**DESCRIPTIVE SUMMARY AND STATEMENT OF PURPOSE:** The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principal issues involved:

Idaho Content Standards describe what Idaho students should know and be able to do at each grade level in certain content areas. These proposed rule changes reflect the standard practice and expectation that the Idaho State Department of Education will convene a review committee of Idaho educators to review and make revisions when needed to the Idaho Content Standards on a rotating basis

---

every six (6) years. This helps ensure that these standards remain the most effective and up to date available because they form common learning expectations. Instruction meeting these expectations as a minimum is the responsibility of each local public school district. The changes proposed in each of the content areas up for review reflect the work of the review committees with input from Idaho stakeholders.

Idaho Content Standards up for review include Science, Driver Education, and Information and Communication Technology. The incorporated by reference documents will be updated and will reflect the new approval date by the State Board of Education.

In 2017, the Idaho Legislature approved new science standards as temporary by concurrent resolution. The State Department of Education is going to use the new approved standards as a baseline for permanent science standards to be taken to the legislature in 2018. This will allow the standards to be opened up for negotiated rulemaking for further public comment to amend the rejections by the legislature.

**CONTACT INFORMATION, WEB ADDRESS, ASSISTANCE ON TECHNICAL QUESTIONS, AND SUBMISSION OF WRITTEN COMMENTS:** For assistance on technical questions concerning this negotiated rulemaking, contact Scott Cook, Director of Academic Services, Support and Professional Development, at (208) 332-6927 or [scook@sde.idaho.gov](mailto:scook@sde.idaho.gov).
