Additional Materials Orders

- Use all district overage materials before making an additional materials order (AMO)
- **Only** District Test Coordinators should make an AMO within WIDA AMS
  - Try to limit to **ONE** AMO
• Identify the Writing tier booklet for students in grades 1-3 based off their Reading and Listening domain performance.

• Identify online testers assigned to the Tier Pre-A speaking form (special administration procedures for the Tier Pre-A testers are detailed in the TAM).
Most questions about ACCESS can be answered by reviewing one of the following manuals or user guide:

- Test Administration Manual
- District & School Test Coordinator Manual
- WIDA AMS User Guide

Use the command “Ctrl. + f” to quickly find your key words.

ISAT Science Interim Test Scoring Materials

Interim Scoring Materials

ISAT Interim scoring materials may be used for teacher training and/or preparation prior to scoring student responses from the Interim Assessments. The “ELA_Math” zip files include a reference guide for the grade level, a Scoring Guide (SG) and Training Manual (TM) for each hand-scored item, and an answer key for all the ELA and math grade-level Interim Assessments. The “Science” PDF files contain the answer keys for each Science grade band Interim Assessment.

While these materials may be downloaded and printed, they should be used only for teacher or school-level training. These materials should not be posted or distributed to teachers or others not involved in scoring the Interim Assessments.
Elementary, Middle & High School Field Test

- Current Testing Window: 03/15/2020 – 05/15/2020
- New Assessment
- No scores for states, districts & teachers
  - Depending on US DoE waiver approval.

ISAT Sample & Training Tests

• The 2019-20 ELA/Literacy and Mathematics ISAT Sample and Training tests are now available.

• Sample and Training tests are not automatically scored by the system, do not follow a specific test blueprint, and do not produce score reports. Scoring guides are located in the ISAT Portal.

• Test Administrators may administer these tests via the Sample Test Administration icon available on the ISAT Portal.
ISAT Sample & Training Test Uses

• ISAT Sample Tests
  • Sample tests provide students with a grade-specific testing experience that is similar in format and structure to the Summative tests and include one performance task per each subject.

• ISAT Training Tests
  • Training tests provide students with the opportunity to experience most features, functionality, and item types included on the Summative tests.
Available Tests

ISAT Sample Tests
• 3-8 English Language Arts/Literacy
• Grades 3-8 Math
• Grade 11 English Language Arts/Literacy
• Grade 11 Math

ISAT Training Tests
(grade bands)
• Grades 3-5 English Language Arts/Literacy
• Grades 3-5 Math
• Grades 6-8 English Language Arts/Literacy
• Grades 6-8 Math
• High School English Language Arts/Literacy

Sample Items

Target 4
Listen and Interpret

All items are text-dependent. No item is answerable without listening to the presentation.

As much as possible, items should allude to content presented in the stimulus, or if necessary, content may be paraphrased. Items may contain direct excerpts from the script of the presentation when necessary to assess the skill. As much as possible, when excerpts are used, they are used in the item stem rather than as answer options. The purpose of using excerpts in items is to examine the excerpt within the context of the stimulus, and not to examine the excerpt as isolated content.

Items do not assess minor details.

Students should only need to listen to the presentation once in order to respond to items.

Items should use the word “speaker” when the stimulus is commissioned. Items should use the word “author” or the author’s name when the stimulus is permissionable or public domain.

Welcome!

This site provides examples of test questions used on Smarter Balanced assessments in English language arts, literacy, and math. Test questions are developed with extensive involvement by educators, including test question writing, reviewing for accuracy, and ensuring questions are fair for all test takers.

ISAT questions?
Looking Ahead to May

• Review the updated IRI 2019-2020 Administration Manual
  • Train staff to ensure standardized administration
  • Verify students are in Istation system and have approved tools, supports, and accommodations

• IRI Spring Benchmark Window
  • May 1-May 29, 2020
Technology Update

• Istation will continue to support the application on Chromebooks through summer 2021!

• DOB is now a required field for rostering new students into Istation.

• In January Istation pushed out an update for the application.
  • Districts and campuses that allow apps to automatically update and do not "lock down" or "freeze" installations will not need to take action. Downloading and pushing updates is automatic.
  • Districts and campuses that manage releases and updates of apps will need to download and push updates to devices.
The BVI work group met for a second session in January.

- This team began drafting administration guidance and protocols for administering the IRI to students who are low vision print learners.
- Istation representatives were in attendance.

The team will convene again in late April to review IRI accessibility for braille learners.
The DHH work group will convene for a final time in April.

- This team has continued to review and develop guidance and protocols by subtest to ensure the IRI is accessible to students who are deaf/hard of hearing.
