June 2020

## I'M BACK!!

After a two month absence for emergency open heart surgery due to blood clots, I have started working part-time again. I appreciate the help Eric and my team provided to the Driver Education program while I was away. It is going to take me a few weeks to get familiarized with all the events that happened, so I ask for your patience. My first priority is to get Annual Program Packets approved and help process reimbursements for this fiscal year. If you have questions call me at 208-249-2798 or email me at [ekormylo@sde.idaho.gov](mailto:ekormylo@sde.idaho.gov). It is so good to be back!

8 hours of Professional Development are required to become certified for the 2020-2021 fiscal year beginning July 1st. Due to the conferences being canceled, Eric Studebaker sent out a email with training options that will qualify for PD hours. Please complete the [I Drive Safely Course](#) and the [QPR Youth Suicide Prevention Gatekeeper Training](#). Send a copy or screen shot of your certificates of completion to [ekormylo@sde.idaho.gov](mailto:ekormylo@sde.idaho.gov). **Let's hope we can have in-person conferences next year!**

ANNUAL PROGRAM  
PLAN PACKET

Annual Program Plan Packets are due **before classes in July begin**. If you are holding a summer program this year, please get them in **ASAP**. Make a note of when your class will begin and I will try my hardest to get your approval so you can start on time.

## Memorial Day Weekend Marks Beginning of the 100 Deadliest Days

Please remind your students that the 100 days between Memorial Day and Labor Day are the most deadly. Idaho had 83 fatal crashes during June, July, and August of 2018. 90 people died and 390 had serious injuries resulting from those crashes.

**Drive Well Idaho.**

**Make sure all drivers have been issued an Idaho driver training permit prior to any behind-the-wheel instruction.**

## BE SAFE

**If your district has approved in-class and/or in-car driver education instruction, please use extra precautions to keep you and your students safe.**
