

<p><b>Claim 1: Students can read closely and analytically to comprehend a range of increasingly complex literary and informational texts.</b></p>	
<p><b>Target 13: TEXT STRUCTURES &amp; FEATURES:</b> Relate knowledge of text structures (e.g., chronology, comparison, cause/effect, problem/solution) or text features (e.g., charts, graphs, diagrams, time lines, animations) to interpret or explain information.</p>	
<p><b>Clarifications</b></p>	<p>Item require <b>students</b> to analyze the structure or features of a text. This could refer to an author’s decisions about the structure of the text (for example, use of sections or chronological order). This could also refer to the author’s decision about structures (for example, opening, closure, or presentation of facts). Students must consider how these structures <b>impact</b> meaning or presentation. Students may also be required to apply reasoning to justify their analysis by identifying supporting evidence within the text. Items should <b>go beyond</b> asking students to identify the way in which a text is structured.</p> <p>All items should require students to cite specific textual evidence to support conclusions drawn from the text(s).</p>
<p><b>Standards</b></p>	<p><b>RI-1</b> <u>Refer to details and examples in a text when explaining what the text says explicitly and when drawing inferences from the text.</u></p> <p><b>RI-5</b> <u>Describe the overall structure (e.g., chronology, comparison, cause/effect, problem/solution) of events, ideas, concepts, or information in a text or part of a text.</u></p> <p><b>RI-7</b> <u>Interpret information presented visually, orally, or quantitatively (e.g., in charts, graphs, diagrams, timelines, animations, or interactive elements on Web pages) and explain how the information contributes to an understanding of the text in which it appears.</u></p> <p><b>NOTE:</b> <u>Underlined content</u> (from related CC standards) shows what each assessment target could assess.</p>
<p><b>Depth of Knowledge</b></p>	<p>DOK 2, DOK 3</p>
<p><b>Stimuli/Passages</b></p>	<p>Texts must be rich with external text structures (i.e., sections, chronology, general passage structure) and internal structures (i.e., introduction, conclusion, presentation of facts or events) in order to support meaningful analysis.</p> <p>Refer to Smarter Balanced Assessment Consortium: English Language Arts &amp; Literacy Computer Adaptive Test (CAT) and Performance Task (PT) Stimulus Specifications for more information on informational text types.</p>
<p><b>Dual-Text Stimuli</b></p>	<p>When a dual-text set contains one literary and one informational text, the informational text (text #1) is the primary focus, and the set of items must include items from the informational stimulus as well as items written across both texts. The literary text (text #2) <b>must only</b> be used as a background piece for informational text, and no items can be written for <b>only</b> the literary text. If both texts are informational, items may be written to either or both texts. All dual-text stimuli sets should contain between 25-40% items written across both texts.</p> <p>When developing items from a dual-text set, Task Model 5 (short text constructed response-WR) should be written using the <u>Appropriate Stems for Dual-Text Stimuli</u> only to ensure students will have the opportunity to respond in</p>

	<p>writing to information from both texts. Between 25-40% of all other items written in the dual-text set should be written across both texts.</p> <p>The title of each text should be included in the stem when more than one text is used. Dual-text is considered long text.</p>
<b>Accessibility</b>	Refer to the Smarter Balanced Assessment Consortium: Usability, Accessibility, and Accommodations Guidelines for information on accessibility.
<b>Evidence Required</b>	<ol style="list-style-type: none"> <li>1. The student will determine how the overall structure of a text impacts its meaning.</li> <li>2. The student will analyze or interpret why the author structured elements within the text in a certain manner and the impact of that structure on meaning.</li> </ol>
