

|| HOW TO REQUEST AN OFFICIAL TRANSCRIPT

To transfer your dual credits from Advanced Opportunities participating colleges or universities, you will need to request a transcript. Idaho public colleges use the National Student Clearinghouse. Idaho private colleges can utilize other means.

|| OFFICIAL TRANSCRIPT REQUEST

Visit the link to request an **OFFICIAL TRANSCRIPT** to be sent directly to the college you plan to attend after high school. Official transcript costs may vary.

IMPORTANT

It is important to send your transcript through the delivery system. Do not download the transcript and email it, as this will void the official standing of the transcript and make it unofficial. Make sure that all grades are posted to your account prior to requesting your official transcript.

|| UNOFFICIAL TRANSCRIPT REQUEST

Transcripts can be obtained at each college's website free of charge. With most colleges and universities, you should be able to access and view your unofficial transcript through your student portal. Specific information for each college or university is provided below.
