## **Media Advisory: Critchfield, State Department of Education to Hold Six Post-Legislative Sessions April 11-20**

(BOISE) – Superintendent of Public Instruction Debbie Critchfield and the State Department of Education will hold six post-legislative sessions across the state between April 11 and 20. The events will provide local school leaders a chance to hear from the superintendent and SDE staff regarding changes made to education law during the Idaho legislature’s 2023 session.

“The annual Post-Legislative Roadshow is an important function for the department because it connects local school trustees, superintendents, business managers and other key personnel with the State Department of Education staff who understand the changes made to Idaho education policy in the last several months,” Critchfield said. “This is an opportunity for local schools and charters to learn how these changes will affect their operations so they can be prepared once the new policies take effect.”

The six events begin in Idaho Falls on April 11 and wrap up with an April 20 session in Coeur d’Alene. Each is scheduled to begin at 9:00 a.m. and end at 3:00 p.m. Critchfield is scheduled to make opening remarks each morning around 9:30. **Media is invited to attend.**
