SCHOOL BUS DRIVERS

1000: ABS, DRIVING A SCHOOL BUS WITH, “COUNTING ON YOU”

Film shows good tips on driving a bus with an anti-lock brake system. (Copyright 1998)

1002: ACCIDENT, WHAT TO DO IN CASE OF AN ACCIDENT

Discusses the following steps to take at an accident scene, whether you're involved or not: (1) Protect the scene, (2) Assist injured persons, (3) Notify authorities, (4) Notify your company, and (5) Obtain information. (Copyright 1997)

1004: ACTIVITIES BUS, DRIVING THE

Helps the driver understand the added responsibilities of the planning requirements for activity bus operation.

1005: ALCOHOL AND SUBSTANCE ABUSE

Shows what to look for if someone around you is using drugs, someone who could seriously injure you in an accident. Explains in detail the symptoms of various drugs used. Motivates the viewer to support anti-drug programs in the work place. (Copyright 1994)

1007: BLOOD BORNE PATHOGENS FOR BUS DRIVERS

It's important to protect the lives of children while transporting them to and from school. This video will help ensure that bus drivers understand standard precautions that can prevent the spread of blood borne pathogens.

1008: BLUE BIRD SCHOOL BUS SEGMENT

Idaho Bus Sales, Inc. presents: Blue Bird Bus Segment from the History Channel's Modern Marvels: The History of Buses.

1009: BUS DRIVING TIPS

Film shows good tips ranging from pre-tripping your bus to the actual driving. Film distributed by Navistar International. (Copyright 1988)

1010: CHILDREN ARE OUR FUTURE

Newscast coverage in Columbus, Ohio of a bus accident filled with disabled students. Display of the E-Z ON vest with a 4-point anchor system worn by the students on the bus.

1012: CONDUCTING THE PARENT CONFERENCE

Discussion to help teacher and administrators promote parental cooperation when dealing with their child's behavior. (Copyright 1995)

1013: CONFIDENTIAL RECORDS TRAINING FOR SCHOOL BUS DRIVERS

Explains the legal and practical issues concerning confidential student information contained in education records. With this information, pupil transportation officials can work more closely with school administrators and special educators to ensure that their drivers have, and used correctly, the information needed to support safe, orderly, and efficient transportation for all students. (Copyright 1999)

1014: COUNTING ON YOU

General bus driving tips from pre-trip to post-trip inspection. Good overall review. (Copyright 1989)

1017: DRIVER DEVELOPMENT PROGRAM, SCHOOL BUS

A series of ten VHS cassettes covering all aspects of training the novice school bus driver. This program is required in the training of all new drivers (IDAPA Rule 08.02.G.41a). Individual titles of this set follow and are recommended for reinforcement of good driving skills. Individual titles may be requested by VHS number. (Copyright 1990)

1. School Bus Rules and Regulations Fundamentals of Driving
2. Basic School Bus Driving Techniques
3. Pre-trip School Bus Safety Inspection
4. School Bus Accident Procedures
5. Passenger Emergency
6. Use of Emergency Equipment
7. The Catastrophic School Bus Accident
8. School Bus Driver Readiness Test
9. School Bus Driver Readiness Test

1019: EMERGENCY EVACUATION, SCHOOL BUS

For drivers and supervisors. Explains how to make the drill safe for everyone. Shows how to prepare for the drill, getting out of the bus through all exits, where to go after exiting the bus, and procedures to make the scene more secure when outside the bus. (Copyright 1997)

1020: FATIGUE

Fatigue kills thousands of drivers. Fatigue may gradually become worse but not be noticed by the driver. This video describes causes of fatigue. Drivers will understand better how to recognize the signs of fatigue. Suggestions for reducing fatigue are given. (Copyright 1997)

1021: FIELD OF VISION

A video guide to proper school bus mirror adjustment in accordance with FMVSS-111. In conjunction with Dick Fischer, this video is intended to be used as a supplement to your existing driver training programs. (Copyright 1992)

1022: FIRE EXTINGUISHER TRAINING: USING THE P.A.S.S. PROCEDURE

Video discusses various types of fires and extinguishers. (Copyright 1997)

1024: FIRST AID ONE: FIRST ON THE SCENE

Question and answer format with examples. Video should be used for refresher training and supported with hands-on training. (Copyright 1997)

1025: FIRST AID TWO: INJURED VICTIMS

Question and answer format with examples. Video should be used for refresher training and supported with hands-on training.

1026: FIRST AID THREE: OUTSIDE FORCES

Question and answer format with examples. Video should be used for refresher training and supported with hands-on training.

