

# IDA A Cut Scores

Established After Spring 2022 Standard Setting

The summative Idaho Alternate Assessment (IDAA) assesses 3<sup>rd</sup> through 8<sup>th</sup> and 10<sup>th</sup> graders with the most significant cognitive disabilities enrolled in an Idaho public school in English language arts (ELA) and mathematics. It assesses 5<sup>th</sup>, 8<sup>th</sup>, and 11<sup>th</sup> graders with the most significant cognitive disabilities in Science.

The IDAA provides a scale score indicating a student's achievement level on each assessment. A scale score is a singular number assigned to a student's test. Cut scores are scale scores at which proficiency levels have been determined. They divide the scale into achievement levels 1, 2, 3, and 4.
