INTRODUCTION

The Idaho State Department of Education (SDE) is the responsible State Educational Agency (SEA) for the Nita M. Lowey 21st Century Community Learning Centers (21st CCLC) program in Idaho.

21st CCLC is authorized under Title IV, Part B, of the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA) of 2015.

The program supports the creation of community learning centers that provide academic and enrichment opportunities during non-school hours for children, primarily those who attend high-poverty and low-performing schools. The program helps students meet challenging state academic standards and local academic standards.

The purpose of 21st CCLC is three-fold:

1. Provide opportunities for academic enrichment. Including providing tutorial services to help students, particularly students who attend low-performing schools, to meet the challenging State academic standards (ESSA, Sec. 4201(a)(1));

2. Offer students a broad array of additional services, programs, and activities, such as youth development activities, service learning, nutrition and health education, drug and violence prevention programs, counseling programs, arts, music, physical fitness and wellness programs, technology education programs, financial literacy programs, environmental literacy programs, mathematics, science, career and technical programs, internship or apprenticeship programs, and other ties to an in-demand industry sector or occupation for high school students that are designed to reinforce and complement the regular academic program of participating students; and (ESSA, Sec. 4201(a)(2)); and

3. Offer families of students served by community learning centers opportunities for active and meaningful engagement in their children’s education, including opportunities for literacy and related educational development (ESSA, Sec. 4201(a)(3)).

In order to maximize federal funds and ensure that quality programs with a high need are funded, the SDE hosts a grant competition for eligible entities (ESSA, Sec. 4204(b)). The SDE selects eligible grants through a rigorous peer review process, which consists of stakeholders from all regions of Idaho with experience in youth development, education, grant reviewing, and/or similar programming (ESSA, Sec. 4204(e)).
Rational

The SDE is responsible for evaluating the effectiveness of programs and activities operated by the subgrantee, which includes data collection of measurements that:

- Align with the regular academic program of the school and the academic needs of participating students (ESSA, Sec. 4203(a)(14)(A));
- Track student success and improvement over time (ESSA, Sec. 4203(a)(14)(A)(i));
- Include State assessment results and other indicators of student success and improvement, such as improved attendance during the school day, better classroom grades, regular (or consistent) program attendance, and on-time advancement to the next grade level (ESSA, Sec. 4203(a)(14)(A)(ii));
- For high school students, may include indicators such as career competencies, successful completion of internships or apprenticeships, or work-based learning opportunities (ESSA, Sec. 4203(a)(14)(A)(iii)).

21st CCLC grant awards are based on levels of service proposed in a grant application. As such, if objectives are not met the SDE reserves the right to reduce funding commensurate with the actual services being provided or terminate the grant entirely. The SDE is committed to supporting subgrantees not meeting requirements and objectives through technical assistance, support, and corrective action planning. A concerted effort will be made to assist subgrantees prior to any consequences being enacted.

To provide subgrantees cohesion, the policies and statewide objectives have been categorized by the six (6) sections found in *The Continuous Improvement Checklist*: safety, fiscal management, governance, program, school linkages and family, youth and community engagement.

The SDE evaluates each subgrantee’s risk of noncompliance with Federal statutes, regulations, and the terms and conditions of the subaward for purposes of determining the appropriate monitoring (2 C.F.R. §200.331(b)). Effective risk assessments allow the SDE to identify specific areas of non-compliance to provide: (1) training and technical assistance on program-related matters; (2) on-site reviews; and (3) agreed-upon audit procedures (§200.331(e)). In order to better assist subgrantees, the SDE will use three tiers for risk assessment: low risk, moderate risk and high risk.
Accountability

This document is intended to be read in conjunction with the authorized statutes, and applicable regulations that are relevant to the 21st CCLC Grant:

- Uniform Grant Guidance – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.
- The Administrator’s Handbook on EDGAR, 5th Edition
- Government Performance and Results Act (GPRA) – 21st Century GPRA Measures
- Idaho 21st CCLC subgrantee Guidance
- 21st CCLC Grant Application and related revisions / renewability applications

Statewide Objectives

As outlined in ESSA, in order to meet the measures of effectiveness of the program, which is monitored by the State educational agency, such a program shall be based upon an established set of performance measures aimed at ensuring the availability of high-quality academic enrichment opportunities (ESSA, Sec. 4205(b)).

The US Department of Education (ED) has established performance objectives as part of the Government Performance and Results Act (GPRA).

- **GPRA Objective 1**: Percentage of students in grades 4-8 participating in 21st CCLC programming during the school year and summer who demonstrate growth in reading and language arts and math on state assessments.
- **GPRA Objective 2**: Percentage of students in grades 7-8 and 10-12 participating in 21st CCLC programming during the school year and summer with a prior-year unweighted GPA of less than 3.0 who demonstrated an improved GPA.
- **GPRA Objective 3**: Percentage of students in grades 1-12 participating in 21st CCLC during the school year who had a school day attendance rate at or below 90% in the prior school year and demonstrated an improved attendance rate in the current school year.
• **GPRA Objective 4:** Percentage of students in grades 1-12 attending 21st CCLC programming during the school year and summer who experienced a decrease in in-school suspensions compared to the previous school year.