1027: FIRST AID FOUR: CRISIS RESPONSE

Question and answer format with examples. Video should be used for refresher training and supported with hands-on training.

1028: FIVE STEPS TO SAFETY (PROTECTION FROM INFECTIOUS DISEASES)

Proper procedures for using a body fluid clean up kit to protect drivers from infectious diseases.

1031: FOX RIVER GROVE ACCIDENT

Replica of the October 25, 1995 Fox River Grove incident.

1034: GUARDING AGAINST INFECTION

Anyone can be carrying a deadly virus. It is critical that everyone knows how to protect themselves from contagious and potentially serious diseases. This video explains the OSHA rules regarding universal precautions. (Copyright 1996)

1036: HEADS UP AT THE WHEEL: HOME SAFE

Presentation on staying awake while driving. (Copyright 1996)

1037: SCHOOL BUS HIJACKINGS: THE PREVENTION TRAINING VIDEO

Learn how to detect signs of potential hijackers, react appropriately to those signs, and maintain the safety of the children. (Copyright 1997)

1040: INTERVENTION STRATEGIES FOR SCHOOL BUS DRIVERS

1041: INTEGRATED CHILD RESTRAINT SEAT

Instructions on how to use the integrated child restraint seat, which makes the bus rides safer for small children and infant seats.

1042: INTERSECTIONS

Dangers are present at every intersection. Whether “controlled” or “open,” intersections require caution. The right of way rules applying at intersections, both written and unwritten, are explained. Also discusses how terrain and weather conditions and common courtesy can affect a driver’s decision as to when to accept that right of way. (Copyright 1997)

1044: MASTER OF TEACHER SERIES (7 VOLUMES)

This series of seven videos will help provide bus drivers with consistent direction and training for the many situations they will encounter beyond driving safety. It is not intended as a basic driving course, but rather a source of information and help for the most common people issues people faced by bus drivers today. (Copyright 2002)

- Volume 1: The Professional Bus Driver
- Volume 2: Establishing a Positive Environment on Your Bus
- Volume 3: Dealing with Severe Disruptions
- Volume 4: Engaging the Support of School Administration

- Volume 5: The Role of the Bus Driver in Public Relations
- Volume 6: A Positive Attitude/Taking Care of Yourself
- Volume 7: Handling Students with Special Needs

1046: MIDDLE SCHOOL CHILD AND DISCIPLINE

Presentation given by Dr. Michael Moody during the 1992 Transportation Supervisor's Workshop in Idaho Falls.

1047: MINNESOTA SCHOOL BUS DRIVERS DEVELOPMENT SERIES (6 VOLUMES)

- Volume 1: Pre-Trip Inspection:
 - Demonstrates a good pre-trip inspection.
- Volume 2: Emergency Procedures
 - How to hand breakdown emergencies and accidents.
- Volume 3: Fundamentals of Bus Driving
 - Shows how a school bus differs from an automobile and provides the basic techniques needed to safely drive a school bus.
- Volume 4: The Ghosts of Crossing Grade X
 - Depicts what can happen at railroad crossings and how to avoid a collision with a train from a ghost's viewpoint.
- Volume 5: School Bus Emergency Evacuation
 - Proper procedures for bus evacuation including what students should do if the driver is incapacitated.
- Volume 6: Are You Reading Me?
 - Covers road sign and the importance of reading them.
- Volume 7: Children in Traffic
 - Deals with how children perceive traffic and various traffic situations.
- Volume 8: Freeway Driving
 - Good video for rural schools that take field trips to the city plus metropolitan schools.
- Volume 9: Sharing the Road with Big Trucks
 - Video uses trucks and cars for reference, but is a good video for dealing with trucks in the city, on the freeways, two-lane highways and mountains.

1049: NIGHT DRIVING

The loss of light always makes night driving more dangerous. In the distance you see only lights, reflections and shadows. Not only are the conditions worse, more impaired drivers are out at night. A driver must be ready to make the most of the light that is available. (Copyright 1995)

1051: PASSING: CHANGING LANES

Every pass, every lane change, exposes the driver to danger. When should you do it and how should you do it legally and safely. Offers strategies for travel on multi-lane highways and for travel in two-way traffic. (Copyright 1997)

1053: PRE-TRIP INSPECTION SCHOOL BUS

Pre-trip inspection of a school bus is a federal requirement. This film shows how to check dashboard instruments, air brakes, lists and emergency equipment, plus under the hood items. During a circle tour of the bus, the driver is taught to check mirrors, wheels, tires, brake lights, flashers and turn signals. A condensed version of a complete brake system check is also presented.

