this section.*
**Basic Guidelines - Quick Reference & Reminders**
*For Reporting Certificated Staff Experience & Education*

**Important:** Update staff experience and education for all certificated staff for the 2016-2017 school year. This process is not altered by the Career Ladder. The education allocations for FY17 will be derived from updated 2016-2017 data.

**Basic guidelines for reporting completed teaching or administrative experience are as follows:**

1. Only report *prior, completed* years.
2. Do not count the current school year (it’s not completed).
3. Include only certificated teaching or administrative position experience.
4. Include only experience from a public school, an *accredited* private or parochial school.
5. Do not include Pre-K experience. (Exception: early childhood special education in a public school or an accredited private school).
6. A qualifying teacher and/or administrator must physically work 50% or more of a given school year – less than .50 fte does not count.
7. Each year is considered on its own; partial years cannot be combined – count 1 or zero.
8. A qualifying teacher and/or administrator must be an employee of an accredited public, private, parochial school or accredited college or university.

**There are five categories of years of experience:**

1. Years in public Idaho K-12 school.
2. Years in public K-12 schools *excluding* Idaho (out of state).
3. Years in private or parochial K-12 school.
4. Years in teaching in Idaho higher Education (must be equivalent to K-12 teacher’s contract).
5. Years in teaching in higher Education *excluding* Idaho (out of State) (must be equivalent to K-12 teacher’s contract).

**Caution:** Do not duplicate years of experience. Each category is a component of total years of completed experience.

**Basic guidelines for reporting additional college transcript credits earned beyond the degree reported and initial certification (I.C. §33-1004A).**

1. Credits must be from an accredited college or university. (Courses for which academic credit is awarded by an accredited college or university and can be used towards a degree).
2. District/charter must have an official transcript on file before these credits may be claimed.
3. Report all eligible credits in *semester credit hours only*.
4. One (1) quarter credit hour converts to .67 semester credit hour. Round fractions down to the nearest credit.
5. In-service credits do not qualify.
6. Continuing Education Units (CEUs) do not qualify unless the credits are a result of courses taken for college credit.
7. **Temporary permits do not meet the requirements of initial certification. (Provisional Authorization is no longer allowed in Idaho.)**
8. The *issue* date of the *initial* certification remains the same regardless of certification status (active or inactive).
9. Credits must be earned prior to the last Friday in September (same as the requirement for counting completed years of experience).
10. **All credits and degrees earned must be in a relevant pedagogy or content area as determined by the state department of education.**
11. **If an employee is on your payroll, report in ISEE. Staff demographic and staff data are entered as annualized amounts.**
Experience & Education History
Update at the beginning of the year. Review prior year work history to assure the fte reported is accurate.

For example, a teacher left unexpectedly in December and did not complete the entire year. Or, a new teacher hired in March working full weeks but the number of hours worked for the remainder of the year divided by 1,380 hours is less than .50 - do not count the year as one. Certificated Contract & Assignments: Sum of assignment fte(s) must equal contract FTE.

Contract Rules
1. One contract shall not exceed 1 fte.
2. Each certificated employee may have up to 3 contracts (regular, *summer, evening).
3. Each contract stands alone and is considered on its own merits.
4. The sum of the contract FTE’s may exceed 1, provided each contract does not exceed 1 fte.
5. Each contract must have corresponding certificated assignments.
6. The sum of the certificated assignment ftes must equal the contract fte.
7. Each contract shall have corresponding funding source code(s)

Non-Certificated Employment.
• Assignment Fte = (hours per week x weeks per year) / 2080 hours. Leave the contractNo blank for classified assignments

Reporting not required for:
- Persons employed during emergencies
- Irregular help (i.e., short term substitutes, volunteers, etc.)
- Non district contracted staff (report on ISEE Form 6, if applicable)

Certificated Staff Member Not Having the Proper Credentials: Funding may be withheld (I.C. §33-1002(6)(d)). Work with Teacher Certification to resolve these issues.

Validate and verify all data before and after submitting: Review staffing reports after the October and November submissions.

Review budgeted estimates: Number of fte, factored index. Compare to reports and resolve all discrepancies.

Work with HR to assure staffing data is updated: Additional credits earned since the prior year, are accurate. Review years of experience.

After the October data is uploaded, run the ISEE staffing reports to assure the data is correct and agrees with payroll records and budgeted numbers.

Note: Only staff members with an active contract and assignments as of the last Friday in September are funded (summer school is included). Anyone hired after the last Friday in September will not be funded. There is an exception to this rule such as if a position was advertised as open on the school district website prior to October 15 and no qualified applicants were received prior to that date. The instructional employee must be hired prior to January 1 and the district must provide documentation supporting the claim, such as the job posting.