• **GPRA Objective 5:** Percentage of students in grades 1-5 participating in 21st CCLC programming in the school year and summer who demonstrated an improvement in the teacher-reported engagement in learning.

To coincide with these performance objectives, the Idaho 21st CCLC has established the following statewide objectives:

• **Academic:** provide opportunities for academic enrichment to students in high-poverty, low-performing schools.

• **Enrichment:** offer a broad array of additional services, programs, and activities that complement the regular school day.

• **Family Engagement:** offer families of student's opportunities for active and meaningful engagement in their children's education, including opportunities for literacy and related educational development.

• **Targeted Services:** target services to students who attend schools that (1) are implementing comprehensive support and improvement activities and (2) enroll students who may be at risk for academic failure, dropping out of school, involvement in criminal or delinquent activities, or who lack strong positive role models.

• **Continuous Improvement:** continuously improve operational efficiency to provide high quality programming for participants.

• **Summer Program:** provide academic enrichment opportunities to students during the summer months.

**STATEWIDE POLICIES**

The following sections are policies for 21st CCLC subgrantees. The sections have been split by the six (6) sections of the monitoring tool used by the State educational agency: *The Continuous Improvement Checklist.*
Safety

Programs provide safe, healthy and developmentally appropriate learning environments for all participants.

First Aid/CPR Certification
- Each center/site of 21st CCLC operation is required to have a minimum of two (2) staff certified in First Aid & CPR.

Emergency Management Plan
- All subgrantees are required to develop a formal, written emergency readiness plan that is specific and applicable to the afterschool program needs. It may be appropriate to reference school district’s or organization’s emergency plan but should be a customized plan for the 21st CCLC program. At a minimum, emergency plans must establish written procedures for:
  - Emergency protocols such as fire drill and lockdown; and
  - Emergency staffing plans.
  - Emergency plans to address programmatic, staffing, and health plans in the event of a pandemic.

Child Protective Act
- All staff are required to be trained in their obligation of reporting child abuse according to Idaho Code 16.1605. Subgrantees must document evidence of training. Examples of accepted evidence include but are not limited to: Staff handbooks, training agendas, sign in sheets, and entry into EZReports as PD.

FISCAL MANAGEMENT

Programs follow sound business principles, establish strong internal controls, and operate efficiently within the allotted and approved budget.

Budget Approval
- Subgrantees are required to submit a budget proposal for the upcoming fiscal year by May 30 of each program year.
• All project costs must be reasonable (2 C.F.R. §200.404), necessary, allocable (2 C.F.R. §200.405), and allowable (2 C.F.R. §200.420 - §200.475).
• Any costs that are unallowable and/or above the 7% equipment cap must be returned or reimbursed by the subgrantee.

Budget Definitions
• Personnel (2 C.F.R. §200.430): Costs incurred for employment people to meet the goals and objectives of program operations.
• Fringe Benefits (2 C.F.R. §200.431): Cost incurred that supplement an employee’s salary such as health insurance, retirement, PERSI, and so forth.
• Travel/Professional Development (2 C.F.R. §200.475): Costs incurred for employees to participate in training, professional development, and conferences. Costs may include travel, per diem, lodging, registration fees, conferences (2 C.F.R. §200.432), and other such costs.
• Supplies (2 C.F.R. §200.314 and 2 C.F.R. §200.453): All tangible personal property other than those described in equipment is a supply if the per-unit acquisition cost is less than $500.

All computing devices are classified as an equipment cost. Idaho 21st CCLC has a more restrictive equipment cost definition than what is outlined in Uniform Grant Guidance – EDGAR.
• Purchased Services: Costs incurred when purchasing a service, which includes contracts (§200.320) – a legal instrument by which the subgrantee purchases property or services needed to carry out the program project.
• Transportation: Costs incurred for the transportation of program participants to travel safely to and from the 21st CCLC site and off-site locations including academic enrichment activities and home. This may include mileage reimbursement, contracted bus driver services, and flat bus rates.

### Food Purchases
- Subgrantees are required to provide meals and snacks to students using the Child and Adult Care Food Program (CACFP) and other USDA Afterschool Snack Programs where applicable. Subgrantees are encouraged to seek other resources outside 21st CCLC grant funds for food expenses. For more information refer to the 21st CCLC Food FAQ Document.