1054: PRECISION BACKING – TRANSIT (BEHIND-THE-WHEEL)

Video discusses precision backing techniques for large school buses. Also discusses mirror usage and adjustments. (Copyright 1997)

1055: PRECISION RIGHT AND LEFT TURNS – SMALL BUSES (BEHIND-THE-WHEEL)

Video uses a small school bus and goes through both rounded and sharp turn using reference points. (Copyright 1997)

1056: PRECISION RIGHT AND LEFT HAND TURNS – TRANSIT (BEHIND-THE-WHEEL)

Video uses a large school bus and goes through both rounded and sharp turn, using reference points. (Copyright 1997)

1058: PRE-TRIP INSPECTION AND BRAKE TEST – TRANSIT (BEHIND-THE-WHEEL)

Video uses a large school bus and goes through the pre-trip inspection and brake test. (Uses a California bus with red loading lights only). (Copyright 1997)

1060: RAILROAD CROSSINGS

The potential for a deadly accident exists at any railroad crossing. A train in motion can take over a mile to stop. A driver must be alert to the hazards that exist so that the bus and its passengers are never in danger.

1061: SAFE DRIVING PRINCIPLES

Presents examples of many potential driving hazards a school bus drivers faces during a daily run and how to prepare for them.

1062: SAFE FOLLOWING DISTANCE

Tailgating causes thousands of preventable accidents. The two second/four second and vehicle length rules are explained. Additional information shows how changing conditions affect safe following distance: weather, road condition, traffic congestion, wind resistance and vehicle speed. (Copyright 1997)

1063: THE SAFEST WAY OUT, DRIVER VERSION

Shows drivers how to properly prepare for and conduct an emergency school bus evacuation. Demonstrates how to assist children in evacuating the bus quickly, how to use all types of

emergency exits, and how to secure the scene once the bus has been evacuated. (Copyright 1997)

1064: SAFETY GUARD CROSSING ARMS AND STOP ARMS

Demonstrates benefits of safety crossing control arms and stop arms. Specialty manufacturing Co., Inc., Charlotte, North Carolina.

1066: SCHOOL BUS DRIVERS: POSITIVELY IN CONTROL

This will help teach your driver's that with a quick attitude check before boarding the bus, they can manage students, operate safely and efficiently and be positively in control. Other training tips include correct examples of preventative measures drivers can take to improve the safety of students and ensure safe bus operations.

1069: SCHOOL BUS PASSENGERS: AROUND THE BUS

Nearly one-third of the student fatalities in school bus accidents result from students being hit by the bus they ride. Describes the actions required of the bus driver to make sure the students load and unload safely. Explains how, when and where the vehicle should be stopped and where it should not be stopped. Emphasized is communication with the passengers and with other motorists. (Copyright 1993)

1070: SCHOOL BUS PASSENGERS: ON THE BUS

The school bus driver must have control over the bus and passengers. When there are passengers, smooth driving is a safety item. Explained are rules for handling the equipment as well as requirements for dealing with passengers. The driver who has a good attitude and knows what to do at all times, including emergencies, will have the best driving record. (Copyright 1993)

1071: SCHOOL BUS SAFETY – BUS STOPS AND DANGER ZONES

A film presentation on student school bus safety featuring segments on danger zones, safety at the school bus stop and front – cross procedures.

1072: SHELLEY SCHOOL DISTRICT #60

1997 Idaho State Police Ride Along and School Bus Safety.

1076: TIRES, “THE CRITICAL FACTOR”

Tire blowout by Michelin. (Copyright 1998)

1078: VIOLENCE PREVENTION

Consists of manual and two videos. Manual can be sent PDF file by email.

- Video 1: A Vision of Hope – Preventing Violence
 - Examines our culture of violence and ways we can reverse its rising tide to create safe and healthy communities.
- Video 2: Preventing Violence – Hope in Action
 - Demonstrates how people from all walks of life and various circumstances are working together to improve the lives of youth and the health and safety of their communities. (Copyright 1997)

1080: WATCHING OUT

A fundamental that is most basic to safe driving is knowing how to use the eyes so that you can be alert to changing conditions. Proper use of the eyes must become a habit, keeping the eyes moving, recognizing and avoiding distractions, being alert for “blind spots” and properly aiming in the distance. (Copyright 1997)

1081: WHO'S LIABLE?

Have any of your drivers ever asked the question: "If I have an accident which seriously injures another person or causes substantial damage to someone's property, how well am I protected against a liability suit?" This program provides the answer to complicated legal issues including the four conditions that have to be met to prove liability duty, breach of duty, cause and damage or injury. Examples of actual court cases help drivers understand these terms and how they apply when determining the fault in case of an accident. The program also covers the potential for personal fault or liability by the driver.

