- MOE Test with Exceptions
- Maintenance of Effort section update in the IDEA Part B Application
- Accounting for MOE
- MOE Failure and Fiscal monitoring
Local Educational Agency (LEA)
Maintenance of Effort Overview
• IDEA Part B Funds must not be used to reduce the state and local level of expenditures for the education of children with disabilities.

• The amount of local, or State and Local Funds expended for the education of children with disabilities, is the amount of funds that establishes the level of expenditures to be maintained from year-to-year and establishes the MOE level.
The US Federal government needs to ensure that State and local governments support the education of students with disabilities by maintaining or increasing the level of expenditures from year to year.
Standards for MOE Determination
Standards for Determining Maintenance of Effort

34 CFR §300.203 (a)

• The federal code establishes the eligibility standard based on the LEA’s prior year expenditures.

• The federal code outlines in detail the 4 basic standards used by the Idaho State Department of Education Special Education to determine whether the LEA passed or failed the maintenance of effort test.
The 4 basic criteria for compliance and eligibility:

- Combination of State and Local Funds – total amount
- Combination of State and Local Funds – per capita basis (Child count)
- Local Funds Only – total amount
- Local Funds Only – per capita basis (Child count)

From year to year, the LEA needs to spend at least the same amount as in prior fiscal years.
An LEA can elect to use the combination of State and Local or Local Funds Only to meet MOE requirement.

If Local Funds is selected, SDE requires the following:

• Audited Financial Statements indicating the source of Local Funds i.e. supplemental levy, etc.

• Accounting processes used to account for local funds

• Previous FY Audited Financial Statements

• Indication that MOE is based on local funds only in the application
Idaho Financial Accounting Reporting Management System (IFARMS) does not separate expenditures by state and local funds.

The majority of LEAs in Idaho use the combination of state and local funds for the purpose of meeting the MOE test.
Maintenance of Effort Test
The Special Education Department at the SDE performs the MOE test by comparing expenditures from the most recent year for which information is available to expenditures in the last fiscal year the LEA met the MOE test.

The test has two components: compliance test and eligibility test.

- The District DOES NOT MEET preliminary MOE Eligibility based on Maximum Total State and Local expenditures since FY 2012

- The District MEETS preliminary MOE Eligibility PER CAPITA based on Maximum PER CAPITA State and Local expenditures since FY 2012
• If neither the total amount spent or budgeted, nor the per-student amount is greater than, or equal to those amounts in the previous year, the LEA is not eligible for a Part B grant.

• In the Federal Register Vol. 80 No. 81 pages 23647-23648, OSEP provided more guidance on the comparison rule. The SDE is required to use FY 2011 as the starting fiscal year for MOE comparison purposes.
Maintenance of Effort Exception
An LEA may reduce the level of its expenditures (local, or State and local; in total or per capita) below the level of those expenditures for the preceding fiscal year under certain circumstances.
MOE Exception cont’d

• Voluntary departure by retirement or departure for just cause of special education or related services personnel;

• Decrease in the enrollment of children with disabilities;

• Termination of costly expenditures for long-term purchases, such as the purchase of an IEP software program;

• Termination of an exceptionally costly obligation to a particular child with a disability because the child:
  ➢ Has left the jurisdiction of the administrative unit;
  ➢ Has reached the age at which the obligation to provide FAPE to the child is terminated; or
  ➢ No longer needs the program of special education.
MOE Exception Example 1

34 CFR §300.204

• In FY 2015-16, the LEA’s MOE Expenditures $500,000
• In FY 2016-17, the LEA lost a teacher with a salary of $60,000/year
• In FY 2016-17, the LEA has $60,000 eligible exception
• If the LEA elects to take the exception, the MOE threshold will be reset at $440,000 ($500,000-$60,000)
34 CFR §300.204

- In FY 2015-16, the LEA’s MOE Expenditures $500,000
- In FY 2015-16, child count was 100. Per student MOE was $5,000
- In FY 2016-17, child count decreased by 10 and is now 90
- The LEA has $50,000 ($5,000 * 10) eligible exception
- If the LEA elects to take the exception, the MOE threshold will be reset at $450,000 ($500,000-$50,000)
34 CFR §300.205 Adjustment to Local Fiscal Efforts

