January 2021

NNU Instructor Course starting January 18, 2021

- Many districts are in dire need for more Driver Education instructors to hire. Spread the word to teachers interested. We have
- changed the hour requirements to better fit Certified or Non-Certified teachers and programs using IDLA. There are stipends available to mentor teachers willing to help
- new instructors become certified. Please contact [Emily Kormylo](#) for more details. [Click here](#) to register.

Don't let your physical expire!

You cannot teach driver education without a current physical on file. The pandemic is making it harder to schedule doctor appointments, so please plan well in advance of your expiration date. If you are unsure when your physical expires, email ekormylo@sde.idaho.gov. Here is a link to the [Medical Examination Form](#) available on our [website](#).

The updated Parent Supervised Driving Booklets are at the warehouse and ready to be distributed. Please make sure that each parent is given one of the booklets. They are **not** available at most DMV offices. It is filled with helpful teaching tools that will assist parents in guiding their new student drivers to be safe and successful on the roadways. If you would

like to have copies sent to your school, please email ekormylo@sde.idaho.gov with the amount you need and a physical mailing address. They are in boxes of 150, but you can request as few or many as you want. The booklet is also available in [PDF form](#) online. Check out their website at <https://www.edrivermanuals.com/idaho/>.

2021 Professional Development Option:

This is a great year to try out a membership to ADTSEA. For \$50 you will become a member and have access to National presentations that would normally only be available if you traveled to the conference. It would typically cost you

MEMBERS-ONLY WEBSITE

many times this amount to pay for conference fees, travel, lodging, and meals. Since ADTSEA is unable to hold live conferences this year as well, they have moved them to a more accessible (and affordable) format—online. I would encourage you to take a look at some of the presentation options available by really incredible speakers. Another bonus to becoming a member, is that these presentations also count towards your Professional Development in Idaho. For more information, visit www.adtsea.org.