1083: YOU CAN MAKE A DIFFERENCE

Presentation of Dr. Clifford M. Lee at the 1992 Idaho Pupil Transportation Conference.

1084: YOU AND YOUR BUS - A PERFECT FIT

Video used in Idaho's Train the Trainer programs. Based on the nationally acclaimed Dick Fischer Driver Training Program. (Copyright 1997)

1085: ACCIDENT PROCEDURES

This training program is designed to serve as basic training for new school bus drivers and refresher, or post-incident, training for veterans. This teaches the driver to have a proper, thorough procedure to follow at the scene of a crash. (Copyright 2003)

1087: DEFENSIVE DRIVING

The main objective is to instruct drivers on the critical elements of defensive driving. A secondary objective is to establish an internal alarm system in drivers that causes them to constantly drive defensively and anticipate hazards. (Copyright 2003)

1088: DRIVING TECHNIQUES

The main objective is to establish an internal alarm system in drivers that causes them to constantly, even subconsciously, drive defensively and anticipates hazards. Also, to instruct all drivers on the critical elements of safe driving techniques. (Copyright 2003)

1089: EMERGENCY MANEUVERS

The main objective is to instruct all drivers of the critical elements of emergency maneuvers. Also, to establish an internal alarm system that causes them to constantly know when and how to use evasive maneuvers to handle a driving emergency. (Copyright 2003)

1091: PASSENGER SAFETY

This training program is designed to serve as basic training for new school bus drivers and refresher, or post-incident training for veterans. The main objective is to cause drivers to watch out for their passenger's safety and to demonstrate techniques that drivers can use to ensure students' safety. (Copyright 2003)

1092: SEEING HAZARDS

This is used to instruct drivers on the critical elements of seeing hazards. Establishes an internal alarm system that causes them to constantly know when and how to use evasive maneuvers to handle seeing hazards.

1093: USING YOUR MIRRORS

This training program is designed to serve as basic training for new school bus drivers and refresher, or post-incident, training for veterans. The main objective is to instruct all drivers of the critical elements of properly adjusting and using their mirrors. A secondary objective is to establish respect for the importance of mirrors in helping drivers maneuver their vehicles safely. (Copyright 2003)

1094: VEHICLE INSPECTIONS

The main objective of this video is to provide training to all school bus drivers on the importance of implementing and maintaining a proper, thorough vehicle inspection process, and to follow that same process every time they inspect their bus. (Copyright 2003)

1095: DEFENSIVE DRIVING SKILLS FOR SCHOOL BUS DRIVERS

What should a bus driver do when their bus is descending a hill too quickly? How do you retain control of a bus following a blowout? When driving in sleet or snow, what should a bus driver be looking for? What are the differences between driving at night, versus driving during the day? How can a driver avoid blind spots when approaching or leaving a loading zone? These are only a few of the issues this video addresses. Ideal training tool for any level of bus drivers.

1096: HOW TO CONTROL BULLYING ON THE SCHOOL BUS DVD

This video discusses preventative techniques in order to avoid bullying. Some of the techniques include the consequences of bullying, the need to pay attention to student feedback regarding bullying, how to combat bullying by using a team effort, and getting school officials involved. Also, the video goes over early signs for the driver indicating when a student might be being bullied.

1097: HOW TO PREVENT VIOLENCE ON THE SCHOOL BUS DVD

The DVD goes over the more serious violent situations, i.e., bringing a gun onto the school bus and the possibility of hijacking. Each situation is provided with a scenario and a correct response, along with intermittent breaks to discuss how a bus driver might handle the situation.

1098: INTERVENTION STRATEGIES FOR SCHOOL BUS DRIVERS DVD

This DVD presents different scenarios of student behavior from not listening to direction from a school bus driver to fights between students on the school bus. The DVD goes over the incorrect way to the correct way, to gain respect and trust from the students. It also shows positive methods, and indicates how those can be more effective than using negative ones.