With certain exceptions, for any fiscal year in which an LEA’s Part B allocation exceeds the amount the LEA received for the previous year, the LEA may reduce its State and Local support of special education by up to 50 percent of the amount of the increase in its Part B allocation.
MOE Reduction Example

34 CFR §300.205

- The LEA’s Part B allocation for 2015-16 was $3,500,000
- The LEA’s Part B allocation for 2016-17 was $4,000,000
- Allocation increase is $500,000 and 50% is $250,000
- The LEA may reduce its state and local expenditures for 2016-17 by $250,000
- The $250,000 must be expended for activities and programs allowable under the Elementary and Secondary Education Act (ESEA).
The LEA cannot reduce its State and Local support of special education under 34 CFR §300.205:

• If action has been taken against the LEA under IDEA Section 616;

• If the LEAs responsibility for providing FAPE has been taken away by the SDE; or

• If the LEA has been found to have significant disproportionality (race and ethnicity) under 34 CFR §300.646

- **LEA is applying for PreSchool funds**
- The school district has determined that there are no private schools located within the boundaries of the district. *(If the district checks this box, it is not necessary for the application to be disapproved)*

MOE Funding Source

Please select the type of funds the LEA will be using for Maintenance of Effort:

- The LEA will be using State and Local Funds for Maintenance of Effort
- The LEA will be using Local Funds Only for Maintenance of Effort
• When an LEA selects Local Fund Only, IDEA Administrators receive a notification and approval is needed before the application can be submitted.

• The majority of LEAs use State and Local Funds for the purpose of meeting the MOE requirements.

Accounting for IDEA Part B MOE

How do we collect MOE numbers?

1. MOE Reported in Section II of the Application
2. SDE Staff cross check numbers with IFARMS Reports
3. SDE Staff compares MOE with Audit Reports
4. LEA passes MOE Test
5. MOE Numbers transferred in Section I of the Application next year

- ERRORS FOUND - LEA fails MOE Test and application is sent back to LEA for corrections
- LEA addresses errors found

**Average Per Pupil Expenditure FY 2017**: $0
• Reimbursements from Federal Funds, including Medicaid, will not be considered “State and Local” funds and cannot be used for the purposes of maintenance of effort provisions.

• SDE recommends you keep your Medicaid expenses and reimbursements separate
  - Do not commingle with other general fund expenses
  - New in FY 2017-2018: School-based Medicaid will have its own fund number 260.
LEAs must include state and local funds spent for the education of children with disabilities regardless of whether it uses those same funds to comply with other matching requirements i.e. Medicaid state match.

- Medicaid expense was $100,000
- Reimbursed portion was 71% or $71,000
- State match was 29% or $29,000
- Any portion of state match used for the education of children with disabilities must be included in the maintenance of effort report
- The balance in your fund 260 after reimbursement will be a good way to capture state match.
MOE Failure and Fiscal Monitoring
MOE Failure

MOE Eligibility Failure Implications

• LEA will be ineligible for IDEA Part B funds in the year for which the budgeted amount did not meet the test.

MOE Compliance Failure Implications

• LEA must return the amount by which it failed to meet MOE to the State.
• Paybacks must be made out of non-Federal funds or funds for which accountability to the Federal government is not required i.e. Maintenance of Effort expenditures or Medicaid match cannot be used for repayment.
• LEAs will be ineligible for IDEA Part B funds until the issue is resolved.
Maintenance of Effort level goes back to the year that LEA met MOE and not the year that it failed the test.

- LEA’s MOE level for 2015-16 was $250,000
- LEA’s MOE level for 2016-17 was $200,000 with no valid exception
- LEA’s MOE level for 2017-18 should be $250,000 or more
Fiscal Monitoring

TRUST...

BUT VERIFY.
Fiscal Monitoring Plan

- Idaho State Department of Education Special Education developed a new plan for fiscal monitoring
- The plan designed uses a risk-based approach for more efficiency
- Maintenance of Effort will be a big focus of our fiscal review
- LEAs selected for fiscal monitoring activities in the current school year have been notified
