

Operating Policies

Driver Education

IDAPA 08.02.02.004 All Idaho public Driver Education programs operated by a public school district must comply with the requirements found in the [Idaho Public Driver Education Program Manual](#).

4.9.2 Students shall be assessed in the following three areas: knowledge, skills, and attitude. A student who fails in any one of these three areas shall fail the entire course.

4.9.4 Successful completion for the course is earning a grade of 80% or higher.

1.4.1 Students may be removed from or fail a Public Driver Education program for reasons that include, but are not limited to, the following:

- 1.4.1.1 Not having purchased a permit before any instruction takes place.
- 1.4.1.2 Excessive tardiness or absences.
- 1.4.1.3 Attitude and/or behavior that detracts from safe driving or a positive driver education classroom environment.
- 1.4.1.4 Cheating (whether sharing or receiving answers or work without permission).
- 1.4.1.5 Violating Idaho’s laws regarding alcohol and other intoxicating substances during driver education, while driving or not.
- 1.4.1.6 Any violation of the driver education permit including driving without the instructor during the period of time the course is being offered.
- 1.4.1.7 Using a mobile or electronic device during instruction without the instructor’s permission.
- 1.4.1.8 A student in violation of any school or district policy shall not be permitted to enroll or complete driver education.

Failing a driver education course, no matter the age of student, will result in the permit becoming invalid. Another driver training permit must be purchased to take the course again. If the student is over the age of 17 and does not want to retake the course, an instructional permit must be purchased.

I understand and will comply with the policies above.
