The Music of the Night Lyrics
Andrew Lloyd Webber

[PHANTOM]

[Verse 1]
Nighttime sharpens, heightens each sensation
Darkness stirs and wakes imagination
Silently the senses abandon their defenses

[Verse 2]
Slowly, gently, night unfurls its splendor
Grasp it, sense it, tremulous and tender
Turn your face away from the garish light of day
Turn your thoughts away from cold, unfeeling light
And listen to the music of the night

[Verse 3]
Close your eyes and surrender to your darkest dreams
Purge your thoughts of the life you knew before
Close your eyes, let your spirit start to soar!
And you'll live as you've never lived before

[Verse 4]
Softly, deftly, music shall surround you
Feel it, hear it closing in around you
Open up your mind, let your fantasies unwind
In this darkness which you know you cannot fight
The darkness of the music of the night

[Verse 5]
Let your mind start a journey to a strange new world
Leave all thoughts of the world you knew before
Let your soul take you where you long to be
Only then can you belong to me

[Verse 6]
Floating, falling, sweet intoxication
Touch me, trust me, savor each sensation
Let the dream begin, let your darker side give in
To the power of the music that I write
The power of the music of the night

[Outro]
You alone can make my song take flight
Help me make the music of the night
