GRADES 9-12

AAA

How to Drive

- **Grades 9-12**
 - Strengths: Content is current in keeping up with changes in driving laws and vehicle technologies. Multiple opportunities for students for students to interact with content in various ways. Clear instructor resources for delivery of content and adapting for various learners.
 - Weaknesses: Student textbook is not particularly integrated into the instructor lesson plans although the Student workbook is. Idaho specific content is not included and will need to be incorporated by the Idaho instructor.
 - Key Features: AAA's How to Drive is an easily customizable and simple to use classroom curriculum with the ability to handle up to 40 hours of classroom instruction. It is the only available curriculum that meets the National Standards for both content and delivery.

Key features are:

- Easy to use How to Drive Instructor Guide: Contains over 1000 downloadable PowerPoint slides with speaking notes, nearly 5 hours of embedded video content-(closed captioned), Risk Assessment Perception exercises and interactive games.
- Up to date content covering distracted driving, cognitive distractions, drugged driving, advanced driver assistance systems- (ADAS), vulnerable road user instruction such as the Dutch Reach method as well as texting and other relevant topics.
- Easy to use and customize by the Instructor to fit their particular need and style.

- Student textbook is easy to read and contains colorful graphs, and images to depict the content. Not a text heavy. (Available in softcover, hardcover and eBook formats)
- Completely new student workbook designed to be the perfect in-class companion with assessments, fill-in-the-blank exercises, learning activities and more.
