- Undecided
- Career and/or Technical Education
- Community College
- Four-year College
- Graduate School

#### Ethnicity

#### Race

#### Person with Disability

- Yes
- No

### Parent/Legal Guardian Certification

By your child applying to the project, you are acknowledging the following:

- My Child is applying to the 11th Grade AEROSPACE program Idaho Science and Aerospace Scholars
- I give permission for my student to submit the Idaho Science and Aerospace Scholars application and participate in the on-line community.
- The submission of this application is voluntary and I have reviewed and approved my student's responses.
- I give permission for the releases of my child's name, mailing address and school to my child's U.S. and/or State Senators and Representatives.
- I give permission for the release of my child's name, school, city, and state for purposes of project participation press releases.
- The responses submitted on this application are true, complete, and correct to the best of my knowledge and belief and are made in good faith. I understand that a knowing and willful false statement on this application will forfeit my child's participation in the project.
- My child is personally responsible for submission of required online assignments and final project; adhering to the due dates posted on the website.
- This program is open to U.S. citizens. Permanent residents may apply for the online course; however, NASA security restrictions typically preclude non-citizen participation in the summer academies.
- All assignments, including the final product, will be completed using the honor system.
- Online assignments will be graded by certified teachers using the rubric(s) posted on the website.
- Students will be selected for the online course experience based on the following criterion: completion of application by the deadline, Essay content, GPA/Class status, completion, and timeliness.
- Should my child be selected for the online course experience, student will be available to participate. Refer to the [program website](#) for course dates.
- If my child participates, project representatives will contact my child up to six years beyond participation to learn of his or her college and career plans. This will be done via email, mail or phone. This information will be used to assist project representatives in determining the impact of the project. I understand personally identifiable information will not be disclosed.
- Efforts will be made to ensure geographic diversity of selected applicants.

An email will be sent to the student and parent/legal guardian's email, confirming the student's application.

- I acknowledge