### Afterschool Snack & Meals
- Typically, 21st CCLC grant funds may not be used for afterschool snack & meals, specifically if the targeted school meets the requirements (school is 50% or higher of free/reduced lunch enrollment) to be area eligible for afterschool snack programs.
- An overview of the Afterschool Snack Program can be found on the SDE’s [Child Nutrition Program Website](#).
- However, subgrantees may use 21st CCLC grant funds to cover snack when a target school:
  - Is not 50% or higher of free/reduced lunch, and
  - Has documentation of exhausting all other possibilities for afterschool snacks.
- Subgrantees that use 21st CCLC grant funds for snack purchases MUST:
  - Operate through their food service program; and
  - Be reimbursed according to the per student cost of the afterschool snack program.
  - Receive prior written approval from the SDE.
Staff Snack & Meals

- Subgrantees must adhere to the guidance provided by the US Department of Education: *Using Federal Grant Funds to Pay for Food* (EDGAR, 5th edition, 2020, p.256).
- Subgrantees are required to follow Idaho State Department of Education policy for all staff trainings and professional development:
  - The meeting has a published agenda and attendance is mandatory.
  - The meeting has an intended duration of six (6) hours or more as shown on the agenda.
  - There are five (5) or more attendees.
  - The meeting’s purpose is furthered by presentations or interpersonal exchange during the meal period, and the agenda clearly outlines the working meal(s).

- Food associated with business lunches, staff meetings, advisory board or staff lunches during day field trips are unallowable and will NOT be eligible for reimbursements.

Family Engagement Event Food

- It is allowable for subgrantees to purchase food for family engagement activities if they meet all of the following criteria:
  - The event is scheduled during typical breakfast, lunch or dinner hours and it is needed to encourage participation.
  - All food costs must be reasonable, necessary, allowable and allocable as defined by the Uniform Guidance in 2 C.F.R. §200.403-200.405.
  - Receive prior written approval from the SDE.

Time & Effort Requirements (2 C.F.R. §200.430(h)(8)(i))

- All employees who are paid in full or in part with federal funds must keep specific documents to demonstrate the amount of time they spent on grant activities. This also includes an employee whose salary is paid with state or local funds but is used to meet a required “match” in a federal program. These documents, known as time and effort records, are maintained in order to charge the costs of personnel compensation to federal grants.
Charges to federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

- Be supported by a system of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;
- Be incorporated into official records;
- Reasonably reflect total activity for which the employee is compensated, not exceeding 100% of compensated activities;
- Encompass both federally assisted and all other activities compensated by the LEA on an integrated basis;
- Comply with the established accounting policies and practices of the LEA; and
- Support the distribution of the employee’s salary or wages among specific activities or costs objectives.

Subgrantees that operate multiple grants are required to track and bill employee time and effort according to the specific award. However, to ease the burden on subgrantees, the SDE allows administration costs (such as program director, business manager, and other positions that have responsibilities that overlap between multiple grants) to track their time and effort as one cost objective (2 C.F.R. §200.28 and cross reference with U.S. Department of Education Guidance: Actions to Ease the Burden of Time and Effort Reporting (Sep. 7, 2014)).

The SDE recommends that subgrantees reflect on accurate percentages that will be charged to the awards for administration.

Annual Audit

- All 21st CCLC sites are required to implement a financial audit on an annual basis. Non-LEA entities must provide the SDE with all audit findings, reports, and materials.

The auditor shall be employed on written contract. The awarded 21st CCLC Program shall be required to include in its annual budget all necessary expenses for carrying out the provisions of this section.
• The entity shall file one (1) copy of each completed audit report with the SDE, 21st CCLC Office within three (3) months after the end of the audit period. The minimum requirements for any audit performed under the provisions of this section are:
  • The governing body of a local 21st CCLC subgrantee whose annual expenditures from 21st CCLC Funds exceed two hundred thousand dollars ($200,000) shall cause a full and complete audit of its financial statements to be made each fiscal year.
  • The governing body of a local 21st CCLC subgrantee whose annual expenditures from 21st CCLC funds are less than two hundred thousand dollars ($200,000) shall cause a full and complete audit of its financial statement to be made each even year of funding. Community Based Organizations may obtain a third-party financial review in lieu of a complete audit if their annual award is less than two hundred thousand dollars ($200,000).

• A physical inventory of the property must be taken and the results reconciled with the property records at least yearly.

• A physical inventory of the property purchased and retained over the five-year grant cycle must be submitted June 30th of the grants sunsetting year.

Maintenance of Equipment (2 C.F.R. §200.313(d)(4))

Participant Attendance

- Subgrantees must adhere to the fundamental program requirements by serving the number of participants that was proposed in the original grant application. Either criteria below must be met each program year:

  - Average Daily Attendance (ADA)
    - Calculated in EZ Reports for school year and summer on the dashboard feature. Will divide your original grant application’s proposed target number of students to be served by the ADA in EZ Reports to find final percentage met.

  - Hour Band Attendance (minimum 90+ hours)
    - Calculated in EZ Reports for school year and summer on the dashboard feature. Will compare your original grant application’s proposed target number of students to be served to the ‘Students by Hours Attended’ report.

- Subgrantees will be evaluated on this progress two times per year: (1) mid-year and (2) end-year.

- Subgrantees that do not meet the benchmarks outlined for attendance may receive a reduction in funds to reflect the actual levels of operation. The SDE will provide notification and technical assistance within a reasonable timeframe before any reduction in funding or termination of grant is made. Furthermore, any reduction in funding will commence in the upcoming program year.
