Are you ACCESS 2.0 Testing on iPads?

A new version of the INSIGHT iPad client, version 7.2, is available in the Apple App store. If you have a previous version of INSIGHT installed on any iPads used for WIDA student testing, please install this update through the App store. It is required for ACCESS for ELLs 2.0 and Screener testing. Users will be required to update when a previous version of INSIGHT is launched.
