WIDA has developed a new set of tools to interpret and use the ELD Standards to explicitly link language use and the specific content areas outlined in the WIDA ELD Standards 2-5.

Your input on the released drafts is needed

- Review the 2020 edition draft standard resources at the English Language Development Standards webpage
- Complete the survey after you review one of the resources by December 15, 2019.
Pre-ID File Upload & Initial Material Orders

• Successfully uploaded on November 21, 2019!
  • Districts can begin to manage test session within WIDA AMS on December 31, 2019

• Newly identified ELs to Idaho will need to be added into WIDA AMS manually

• ACCESS accommodations will need to be added prior to the test within WIDA AMS if districts did not assigned them in ELMS prior to the Pre-ID File upload

• Additional material can be ordered between January 14, 2020 and February 28, 2020

Grade Levels for ISAT Science in 2020

• Elementary ISAT Science: Grade 5
• Middle School ISAT Science: Grade 8 NEW
• High School ISAT Science: Grade 11 NEW
Science Assessment Reporting Waiver

• SDE is seeking a temporary accountability waiver from the federal government for provisions in The Every Student Succeeds Act (ESSA).

• This waiver allows the state to administer the new assessment in lieu of the old one, and exempt SDE from reporting the new assessments’ results in spring 2020.
Science Assessment Reporting Waiver

• This waiver will help Idaho’s students and educators by:
  • Reducing testing time for students and educators
  • Allowing schools to implement new curriculum that align to the new science standards
  • Remove pressure of also preparing students for the legacy assessment

• Public comments for this waiver will be accepted until midnight MST on Dec. 15, 2019. Please submit comments using this form.
• Elementary, Middle & High School Sample Tests
• Log in as Guest User in Guest Session
• Take as many times as needed
• Check which scoring assertions you got correct
• Available on the ISAT Portal via the New Science Sample Test panel
Science Practice Test – Coming Soon

Fall IRI Data

• IRI scores are reported at a state, district, and school level aggregated by grade level, subgroup, and other demographic information in ISEE.

• Fall 2019 data can be found on the assessment & accountability page 2019-2020 Results
Fall 2019 Data

• Posted fall IRI state results have applied business rules outlined in the 2019 Accountability and Reporting Rules Document.
  • As a result district & school facing data in Istation may differ from state reported data.

• You can request a secure file transfer of un-redacted district or school accountability IRI data from ISDE through OTIS.
New Rostering Requirement

• New requirement to include date of birth in Istation when rostering students.
  • New students in remainder of 2019-2020 school year
  • Fall rostering in 2020-2021

• If the date of birth is not included when entering the student, you will receive an error message and be prompted to enter the DOB.

• The assessment and accountability team uses the student EDUID to match students assessment records, but in cases of duplicate EDUID’s or invalid EDUID’s, we rely on other information like DOB to match student assessment records to ISEE data.
ISDE has convened two working groups to investigate the possibility of an accommodated IRI guided by the current assessment.

1. Students who are blind/visually impaired (BVI)
2. Students who are deaf/hard of hearing (DHH)
