Advanced Opportunities (33-4602, I.C.)

- **Advanced Opportunities** – Funding is available to pay for overload courses, dual credit courses, postsecondary credit-bearing exams, career technical certification exams, CTE workforce training, college entrance exams, preliminary college entrance exams, and proctoring fees. Every public school student in grades 7-12 is allocated $4,625.00 for these purposes. In most cases, these funds will be paid directly to Idaho public post-secondary institutions and IDLA. The school district or charter school will be the recipient of these funds if:
  a) The school district or charter school is the provider of an overload course.
  b) A course taken by a student is through a private institution or outside the state of Idaho. The school district or charter school will be expected to forward these funds to either the institution or to the family.
  c) Students are requesting funds for an examination (AP, IB, CLEP, and CTE). The school district or charter school will likely be billed for this activity by the exam provider, or may need to reimburse the family.

- **Early Graduation Scholarship** - These funds are related to scholarships awarded to students for Early Graduation. If a student graduates at least one year early, they are eligible for a scholarship equal to 35% of the statewide ADA funding, which they can use at an Idaho public post-secondary school. The department will disperse these scholarships directly to the college or university. School districts and charter schools will receive an equivalent award of 35% of the statewide ADA funding for any student who graduates at least one year early that is reported to the department by June 15th of each year.

Receipts for all transactions related to Advanced Opportunities are available in the Advanced Opportunities portal.

**Special Distributions**

**2024-2025**

**School District Facilities Fund (33-911, I.C.)**

Budget $(TBD – see below) per 2023-2024 best 28 weeks ADA for students at physical facilities that are part of the school grounds. Funding is for school districts only.

*Please note that the total dollars to be distributed will not be known until early August. Preliminary estimates show these revenues could range from $77 million to $200 million. Other variables included in the funding allocation that are unknown at this time include: (1) Best 28 Weeks ADA for the 2023-2024 school year, adjusted for virtual students (won’t be known until late July or early August) and (2) the hold-harmless amount for qualifying schools related to the Bond Levy Equalization Program (won’t be known until mid-August).*

Using (1) estimated FY 2024 best 28 weeks ADA adjusted for the estimated number of students not at a physical facility and (2) estimated FY 2025 Bond Levy Equalization Program Support calculations that assumes all school districts with bonds are “qualifying” schools pursuant to 33-911(7), Idaho Code, (as added by the 2024 Legislative session) and (3) an estimated distribution of $77 million, the distribution per best 28 week ADA for eligible students would be approximately $225. Using these same assumptions, if the estimated distribution was $200 million, the distribution for eligible best 28 week ADA would be approximately $750.

*The allocation amounts per qualifying ADA or school shown above and/or shared by various entities during the Legislative session are estimates. The actual amounts to be distributed in total and for each school district will not be known until the calculation is made in mid- to late August.*

School Modernization Facilities Funds (33-912 – 33-918, I.C.)

Idaho Code sections 33-912 through 33-918 were created per House Bills 521 and 766 during the 2024 Legislative session. Eligible school districts will receive a fixed allocation of School Modernization Facility funds based on 2023-2024 best 28 weeks average daily attendance for students at physical facilities that are part of and on school grounds. It is estimated the allocation will be made in early August and that funds will be distributed in late August. Funding is for school districts only.

IFARMS Codes:
Fund: refer to the IFARMS manual. Reserve unspent funds in Fund 436 (School Modernization Facilities Fund)
Revenue Code: 431900
Function/Program & Object Codes: refer to the IFARMS manual
