

Idaho State Department of Education

Coronavirus Resources for Schools – Idaho Digital Learning Alliance

Idaho Digital Learning Alliance is prepared to assist school districts and charter schools in the event of emergency closures due to COVID-19:

- IDLA will provide IDLA course curriculum (online textbooks) to schools.
- IDLA will be hosting multiple webinars covering a variety of subjects. Examples: How to plan for an eDay, how to use IDLA content, how to use Google Meets to hold a virtual class, best practices in using synchronous tools for a virtual class, and strategies and example activities to use in a synchronous session.
- IDLA will provide a support desk where district/charters can obtain support on how to implement their eDays, and provide additional resources and services.
- Districts/Charters can enroll their students in full IDLA classes and receive all IDLA supports for students registered in IDLA classes.

Please contact IDLA if you have questions, or if there is anything they can do to provide help and support: Will Goodman, Director of District Programs, will.goodman@idla.k12.id.us, cell: (208) 599-3680.

Upcoming Webinar, March 17

Information on the support we will be providing to Districts and Charters, and what steps you can do to prepare for an eDay will be outlined in the webinar below:

- Administrator and Tech Director eDay Planning Webinar
- Date: 03/17/2020
- Time: 10:30 AM Mountain Time
- Topic: **How Start Planning for an eDay Today.**
- Link: <https://zoom.us/j/185288577>

Support and Material Offered by IDLA

Online Content: IDLA will provide access to internally created online textbook content for districts and charters for the duration of the closure. This content is created to Idaho Standards and targeted at grades 7-12. The content will include lesson objectives, lesson content, videos with transcripts, and non-graded interactivities.

Digital Learning Support: IDLA will offer regular office hours where district teachers and staff can request individualized assistance in implementing a Virtual Classroom or IDLA eDay content. IDLA

will also be hosting multiple webinars about online pedagogy, how to use IDLA resources, and how to use collaborative online tools. Webinar dates and times will be posted on the [IDLA eDay Webinar Calendar](#).

Virtual Collaborative Classroom Tools: Google has made [Google Meet premium free](#) until July 1, 2020. This allows for the recording of meetings and allows up to 250 participants Google Meets Premium needs to be enabled by your school, and IDLA can assist schools with setting Google Meet and Google Classroom up.

How District Sign Up for Support: Districts who want to utilize this service should request support from IDLA via the [Emergency eDay Form](#).
