

# 504 FUN FACTS

## Updates on EDPlan 504 Plans and New State Resources for the 2025–2026 School Year

As we begin the 2025–2026 school year, districts should be aware of an important change regarding the use of EDPlan for Section 504 Plans. **The EDPlan 504 Plan module is no longer being offered free of charge.** Districts that wish to continue utilizing EDPlan for 504 Plan management will need to contact EDPlan directly to inquire about pricing and implementation options.

Although EDPlan support will now require a paid subscription, the **Idaho Department of Education remains committed to providing free, high-quality resources** to assist districts in fulfilling their responsibilities under Section 504 of the Rehabilitation Act.

You can access these resources on the Idaho Department of Education's [Anti-Discrimination \(Section 504\) topic page](#). The page includes:

**A comprehensive Practice Guide** for Section 504 implementation

**Sample forms** for accommodation plans and notices

**Reference tools and written guidance**

These materials are designed to assist school administrators, counselors, teachers, and other staff in providing legally compliant and educationally sound accommodations to students with disabilities.

We encourage all districts to explore the resources on the website and integrate them into their district Section 504 practices. If your district is interested in continuing with EDPlan for 504 services, please reach out to their team directly to discuss licensing and cost.
