

## Part B Clarification Changes Form

For any data revisions or uploaded 508 compliant documents, please provide the Indicator and Description of Change in the below table and upload the form as an attachment to the Introduction page:

Indicator	Description of Change
Indicator 3A	Corrected data entry error for Reading Assessment HS Grade Baseline from 90.37% to 90.34%
Indicator 3A	Provided direct link to statewide assessment participation and performance data for students with disabilities participating on Regular with Accommodations, Regular without Accommodations, and Alternate Assessment.
Indicator 4A	Removed paste error from prior year reporting and added language clarifying that Idaho did not identify any instances of significant discrepancy for FFY 2020 using 2019-2020 data. Addressed grammatical error in the Provide Additional Information About this Indicator section.
Indicator 6	Added language clarifying that Idaho is below the minimum required count for establishing baseline and target for 6C for FFY 2020. Idaho stands ready to collaborate with stakeholders to establish baseline and target when the minimum count of ten is met or exceeded.
Indicator 8	Per OSEP request Idaho has attached a copy of its approved sample plan. Idaho has also clarified language in the narrative regarding sampling.
Indicator 11	Added language clarifying that all LEAs with noncompliance identified in FFY 2019 were corrected at the individual and systems level demonstrating 100% compliance and correct implementation of the regulatory requirements under the IDEA in a timely manner.
Indicator 12	Added language clarifying that all LEAs with noncompliance identified in FFY 2019 were corrected at the individual and systems level demonstrating 100% compliance and correct implementation of the regulatory requirements under the IDEA in a timely manner.
Indicator 13	Added language clarifying the correction of noncompliance and documenting subsequent correction of noncompliance for one LEA.
Indicator 16	Provided clarification and established baseline and target using FFY 2020 data.
Indicator 17	Added link to current Theory of Action into the field requesting data. During the initial submission period the EMAPS application functionality only allowed for the link to be added in this location if the state had made changes to the Indicator 17 Theory of Action. Idaho included the current Theory of Action link in the initial

	SPP/APR submission under the Provide Additional Information About this Indicator section for Indicator 17.
