SDE Student Transportation comments to update language pertaining to the reimbursement of shuttle trip mileage on page 127. The section should read: Shuttle trip mileage for educational programs are reimbursable miles, but shuttle trips between schools for extracurricular activities or at student request are not reimbursable. Activity buses that take students and/ or athletes home after regular school hours are non-reimbursable miles.

**Q3** Please provide comments in the space provided below. If you have a comment about a specific section of text, include a page or section number with your comment.

Page 126 replace:

"Mileage related to visits to colleges and universities is considered reimbursable field trip mileage. Mileage needs to be tracked as such."

Instead use:

Mileage related to visits to colleges and universities is considered reimbursable field trip mileage if such visits are part of the school district college and career advising and mentoring plan. Mileage needs to be tracked as such.

per SBOE recommendation

4. Student Transportation Personnel File

Each district that operates or contracts student transportation services shall cause to have filed for each school bus driver, in a secure area with limited access, the following information (IC Sections 33-1506, 33-1508 and 33-1509, Idaho Code):

- a. Copy of original application to drive school bus.
- b. Copy of current original physical examination form, along with any applicable waivers.

Change "original physical examination form" to "Medical Examiner's Certificate" as the long form is no longer necessary and contains personal information.

Correction on page 126 to clarify language based on feedback from Chief Policy Advisor –

For all activities reimbursable under the transportation support program described above, any costs associated with the operation of non-SDE IBUS inventoried vehicles shall be removed from the total costs. Pursuant to 33-1006, Idaho Code, section 1, non-SDE IBUS inventoried vehicles are not subject to SDE transportation program safety inspections, and therefore cannot be covered under the transportation support program. Costs associated with non-SDE IBUS inventoried vehicles shall be removed by pro-rating the percentage of total student transportation miles on non-SDE IBUS inventoried vehicles to the total student transportation fleet miles.

Kind regards,

Alexandra McCann  
Financial Specialist, Sr.  
Student Transportation Division  
Idaho Department of Education