1099: BEST PRACTICE SERIES

- Volume 1: [If Buses Could Talk – The Importance of Staff Moral](#)
 - This humorous but thought provoking video imagines what buses might say about their drivers if they could talk in regards to driving skills morale with the effects of gossip. This video will get drivers and other transportation staff laughing, talking, and thinking about the relationship between morale, professionalism, and safety. (Copyright 2003)
- Volume 2: [Someone Who Made a Difference – A Key Role of Bus Attendants](#)
 - This moving story about a student reflecting how a bus attendant touched her life during a very difficult period demonstrates what a powerful positive influence bus attendants and bus drivers can have upon children in today's troubled world. This video will stimulate discussion and reflection in your frontline transportation staff about attitude, professionalism and caring. (Copyright 2003)

1102: BACKING UP PROCEDURES FOR SCHOOL BUS DRIVERS DVD

Backing up is one of the most difficult maneuvers a bus driver must perform. This video outlines the various types of back up methods drivers must use and demonstrates how to do each one safely. Topics covered include: Straight backing, serpentine backing, sharp crossing back over and stall backing.

1103: FIRST AID TRAINING FOR SCHOOL BUS DRIVERS DVD

When a medical issue occurs on a school bus, bus drivers must learn what actions to take. This compelling video details the legal liabilities involved in treating students how to create an effective action plan for first aid treatment and highlights the most important areas of fist aid safety to insure your drivers know what to do in these situations: Blood borne pathogens exposure, moving injured students, bleeding and shock, limb injuries, spinal injuries, and Epi-pen and seizures.

1104: HOW TO CONTROL EXTREME BEHAVIOR ON THE SCHOOL BUS

There is a simple but important message in this video. The bus driver must stay in control of the bus at all times. During the course of this video multiple re-enactments of severe behavioral issues are examined. This video is a dynamic training program for bus drivers as well as students. We examine preventative steps bus drivers take when confronted with extreme behavior. Clear guidelines show that the bus driver must always stay in charge. In addition we emphasize the importance of early intervention and communication with the school team. **DVD**

1105: ACCIDENT – MAKE SECONDS COUNT DVD

This video re-enacts in dramatic detail the actions that school bus drivers must take following a serious school bus incident. This program can be used to help prepare school bus drivers to understand the most important steps that every driver must implement in order to save the lives of serious injured students.

1106: DANGER ZONE DVD

Danger zones are the areas around your bus where pedestrian accidents are most likely to happen. You have to be particularly vigilant about these areas when loading or unloading the bus and before moving whenever you've been stopped around pedestrians, children or adults. It's your responsibility to protect your danger zones. In this course you'll learn where the danger zones are and tips for making sure no children enter them.

1107: CONTROLLING NEW AGE BULLYING IN SCHOOLS DVD

Bullying has evolved from a rite of passage to a major social problem. School bus drivers, teachers, administrators and all school employees are faced with this problem. The video is designed to show effective techniques to change students behavior and make school employees part of a campus wide team that assertively works to solve this problem. Includes reference guide, test, and certificate CD. (Copyright 2012)

1108: LOADING ZONES: A SPLIT SECOND AROUND YOUR SCHOOL BUS DVD

This video gives a complete 360 degree look around the school bus; we freeze time to show what types of potential problems the school bus driver must be aware of. A visually stimulating DVD to teach drivers how to avoid accidents. (Copyright 2010)

1109: DRIVER'S GUIDE TO SCHOOL BUS CROSSING DVD

A perfect video to show how students are to exit the school bus; where they would walk and wait for the driver to wave them across the street and the importance to paying attention to commands of the school bus driver. Includes reference guide, test and certificate CD. (Copyright 2011)

1110: HOW TO SAFELY EVACUATE A SCHOOL BUS DVD

When safety is measured in seconds, bus drivers must know how to get students safely and quickly off their bus. Drills for rear doors, side door and split door evacuations are demonstrated. Includes reference guide, test, and certificate CD. (Copyright 2002)

1111: SAFETY AWARENESS FOR SCHOOL BUS DRIVERS DVD

This video will acquaint bus drivers with many of the most important safety issues that face school bus drivers. (Copyright 2003)

1112: SCHOOL TRANSPORTATION SECURITY AWARENESS DVD

It's difficult to imagine the possibility that our school buses could become the targets of a security threat. School buses have been and will continue to be targets of those who use violence to promote their agendas. This DVD consists of a simulated school bus hijacking. By applying the awareness and knowledge you will gain in this training program you can reduce the threat of security incidents on school buses. What about your school system? How do you think the story would end if a similar incident occurred on one of your buses?

1113: IMPACT: AFTER THE CRASH DVD

A documentary that explores the horrific Carrolton Kentucky bus crash of May 14, 1988, which killed twenty seven people, mostly children, and injured nearly three dozen others, making it the worst drunk driving related crash in U.S. history. The Kentucky tragedy became nationally known, not only because of the devastation it caused, but also because this incident gave prominence to the then fledging national anti-drunk driving organization, Mothers Against Drunk Driving.
